## J. L. SONNIER CERTIFIED PUBLIC ACCOUNTANT

401 AUDUBON BLVD., SUITE 103-B LAFAYETTE, LA 70503 (337) 235-8188 FAX: (337) 235-0913 RES.: (337) 984-5928

## INDEPENDENT ACCOUNTANT'S REPORT

Board of Commissioners Allen Parish Fire Protection District No. 5 Oberlin, Louisiana

I have reviewed the accompanying financial statements of the governmental activities and major funds of the Allen Parish Fire Protection District No. 5 (the District), a component unit of the Allen Parish Police Jury, as of and for the year ended December 31, 2007, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards issued by the Comptroller General of the United States of America. All information included in these financial statements is the representation of the management of the Allen Parish Fire Protection District No. 5.

A review consists principally of inquiries of the District's personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

The budgetary comparison information on page 23 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. Such information has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements.

Management has not presented management's discussion and analysis information that the Governmental Accounting Standards Board has determined is required to supplement, although not required to be part of, the basic financial statements.

My review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the financial statements in order for them to be in conformity with generally accepted accounting principles. The information included on pages 25-29 is presented only for supplementary analysis purposes. Such information has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, and I am not aware of any material modifications that should be made thereto.

J.J. Donnier

## Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds to the Statement of Activities For the Year Ended December 31, 2007

Total net changes in fund balances at December 31, 2007 per Statement of Revenues, Expenditures and Changes in Fund Balances		\$ 40,144
The change in net assets reported for governmental activities in the statement of activities is different because:		
Add: Capital outlay which is considered as expenditure on Statement of Revenues, Expenditures, and Changes in Fund Balance	\$ 1,533	
Less: Depreciation expense for the year ended December 31, 2007	(71,348)	(69,815)
Add: Principal retirement considered as an expenditure on Statement of Revenues, Expenditures and Changes in Fund Balances		40,000
Add: Difference between interest on long-term debt on modified accrual basis versus interest on long-term debt on accrual basis		667
Total changes in net assets at December 31, 2007 per Statement of Activities		\$ 10,996

#### Notes to Basic Financial Statements

## (1) Summary of Significant Accounting Policies

The accompanying financial statements of the Allen Parish Fire Protection District No. 5, (the District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of these notes.

Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guidance set forth in the industry audit guide, <u>Audits of State and Local Governments</u>, issued by the American Institute of Certified Public Accountants and the <u>Louisiana Governmental Audit Guide</u>.

The following is a summary of certain significant accounting policies:

#### A. Financial Reporting Entity

Allen Parish Fire Protection District No. 5 was created under the provisions of Louisiana Revised Statutes 40:1492-1501, for the purpose of providing fire protection for the citizens of Ward 1 of Allen Parish. The district is governed by a board of commissioners composed of five members appointed by the Allen Parish Police Jury.

As the governing authority of the parish, for reporting purposes, the Allen Parish Police Jury is the financial reporting entity for the District. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Allen Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organizations' governing body, and
  - a. The ability of the police jury to impose its will on that organization and/or

Notes to Basic Financial Statements (Continued)

- b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury appoints all members to the governing body and has the ability to impose its will on the District, the District was determined to be a component unit of the Allen Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government services provided by the policy jury, or the other governmental units that comprise the financial reporting entity.

#### B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The statement of net assets and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

#### C. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are summarized by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Notes to Basic Financial Statements (Continued)

The District maintains two funds. They are categorized as governmental funds. The emphasis on fund financial statements is on major governmental funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The major funds of the District are described below:

#### Governmental Funds -

#### General Fund -

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

## Debt Service Fund -

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest, and related costs.

## D. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the government-wide statement of net assets and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below.

Notes to Basic Financial Statements (Continued)

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. The governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. Their funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The government-wide financial statement utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with the District's activities are reported. Government-wide fund equity is classified as net assets.

## **Basis of Accounting**

In the government-wide statement of net assets and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Notes to Basic Financial Statements (Continued)

## E. Assets, Liabilities and Equity

## Cash and interest-bearing deposits

Cash includes amounts in demand deposits and time deposits with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

#### Due to/from other funds

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

## Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Building and improvements

Machinery and equipment

20-25 years 5-15 years

## **Equity Classifications**

In the government-wide statements, equity is classified as net assets and displayed in three components:

a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Notes to Basic Financial Statements (Continued)

- b. Restricted net assets Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

## F. Revenues, Expenditures, and Expenses

## Expenditures/Expenses

In the government-wide financial statements, expenses are classified by character and function. In the fund financial statements, expenditures are classified by character.

The District uses unrestricted resources only when restricted resources are fully depleted.

## G. Budget and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to December 15, the Treasurer submits to the Chairman and Board of Commissioners a proposed operating budget for the period commencing the following January 1.

A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.

Notes to Basic Financial Statements (Continued)

A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.

After the holding of the public hearing and the completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of resolution prior to the commencement of the fiscal year for which the budget is being adopted.

Budgetary amendments involving the transfer of funds from one department, program or function to another or involving increases in expenditures resulting from revenues exceeding amounts estimated require the approval of the Board of Commissioners.

All budgetary appropriations lapse at the end of each fiscal year.

Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as amended by the Board of Commissioners.

## H. <u>Use of Estimates</u>

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## I. Bad Debts

Uncollectible amounts due for ad valorem taxes and other revenues are recognized as bad debts at the time information becomes available which would indicate uncollectibility of the receivable. Although the specific charge-off method is not in conformity with generally accepted accounting principles (GAAP), no allowance for uncollectible receivables was made due to immateriality at December 31, 2007.

## J. <u>Compensated Absences</u>

Vacation and sick leave are recorded as expenditures of the period in which paid. Vacation must be taken in the year accrued and cannot be carried over. Sick leave is available for the District's only employee, when needed, not to exceed twelve days. It does not vest nor is it payable at termination of employment. The District had no accumulated compensated absence liability at December 31, 2007.

Notes to Basic Financial Statements (Continued)

## (2) Cash and Interest-Bearing Deposits

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The District may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 2007, the District had interest-bearing deposits (book balances) totaling \$229,414.

These deposits are stated at cost, which approximates market. Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Districts deposits may not be recovered or will not be able to recover the collateral securities that are in the possession of an outside party. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at December 31, 2007 were secured as follows:

Hank balances	\$230,621
Federal deposit insurance	\$100,000
Pledged securities	130,621
Total FDIC insurance and pledged securities	<u>\$230,621</u>

As of December 31, 2007, the District's total bank balances were fully insured and collateralized with securities held in the name of the District by the pledging financial institution's agent and, therefore, not exposed to custodial credit risk.

The District follows state law regarding its deposits and investments, however it has not adopted a formal deposit and investment policy.

## (3) Ad Valorem Taxes

Property tax millage rates are adopted in December for the calendar year in which the taxes are levied and recorded. All taxes are due and collectible when the assessment rolls are filed on or before November 15<sup>th</sup> of the current year, and become delinquent after December 31<sup>st</sup>. Property taxes not paid by the end of February are subject to lien.

## Notes to Basic Financial Statements (Continued)

For the year ended December 31, 2007, taxes of 19.53 mills were levied on property with taxable assessed valuations totaling \$13,228,670, and were dedicated as follows:

Maintenance	7.53 mills
Bond sinking	12.00 mills

Total taxes levied for 2007 were \$258,685, of which \$76,035 was excluded due to homestead exemption. Taxes receivable at December 31, 2007 were \$182,650.

## (4) Taxes Receivable

Taxes receivable consisted of 2007 property taxes which will be collected by the Allen Parish Sheriff's Office and subsequently remitted to the District.

## (5) Capital Assets

Capital asset balances and activity for the year ended December 31, 2007 is as follows:

	Balance			Balance
•	01/01/07	Additions	Deletions	12/31/2007
Capital assets not being depreciated:				
Land	\$ 12,000	\$ -	\$ -	\$ 12,000
Other capital assets:				
Buildings and improvements	162,974	-	-	162,974
Machinery and equipment	894,325	1,533		895,858
Total	1,069,299	1,533		1,070,832
Less accumulated depreciation:				
Buildings and improvements	49,392	6,555	-	55,947
Machinery and equipment	468,603	64,793		<u>533,396</u>
Total	517,995	71,348		589,343
Net capital assets	\$ 551,304	\$ (69,815)	<u>\$</u> _	\$ 481,489

Depreciation expense of \$71,348 was charged to the public safety function for the fiscal year ending December 31, 2007.

Notes to Basic Financial Statements (Continued)

## (6) Changes in Long-Term Liabilities

The following is a summary of the long-term liabilities transactions during the year:

	Bonds
	Payable
Long-term liabilities payable at January 1	\$ 695,000
Additions	-
Deductions	(40,000)
Long-term liabilities payable at December 31	\$655,000

Bonds payable is comprised of the following individual issue:

\$950,000 general obligation bonds dated June 1, 1998 due in annual installments of \$40,000 to \$75,000 through March 1, 2018; interest at 4.50% to 5.10%; secured by levy and collection of advalorem taxes

\$655,000

The bonds are due as follows:

Year Ending December 31,	Principal	Interest	Total
2008	45,000	30,993	75,993
2009	45,000	28,833	73,833
2010	50,000	26,632	76,632
2011	55,000	24,139	79,139
2012	55,000	21,526	76,526
2013-2017	330,000	62,533	392,533
2018	75,000	1,912	76,912
	\$655,000	\$196,568	\$851,568

## (7) Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. The District did not reduce insurance coverage during 2007.

## Notes to Basic Financial Statements (Continued)

## (8) Pending Litigation

There are no lawsuits pending against the District at December 31, 2007.

## (9) Interfund Transactions

## A. Receivables and Payables

The interfund receivable and payable in the amount of \$2,223 at December 31, 2007 consisted of the amount due to the Debt Service Fund from the General Fund for short-term loans.

SUPPLEMENTARY INFORMATION

## J. L. SONNIER CERTIFIED PUBLIC ACCOUNTANT

401 AUDUBON BLVD., SUITE 103-B LAFAYETTE, LA 70503

## Independent Accountant's Report on Applying Agreed-Upon Procedures

(337) 235-8188 FAX: (337) 235-0913 RES.: (337) 984-5928

Board of Commissioners Allen Parish Fire Protection District No. 5 Oberlin, Louisiana

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the Allen Parish Fire Protection District No. 5 and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Allen Parish Fire Protection District No. 5's compliance with certain laws and regulations during the year ended December 31, 2007 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

#### Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There were no expenditures for material and supplies or public works exceeding the \$20,000 and \$100,000 thresholds during the fiscal year ended December 31, 2007.

Code of Ethics for Public Officials and Public Employees

- 2. Obtain from management a list of the immediate family members of management as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all management and employees, as well as their immediate families.
  - Management provided me with the required list including the noted information.
- Obtain from management a listing of all employees paid during the period under examination.
   Management provided me with the required list.
- 4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.
  - None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

## Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided me with the required information.

6. Trace the budget adoption and amendments to the minute book.

I traced the adoption of the original and amended budgets to the minute book.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

The budget was in compliance with the Local Government Budget Act.

## Accounting and Reporting

- 8. Randomly select 6 disbursements made during the period under examination and:
  - (a) trace payments to supporting documentation as to proper amount and payee;
    I examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.
  - (b) determine if payments were properly coded to the correct fund and general ledger account; and

All of the payments were properly coded to the correct general ledger account.

(c) determine whether payments received approval from proper authorities.

No exceptions were noted.

## Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

I examined evidence indicating that meeting agendas were posted in accordance with the open meetings law.

## Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

I examined 2007 bank deposits and noted none which appeared to be proceeds of bank loans, bonds, or like indebtedness.

#### Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the District for the year indicated no approval for the payments noted. I also inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

J. J. Somier

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of Allen Parish Fire Protection District No. 5 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
