INDEPENDENT AUDITORS' REPORT

Honorable Kermit A. Bourque of Ascension Parish Clerk of Court
Gonzales, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the fiduciary fund of the Ascension Parish Clerk of Court (the Clerk), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Clerk's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Ascension Parish Clerk of Court, as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, and the schedule of Funding Progress for Other Post-Employment Benefit Plans on pages 3 through 8, 27 and 28, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, and historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 13, 2014 on our consideration of the Ascension Parish Clerk of Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ascension Clerk of Court's internal control over financial reporting.

ASCENSION PARISH CLERK OF COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

This section of Ascension Parish Clerk of Court's annual financial report presents our discussion and analysis of the Clerk's financial performance during the fiscal year that ended on June 30, 2014. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information (where available).

FINANCIAL HIGHLIGHTS

- The Clerk's total net position increased by \$14,071 over the course of this year's operations.
- During the year, the Clerk's expenses were \$4,110,005.
- Expenses for the year increased by \$145,143 or 3.7 percent.
- Current year revenues decreased compared to prior year by 3.7 percent to \$4,124,076.
- The general fund reported fund balance of \$7,292,910, an increase of 3.9 percent from last year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—management's discussion and analysis (this section), the financial statements, and required supplementary information. The financial statements include two kinds of statements that present different views of the Clerk:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the Clerk's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Clerk's government, reporting the Clerk's operations in more detail than the government-wide statements.
 - The governmental funds statements tell how general government services were financed in the short term as well as what remains for future spending.
 - Fiduciary fund statements provide information about the financial relationships in which the Clerk acts solely as agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and relate to one another.

Figure A-1 summarizes the major features of the Clerk's financial statements, including the portion of the Clerk's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure of contents of each of the statements.

Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payments is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid.

ASCENSION PARISH CLERK OF COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Government-wide Statements

The government-wide statements report information about the Clerk as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Clerk's net position and how they have changed. Net position—the difference between the Clerk's assets and liabilities—is one way to measure the Clerk's financial health, or position.

- Over time, increases or decreases in the Clerk's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Clerk you need to consider additional nonfinancial factors such as the growth of Ascension Parish.

The government-wide financial statements of the Clerk include:

- Governmental activities—most of the Clerk's basic services are included here, such as personal services and benefits, and operating activities. Charges for services such as, recording, suits, certified copies, and criminal fees finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the Clerk's most significant funds—not the Clerk as a whole. Funds are accounting devices that the Clerk uses to keep track of specific sources of funding and spending for particular purposes.

The Clerk has two kinds of funds:

- Governmental funds—Most of the Clerk's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Clerk's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explains the relationship (or differences) between them. The Clerk's operations are accounted for in the General Fund.
- Fiduciary funds—These funds are used as depositories for suits. Disbursements from these funds are made to various litigants in suits, in the manner prescribed by law. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. We exclude these activities from the Clerk's government-wide financial statements because the Clerk cannot use these assets to finance its operations.

ASCENSION PARISH CLERK OF COURT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014

FINANCIAL ANALYSIS OF THE CLERK AS A WHOLE

Net position. The Clerk's net position increased between fiscal years 2014 and 2013 to approximately \$6.6 million. (See Table A-1.)

Table A-1
Clerk's Net position

	Governmental Activities	
	<u>2014</u>	<u>2013</u>
Current and other assets	\$ 7,324,648	\$7,127,225
Capital assets	181,594	240,314
Total assets	<u>7,506,242</u>	<u>7,367,539</u>
Current liabilities	31,738	111,181
Long term Liabilities	902,749	698,674

Total net position	<u>\$6,571,755</u>	<u>\$6,557,684</u>

Changes in net position. The Clerk's total revenues decreased 3.7 percent. (See Table A-2.) Approximately 96 percent of the Clerk's revenue comes from charges for services. The remaining 4 percent is comprised of interest income and miscellaneous fees.

The total cost of all programs and services increased approximately \$145,143 or 3.7 percent. The Clerk's expenses cover all services performed by its office.

ASCENSION PARISH CLERK OF COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Governmental Activities

Revenues for the Clerk's governmental activities decreased 3.7 percent to \$4.1 million while total expenses increased by 3.7 percent to \$4.1 million. (See table A-2)

Increase in net position	<u>\$ 14,071</u>	<u>\$ 318,834</u>

FINANCIAL ANALYSIS OF THE CLERK'S FUNDS

As the Clerk completed the year, its governmental funds reported a fund balance of \$7,292,910, an increase from last year of \$276,866.

General Fund Budgetary Highlights

Over the course of the year, there were not any amendments to the general fund budget.

ASCENSION PARISH CLERK OF COURT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014

CAPITAL ASSETS

At the end of 2014, the Clerk had invested \$181,594 in capital assets. (See Table A-3.)

Table A-3
Clerk's Capital Assets
 (net of depreciation)

	Governmental Activities	
	2014	2013
Equipment	\$ 167,711	\$ 198,814
Vehicles	13,883	21,127
Construction in Progress	-	20,373
Total	\$181,594	\$240,314

This year's major capital assets additions include:

- Purchase of office equipment and computers totaling \$65,435.

This year's major capital disposals include:

- The disposal of the office computers, monitors, and printers totaling \$152,707.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Clerk is dependent on charges for services for 96 percent of its revenues. The economy is not expected to generate any significant growth. Therefore, the Clerk's future revenues are expected to remain relatively consistent with current years. The budget for the 2014 year is approximately the same as the year 2014's budget.

CONTACTING THE CLERK'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the Clerk's finances and to demonstrate the Clerk's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Ascension Parish Clerk's Office, 815 E. Worthey, Gonzales, LA 70737.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

INTRODUCTION

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, the clerk of court serves as the ex-officio notary public; the recorder of conveyances, mortgages, and other acts; and has other duties and powers provided by law. The clerk of court is elected to a four-year term.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Ascension Parish Clerk of Court have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. FUND ACCOUNTING

The Clerk uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain clerk functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Governmental Funds

Governmental funds account for most of the Clerk's general activities. These funds focus on the sources, uses, and balances of current financial resources. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the Clerk of Court. The following is the clerk's governmental fund:

General Fund

The General fund is the primary operating fund of the Clerk. It is used to account for all financial resources except those required to be accounted for in other funds. The General fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to clerk policy.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The only funds accounted for in this category by the clerk are agency funds. The agency funds are used to account for assets held by the Clerk as an agent for litigants held pending court action. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the agency funds have no measurement focus, but use the modified accrual basis of accounting. The following agency funds are utilized by the Clerk of Court:

- The Advance Deposit Fund- provided for under LRS 13:842, is used to account for advance deposits in suits filed by litigants.
- The Registry of Court Fund- provided by LRS 13:475, is used to account for funds held by order of the court until judgment is rendered by the judiciary.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. BASIS OF ACCOUNTING/MEASUREMENT FOCUS

GOVERNMENT-WIDE FINANCIAL STATEMENTS (GWFS):

The statement of net position and the statement of activities display information about the primary government (the Clerk). These statements include the financial activities of the overall government, except for fiduciary activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Clerk's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

The GWFS and fiduciary fund statements are reported using the economic resources measurement focus. The government wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Clerk gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, and donations. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

FUND FINANCIAL STATEMENTS (FFS):

The amounts reflected in the General Fund are accounted for using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in net fund balances reports on the sources (i.e., revenues and other financing resources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of clerk operations.

The fund financial statements provide information about the Clerk's funds, including its fiduciary funds. Separate statements for each fund category- governmental and fiduciary- are presented. The emphasis of fund financial statements is on major governmental funds. The General Fund is the Clerk's only major governmental fund.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Clerk considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Copies, fees, recording, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences, which are recognized when the obligations are expected to be liquidated with expendable available financial resources. General capital asset acquisitions are reported as expenditures in governmental funds.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. REPORTING ENTITY

For financial reporting purposes, the Clerk's basic financial statements include all funds that are controlled by the Clerk as an independently elected Parish official. As an independently elected official, the Clerk is solely responsible for the operations of his office. Fiscally independent means that the Clerk may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The Clerk also has no component units as other legally separate organizations for which the Clerk is financially accountable. There are no other primary governments with which the Clerk has a significant relationship. Accordingly, the Clerk is a primary government for reporting purposes. The criteria for including organizations as component units within the Clerk's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include items such as whether the organization is legally separate.

E. CAPITAL ASSETS

All capital assets are capitalized at historical cost, or estimated historical costs for assets where actual cost is not available. Donated fixed assets are recorded at their estimated fair value at the date of donation. The clerk maintains a threshold of \$250 or more for capitalizing assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Vehicles	5
Equipment	5-10

F. BUDGETS AND BUDGETARY ACCOUNTING

The Clerk follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 15, the Clerk completes and submits for public inspection an operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing those expenditures.
2. Formal budgetary integration is employed as a management control device during the year for the General Fund.
3. The budget for the General Fund is adopted on a basis consistent with generally accepted accounting principles (GAAP).
4. Budgeted amounts are as originally adopted, or as amended by the Clerk. Individual amendments were not material in relation to the original appropriations.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. BUDGETS AND BUDGETARY ACCOUNTING (continued)

5. All annual appropriations lapse at fiscal year end.

G. COMPENSATED ABSENCES

The liability for compensated absences reported in the government-wide statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

H. CASH AND CASH EQUIVALENTS

Cash equivalents are short-term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Investments with original maturities of three months or less are cash equivalents.

I. INVESTMENTS

The Ascension Parish Clerk of Court may invest in U.S. government securities, debentures, and other allowable obligations issued or guaranteed by federal agencies provided such obligations are backed by the full faith and credit of the United States of America. Investments are stated at fair value. Fair value was determined using quoted market prices.

Investment income includes interest earned and unrealized gains and losses (changes in fair value).

J. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

K. RESTRICTED NET POSITION

For the government-wide statement of net position, net position amount is classified and displayed in three components:

Net investment in capital assets- consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

K. RESTRICTED NET POSITION (continued)

Restricted net position- net position is considered restricted if its use is constrained to a particular purpose. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.

Unrestricted net position- consists of all other net position that does not meet the definition of the above two components and is available for general use by the Clerk.

L. FUND EQUITY OF FUND FINANCIAL STATEMENTS

Accounting standards require governmental fund balances to be reported in as many as five classifications as listed below:

Nonspendable- represents amounts that are not expected to be converted to cash because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted- represents balances where constraints have been established by parties outside the Clerk's office or imposed by law through constitutional provisions or enabling legislation.

Committed- represents balances that can only be used for specific purposes pursuant to constraints imposed by formal action of the Clerk's highest level of decision-making authority.

Assigned- represents balances that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned- represents balances that have not been assigned to other funds and that have not been restricted, committed, or assigned to be specific purposes within the general fund.

When expenditures are incurred for the purposes for which both restricted and unrestricted amounts are available, the Clerk's office reduces restricted amounts first, followed by unrestricted amounts. When expenditures are incurred for purposes for committed, assigned, and unassigned amounts are available, the Clerk's office reduces committed amounts first, followed by assigned amounts and then unassigned amounts.

2. CASH AND CERTIFICATES OF DEPOSIT

At June 30, 2014, the Clerk had cash and certificates of deposit totaling \$ 10,278,824 as follows:

	<u>General Fund</u>	<u>Agency Funds</u>
Demand Deposit	\$ 3,728,779	\$ 5,050,045
Certificates of Deposit	500,000	1,000,000
Total	<u>\$ 4,228,779</u>	<u>\$ 6,050,045</u>

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

2. CASH AND CERTIFICATES OF DEPOSIT (continued)

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge or securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of June 30, 2014, the Clerk's bank balance was secured from risk by federal deposit insurance and pledged securities and was not exposed to custodial credit risk.

3. INVESTMENTS

As of June 30, 2014, the Clerk had the following investments and maturities:

<u>Investment Type</u>	<u>INVESTMENT MATURITIES (IN YEARS)</u>		
	<u>Fair Value</u>	<u>Less Than 1</u>	<u>1-5</u>
General Fund			
U.S. Agencies	\$ 2,988,455	\$ -	\$ 2,988,455
Total	<u>\$ 2,988,455</u>	<u>\$ -</u>	<u>\$ 2,988,455</u>

Interest Rate Risk- The Clerk's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk- Under Louisiana R.S. 33:2955, as amended, the Clerk may invest in obligations of the U.S. Treasury, U.S. Agencies and instrumentalities, repurchase agreements, certificates of deposits, Louisiana Asset Management Pool (LAMP), and other investments as provided in the statute. The Clerk's investment policy does not further limit its investment choices. As of June 30, 2014, the Board's investments in U.S. Agencies were rated AAA by Moody's Investors Service and AA+ by Standard & Poor's.

Concentration of Credit Risk - The Clerk's investment policy does not limit the amount the Clerk may invest in any one issuer. More than 5 percent of the Board's investments are in Federal National Mortgage Association and Federal Farm Credit Bank. These investments are 33.31% and 66.69% of total investments, respectively.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

4. CAPITAL ASSETS

Capital assets and depreciation activity as of and for the year ended June 30, 2014, are as follows:

	<u>Vehicles</u>	<u>Equipment</u>	<u>Construction In Progress</u>	<u>Total</u>
Cost of Capital				
Assets June 30, 2013	\$ 36,220	\$ 1,100,635	\$ 20,373	\$ 1,157,228
Additions	-	65,434	-	65,434
Deletions	-	(152,707)	(20,373)	(173,080)
Costs of Capital Assets, June 30, 2014	<u>\$ 36,220</u>	<u>\$ 1,013,362</u>	<u>\$ -</u>	<u>\$ 1,049,582</u>
Accumulated depreciation, June 30, 2013	\$ 15,093	\$ 901,821	\$ -	\$ 916,914
Additions	7,244	89,491	-	96,735
Deletions	-	(145,661)	-	(145,661)
Accumulated depreciation, June 30, 2014	<u>22,337</u>	<u>845,651</u>	<u>-</u>	<u>867,988</u>
Capital assets, net of accumulated depreciation, June 30, 2014	<u>\$ 13,883</u>	<u>\$ 167,711</u>	<u>\$ -</u>	<u>\$ 181,594</u>

For the year ended June 30, 2014, depreciation expense was \$96,735.

5. DEFINED BENEFITS PENSION PLAN

Plan Description

Substantially all employees of the Ascension Parish Clerk of Court are members of the Louisiana Clerks of Court Retirement and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

All regular employees who are under the age of 60 at the time of original employment are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3.33 percent of their final-average salary for each year of credited service, not to exceed 100 percent of their final-average salary. Effective January 1, 2011, the retirement age increased to 65 and the amount paid monthly for life was changed to equal to 3% of their final salary for each year of credited service, not to exceed 100% of their final average salary. Final-average salary is the employee's average salary over the 60 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. Effective January 1, 2011, the age for this benefit increased to 65 years of age. The System also provides death and disability benefits. Benefits are established and amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Clerks of Court Retirement and Relief Fund, 10202 Jefferson Hwy, Bldg. A, Baton Rouge, LA 70809, or by calling (225) 293-1162.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

5. DEFINED BENEFITS PENSION PLAN (continued)

Plan members are required by state statute to contribute 8.25 percent of their annual covered salary and the Ascension Parish Clerk of Court is required to contribute at an actuarially determined rate. The current rate is 18.50 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent (one-half of one percent for Orleans Parish) of the taxes shown to be collectible by the tax rolls of each parish. The contribution requirements of plan members and the Ascension Parish Clerk of Court are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Ascension Parish Clerk of Court's contributions to the System for the years ending June 30, 2014, 2013, and 2012 were \$369,289, \$331,040, and \$326,963; respectively, equal to the required contributions for each year.

6. DEFERRED COMPENSATION PLAN

The Clerk adopted an (IRC) 457 deferred compensation plan effective February 1, 2001. The plan covers all full time employees. The Clerk matches up to 10 percent of employee contributions. The Clerk's contributions for the years ending June 30, 2014, 2013, and 2012 were \$144,449, \$139,182, and \$146,910; respectively.

7. EXCESS FUND BALANCE

Louisiana Revised Statute 13:785 requires that every four years (at the expiration of the term of office) the Clerk must pay the parish treasurer any balance in the Clerk's salary fund which exceeds one-half of the revenues of the last year of the term, which amount shall be limited to not more than that which was received by the clerk in accordance with R.S. 13:784(A) during said term of office. The Parish Council has not provided any direct funding to the Clerk under statute R.S. 13:784 (A). At June 30, 2014, there was no amount due the parish treasurer.

8. CHANGES IN LONG -TERM LIABILITIES

The following is a summary of long-term debt transactions of the Clerk for the year ended June 30, 2014:

	<u>Compensated Absences</u>	<u>OPEB</u>
Long term obligations payable at July 1, 2013	\$ 76,642	\$ 622,032
Additions	18,771	230,457
Deletions	<u>(6,977)</u>	<u>(38,177)</u>
Long term obligations payable at June 30, 2014	<u>\$ 88,436</u>	<u>\$ 814,312</u>

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

The Clerk's defined benefit postemployment health care plan ("the Retiree Health Plan") provides medical, dental and life insurance benefits to eligible retired employees and their beneficiaries. The Retiree Health Plan is affiliated with the Louisiana Clerks of Court Insurance Trust ("LCCIT"), an agent multiple-employer postemployment healthcare plan administered by the Louisiana Clerks of Court Association.

Funding Policy

The contribution requirements of plan members and the Clerk are established and may be amended by the LCCIT board of trustees. Retirees are required to pay 50% of the premium charged by the LCCA for retirees and 50% for their dependents. The Clerk contributes 50% of the cost of the current year premiums for eligible retired plan members and 50% of the cost for retired plan members' spouses and dependent children. During the year ended June 30, 2014 the Clerk contributed \$38,177..

Annual OPEB Cost and Net OPEB Obligation

For 2014, the Clerk's annual other postemployment benefit ("OPEB") cost (expense) is calculated based on the annual required contribution of the employer ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents the level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Clerk's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the Clerk's net OPEB obligation to the Retiree Health Plan:

Annual Required Contribution	\$ 241,356
Interest on Net OPEB Obligation	21,771
Adjustment to Annual Required Contribution	<u>(32,670)</u>
Annual OPEB Cost (Expense)	230,457
Contributions Made	<u>(38,177)</u>
Increase in Net OPEB Obligation	192,280
Net OPEB Obligation – beginning of year	<u>622,032</u>
Net OPEB Obligation – end of year	<u>\$ 814,312</u>

The Clerk's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal year 2014 is as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
6/30/2014	\$ 230,457	16.6%	\$ 814,312
6/30/2013	\$ 233,771	19.0%	\$ 622,032

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)

Funded Status and Funding Progress

As of June 30, 2014, the actuarial accrued liability for benefits was \$2,475,065, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$2,002,827, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 123.6%.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funding status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for the benefits as follows:

Schedule of Funding Progress

<u>Actuarial Valuation Date</u>	<u>Actuarial Value of Assets (a)</u>	<u>Actuarial Liability (AAL)-Entry Age (b)</u>	<u>Unfunded AAL (UAAL) (b-a)</u>	<u>Funded Ratio (a/b)</u>	<u>Covered Payroll (c)</u>	<u>UAAL as a Percentage Of Covered Payroll ((b-a)/c)</u>
6/30/2013	\$ 0	\$2,475,065	2,475,065	0.0%	1,934,595	127.9%
6/30/2014	\$ 0	\$2,475,065	2,475,065	0.0%	2,002,827	123.6%

Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2012 actuarial valuation, the unit credit cost method was used. Based on the Clerk's short-term investment portfolio, a discount rate of 3.5% was used. In addition, the actuarial assumptions included an annual healthcare cost trend rate of 9% initially, reduced by decrements to an ultimate rate of 5.5% after 15 years. The Clerk's unfunded actuarial liability is being amortized on a level dollar, open basis over 30 years.

ASCENSION PARISH CLERK OF COURT

NOTES TO THE FINANCIAL STATEMENTS

10. EXPENDITURES OF THE CLERK OF COURT PAID BY THE PARISH COUNCIL

The Parish Council pays for expenditures associated with court house where the clerk maintains an office. These expenses are not included in the accompanying financial statements.

11. RISK MANAGEMENT

The Clerk is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Clerk purchased a commercial insurance policy to satisfy claims related to general liability, automobile liability, property and casualty, employee health and accident, and errors and omissions.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date the financial statements were available to be issued, October 13, 2014, and determined that there were no events that require disclosure.

No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Kermit A. Bourque
Ascension Parish Clerk of Court
Gonzales, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States, the financial statements of the governmental activities, the major fund, and the fiduciary fund of Ascension Parish Clerk of Court as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Ascension Parish Clerk of Court's basic financial statements, and have issued our report thereon dated October 13, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ascension Parish Clerk of Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Ascension Parish Clerk of Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Ascension Parish Clerk of Court's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ascension Parish Clerk of Court's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Pentthwait & Mettwill

Gonzales, Louisiana
