INDEPENDENT AUDITOR'S REPORT

Louisiana Real Estate Appraisers Board Office of the Governor State of Louisiana Baton Rouge, Louisiana

We have audited the accompanying basic financial statements of the Louisiana Real Estate Appraisers Board, a component unit of the State of Louisiana, as of and for the year ended June 30, 2007, as listed in the table of contents. These basic financial statements are the responsibility of the management of the Louisiana Real Estate Appraisers Board. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Louisiana Real Estate Appraisers Board as of June 30, 2007, and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted primarily of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with Government Auditing Standards, we have also issued our report dated August 27, 2007, on our consideration of the Louisiana Real Estate Appraisers Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the Louisiana Real Estate Appraisers Board's basic financial statements taken as a whole. The accompanying supplemental information listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of the Louisiana Real Estate Appraisers Board. Such information has been subjected to the audit procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LOUISIANA REAL ESTATE APPRAISERS BOARD Office of the Governor State of Louisiana Management's Discussion and Analysis

The management's discussion and analysis of the Louisiana Real Estate Appraisers Board's financial performance presents a narrative overview and analysis of the board's financial activities for the year ended June 30, 2007. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the additional information contained in the transmittal letter and the board's financial statements.

FINANCIAL HIGHLIGHTS

The Board's assets exceeded its liabilities at the close of fiscal year 2007 by \$172,870. Net assets decreased by \$57,232 (or 24.9%).

The Board's revenue decreased by \$8,811 (or 2.9%).

OVERVIEW OF THE FINANCIAL STATEMENTS

The Louisiana Real Estate Appraisers Board's financial statements are comprised of the basic financial statements and the notes to the financial statements. In addition to the basic financial statements and the accompanying notes, other information in this report presents certain supplementary information required by legislative resolution. The basic financial statements are designed to provide readers with a broad overview of the board's finances in a manner similar to a private sector business.

Basic Financial Statements

The basic financial statements of the Louisiana Real Estate Appraisers Board presents financial information for the board as a whole, in a format designed to make the statements easier for the reader to understand. The statements of this section include the Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows.

The <u>Statement of Net Assets</u> (page 8) presents the current and long-term portion of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the board is improving or deteriorating.

The <u>Statement of Revenues, Expenses, and Changes in Net Assets</u> (page 9) presents information showing how the board's assets changed as a result of current year operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The <u>Statement of Cash Flows</u> (pages 10) presents information showing how the board's cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income to net cash provided by operating activities (indirect method) as required by GASB 34.

FINANCIAL ANALYSIS OF THE BOARD

Statement of Net Assets as of June 30, 2007 and 2006

Current and other assets	<u>2007</u> \$ 230,426	<u>2006</u> \$ 383,853
Total assets	230,426	383,853
Current liabilities	41,125	150,170
Non-current liabilities	16,431	3,581
Total liabilities	57,556	153,751
Total net assets	\$ 172,870	\$ 230,102

The net assets are unrestricted and do not have any limitations for what these amounts may be used.

Net assets of the Board decreased by \$57,232, or 24.9%, from June 30, 2006 to June 30, 2007. A major cause of this decrease is the increase in the percentage paid to the Louisiana Real Estate Commission for the Board's share of personal services expenses.

Statement of Revenues, Expenses, and Changes in Net Assets for the year ended June 30, 2007 and 2006

	<u>2007</u>	2006
Operating revenues	\$ 241,085	\$ 236,695
Operating expenses	(351,801)	(214,022)
Operating income (loss)	(110,716)	22,673
Non-operating revenues(expenses)	53,484	66,685
Increase (decrease) in net assets	\$ (57,232)	\$ 89,358

The Board's total revenues decreased by \$8,811 or 2.9%. The total cost of all programs and services increased by \$137,779 or 64.4%.

BUDGET

The annual budget was approved by the board at the December 19, 2005 meeting.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Louisiana Real Estate Appraisers Board is a component unit of the State of Louisiana created under the provisions of Louisiana Revised Statute 37:3391 - 3413, within the Office of the Governor, and is domiciled in East Baton Rouge Parish. The Board consists of nine members appointed by the governor. The members may receive a per diem not to exceed \$50 per meeting or day spent on business of the Board, plus travel expenses. Employees of the Louisiana Real Estate Commission perform the administrative and accounting functions of the Board.

The Board is charged with the responsibility of regulating the issuance of real estate appraiser's certifications. Operations of the Board are funded through self-generated revenues.

Basis of Presentation

The accompanying financial statements have been prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and financial reporting standards.

Reporting Entity

GASB Codification Section 2100 has defined the governmental reporting entity to be the State of Louisiana. The Board is considered a component unit of the State of Louisiana because the state exercises oversight responsibility in that the governor appoints the Board members and public service is rendered within the state's boundaries. The accompanying financial statements present only transactions of the Louisiana Real Estate Appraisers Board. Annually, the State of Louisiana issues basic financial statements, which include the activity contained in the accompanying financial statements.

Fund Accounting

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Basis of Accounting

The accounting and financial reporting treatment applied to the Board is determined by its measurement focus. The transactions of the Board are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the Statement of Net Assets.

Budget Practices

Annually, the Board adopts a budget as prescribed by Revised Statute 39:1331-1342. The budget for the fiscal year ended June 30, 2007, was adopted on December 19, 2005, and is generally prepared on the modified accrual basis of accounting. Although budget amounts lapse at year end, the Board retains its unexpended net assets to fund expenditures of the succeeding year.

Cash

Cash includes demand deposits. Under state law, the Board may deposit funds in a fiscal agent bank organized under the laws of the State of Louisiana, national banks having their principal offices in the State of Louisiana, in savings accounts or shares of savings and loan associations and savings banks, and in share accounts and share certificate accounts of federally or state chartered credit unions.

Compensated Absences

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits. Compensated absences at June 30, 2007 are computed in accordance with GASB Codification Section C60, and are recognized as an expense and liability in the financial statements when incurred.

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned. Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employee's hourly rate of pay at termination or transfer. Compensatory leave is computed in accordance with GASB Codification Section C60.105, and is recognized as an expense and liability in the financial statements when incurred.

Net Assets

Net assets comprise the various net earnings from operation, non-operating revenues, expenses, and contributions of capital. Net assets are classified as unrestricted net assets due to the fact that no constraints have been placed on them.

NOTE 2 - CASH

At June 30, 2007, the Board has cash (book balances) totaling \$40,828 in non-interest bearing demand accounts, and \$189,598 in interest bearing demand accounts. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent banks. The fair value of the pledged securities plus the federal security must at all times equal the amount on deposit with the fiscal agents. At June 30, 2007, the Board has \$223,086 in deposits (collected bank balances) that were 100 percent insured or collateralized with securities held by the Board or its agency in the Board's name.

NOTE 3 - RETIREMENT SYSTEM

Substantially all employees of the board belong to the Louisiana State Employees Retirement System, a single employer defined benefit pension plan. The System is a statewide public employee retirement system and is available to all eligible employees. The System publishes annual financial reports that include detailed historical, financial, and actuarial information.

All full time board employees are eligible to participate in the System. Benefits vest with 10 years of service. Generally, at retirement age, employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months average salary multiplied by their years of credited service, except for members eligible to begin participation in the Defined Benefit Plan (DBP) on or after July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years of creditable service. Final average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

Vested employees eligible to participate before July 1, 2006 are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of services, or (c) age 60 with 10 years of service. In addition, vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after July 1, 2006 have only a single age option. They cannot retire until age 60 with a minimum of ten years of service.

The System also provides death and disability benefits. Benefits are established or amended by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000.

Members are required by state statute to contribute 7.5% of gross salary, and the Board is required to contribute at an actuarially determined rate as required by Revised Statute 11:102. The Board's contribution rate for fiscal years ended June 30, 2007, 2006, and

2005 were 19.1%, 19.1%, and 17.8%, respectively, of annual covered payroll. The Board's contributions to the System for the years ending June 30, 2007, 2006, and 2005 were \$8,015, \$7,695, and \$6,776, respectively, which are the required contributions for each year.

NOTE 4 – POSTEMPLOYMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

The Board has no retired employees for whom it is paying postretirement benefits.

NOTE 5 – LEASE AND RENTAL COMMITMENTS

The Board has continuing obligations for operating leases at June 30, 2007 as follows:

Fiscal Year Ending	<u>Offi</u>	<u>ce Space</u>
June 30, 2008	\$	16,200
June 30, 2009	\$	3,915

Lease and rental expenses for the year ended June 30, 2007 totaled \$17,595. The Board has no capital leases.

NOTE 6 – PAYABLES

At June 30, 2007, the Board had payables totaling \$10,288 as follows:

Accounts payable	\$ 2,396
Accrued wages payable	7,892
Total payables	\$ 10,288

NOTE 7 - COMPENSATED ABSENCES

The following is a summary of changes in compensated absences for the year ended June 30, 2007:

	July 1, 2006	Additions	June 30, 2007
Compensated Absences	\$ 11,179	\$ 12,866	\$ 24,045

The additions to compensated absences during the 2006-07 fiscal year represent the net change during the year because the additions and deductions could not readily be determined.

NOTE 8 - LITIGATION

The Board is not a defendant in any litigation seeking damages at June 30, 2007.

NOTE 9 - RELATED PARTY TRANSACTIONS

The Board has no related party transactions at June 30, 2007.

NOTE 10 - OTHER REVENUES

Other revenues consist of fees collected from licensees and disbursed to the Federal government to register the licensee to appraise property financed by the Federal government, and miscellaneous income from fines and sale of manuals.

Other Report Required By Government Auditing Standards

The following pages contain a report on compliance with laws and regulations and on internal control as required by *Government Auditing Standards*, issued by the Comptroller General of the United States. This report is based solely on the audit of the financial statements and includes, where appropriate, any reportable conditions and/or material weaknesses in internal control or compliance matters that would be material to the presented financial statements.

REPORT ON COMPLIANCE AND OTHER MATTERS AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF THE BASIC FINANCIAL STATEMENTS

Louisiana Real Estate Appraisers Board Office of the Governor State of Louisiana Baton Rouge, Louisiana

We have audited the basic financial statements of the Louisiana Real Estate Appraisers Board, a component unit of the State of Louisiana, as of and for the year ended June 30, 2007, and have issued our report thereon dated August 27, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Louisiana Real Estate Appraisers Board's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Louisiana Real Estate Appraisers Board's internal control over financial reporting to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Louisiana Real Estate Appraisers Board's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Louisiana Real Estate Appraisers Board's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Board's financial statements that is more than inconsequential will not be prevented or detected by the Board's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Board's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board and its management and is not intended to be, and should not be, used by anyone other than these specified parties.

STATE OF LOUISIANA LOUISIANA REAL ESTATE APPRAISERS BOARD (BTA) MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF JUNE 30, 2007

The Management's Discussion and Analysis of the Louisiana Real Estate Appraisers Board's (BTA) financial performance presents a narrative overview and analysis of the Board's (BTA) financial activities for the year ended June 30, 2007. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the additional information contained in the transmittal letter and the Board's (BTA) financial statements.

FINANCIAL HIGHLIGHTS

- The Louisiana Real Estate Appraisers Board's (BTA) assets exceeded its liabilities at the close of fiscal year 2007 by \$172,870 which represents a 24.9% decrease from last fiscal year. The net assets decreased by \$57,232 (or 24.9%).
- ★ The Board's (BTA) revenue decreased \$8,811 (or 2.9%) and the net results from activities decreased by \$146,590 (or 164%).

OVERVIEW OF THE FINANCIAL STATEMENTS

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments.

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the Basic Financial Statements (including the notes to the financial statements), and Required Supplementary Information.

Basic Financial Statements

The basic financial statements present information for the Louisiana Real Estate Appraisers Board (BTA) as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Balance Sheet; the Statement of Revenues, Expenses, and Changes in Fund Net Assets; and the Statement of Cash Flows.

The <u>Balance Sheet</u> presents the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the Board (BTA) is improving or deteriorating.

STATE OF LOUISIANA LOUISIANA REAL ESTATE APPRAISERS BOARD (BTA) MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF JUNE 30, 2007

The <u>Statement of Revenues</u>, <u>Expenses</u>, and <u>Changes in Fund Net Assets</u> presents information showing how the Board's (BTA) assets changed as a result of current year operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The <u>Statement of Cash Flows</u> presents information showing how the Board's (BTA) cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income(loss) to net cash provided(used) by operating activities (indirect method) as required by GASB 34.

Restricted net assets represent those assets that are not available for spending as a result of legislative requirements, donor agreements, or grant requirements. Conversely, unrestricted net assets are those that do not have any limitations on how these amounts may be spent.

Net assets of the Louisiana Real Estate Appraisers Board's (BTA) decreased by \$57,232, or 24.9%, from June 30, 2006 to June 30, 2007. One of the major causes of this decrease is the increase in the percentage paid to the Louisiana Real Estate Commission for the Board's share of personal services expenses.

Statement D (concluded)

INTRODUCTION

The Louisiana Real Estate Appraisers Board (BTA) was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 37:3391 - 3413. The following is a brief description of the operations of the Board (BTA).

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Louisiana Real Estate Appraisers Board (BTA) present information only as to the transactions of the programs of the Board (BTA) as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Board (BTA) are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Board (BTA) are annual lapsing appropriations.

- 1. The budgetary process is an annual appropriation valid for one year.
- 2. The agency is prohibited by statute from over expending the categories established in the budget.
- 3. Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
- 4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

	APP	ROPRIATIONS
Original approved budget	\$	281,909
Amendments: Increase in personal services, operating services and other charges		163,098
Final approved budget	\$	445,007

- C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (If all agency cash and investments are deposited in the State Treasury, disregard Note C.) See Appendix B for information related to Note C.
 - 1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Board (BTA) may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the (BTA) may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows, all highly liquid investments (including restricted assets with a maturity of three months or less when purchased) are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by the three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution, but not in the entity's name.

The deposits at June 30, 2007, consisted of the following:

		Cash	Certificates of Deposit		Other (Describe)		Total
Balance per agency books	\$	230,426	\$	_\$		_ \$	230,426.00
Deposits in bank accounts per bank	\$	223,086	\$	_\$_		_\$_	223,086.00

department or ageny <u>but not in the entity's name.</u>	\$		ß	_\$_		_\$	

The following is a breakdown by banking institution, program, account number, and amount of the "Deposits in bank accounts per bank" balances shown above:

G. LEAVE

1. COMPENSATED ABSENCES

The Louisiana Real Estate Appraisers Board (BTA) has the following policy on annual and sick leave:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations.

2. COMPENSATORY LEAVE

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at June 30, 2007 computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be zero. The leave payable is recorded in the accompanying financial statements.

H. RETIREMENT SYSTEM

Substantially all of the employees of the (BTA) are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees. (Note: If LASERS is not your entity's retirement system, indicate the retirement system that is and replace any wording in this note that doesn't apply to your retirement system with the applicable wording.)

All full-time (BTA) employees are eligible to participate in the System unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Certain elected officials and officials appointed by the governor may, at their option, become members of LASERS. Normal benefits vest with 10 years of service. Generally, retirement age employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service except for members eligible to begin participation in the Defined Benefit Plan (DBP) on or after July 1, 2006. Act 75 of the 2005 Regular Session changes retirement eligibility and final average compensation for members who are eligible to begin participation in the DBP beginning July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years of creditable service. Final average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

Vested employees eligible to begin participation in the DBP before July 1, 2006, are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, these vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after July 1, 2006 have only a single age option. They cannot retire until age 60 with a minimum of 10 years of service. The System also provides death and disability benefits and deferred benefit options, with qualifications and amounts defined by statute. Benefits are established or amended by state statute. The System issues a publicly available annual financial report that includes financial statements and required supplementary information for the System. For a full description of the LASERS defined benefit plan, please refer to the LASERS 2006 Financial Statements, specifically,

footnotes A – Plan Description and C – Contributions. That report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000. The footnotes to the Financial Statements contain additional details and is also available on-line at:

http://www.lasers.state.la.us/PDFs/Publications and Reports/Fiscal Documents/Comprehensive_Financial Reports/Comprehensive%20Financial%20Reports_06.pdf

Members are required by state statute to contribute with the single largest group ("regular members") contributing 7.5% of gross salary, and the (BTA) is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 2007, remained unchanged at 19.1% of annual covered payroll from the 19.1% and 17.8% required in fiscal years ended June 30, 2006 and 2005 respectively. The (BTA) contributions to the System for the years ending June 30, 2007, 2006, and 2005, were \$8,015, \$7,695, and \$6,776, respectively, equal to the required contributions for each year.

DD. EMPLOYEE TERMINATION BENEFITS

Substantially all employees are eligible for termination benefits upon separation from the state. The agency recognizes the cost of providing these benefits as expenditures when paid during the year. For 2007, the Board paid no voluntary or involuntary termination benefits.

There is no liability for accrued voluntary or involuntary termination benefits payable at June 30, 2007.

Termination benefits include payments for unused annual leave balances up to 300 hours.
