Independent Accountants' Report

To the Board of Commissioners
Hospital Service District No. 3
1101 Southeast Blvd
Morgan City, LA 70380

We have reviewed the accompanying financial statements of the Hospital Service District No. 3, a component unit of the St. Mary Parish Council, State of Louisiana, as of and for the year ended September 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the District.

Our review was conducted in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards* issued by the Comptroller General of the United State of America. A review consists principally of inquiries of the District's personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report, dated March 3, 2010, on the results of our agreed-upon procedures.

The accompanying supplementary information, as listed in the table of contents, while not considered necessary for a fair presentation of the financial statements, is presented as supplementary analytical data. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

The District has not presented management's discussion and analysis that the *Governmental Accounting Standards Board* has determined to supplement, although not required to be part of, the basic financial statements.

HOSPITAL SERVICE DISTRICT NO. 3
OF THE PARISH OF ST. MARY
STATE OF LOUISIANA

NOTES TO THE FINANCIAL STATEMENTS
September 30, 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hospital Service District No. 3 of the Parish of St. Mary, State of Louisiana (Fairview Hospital) was created by Ordinance No. 726 of the St. Mary Parish Police Jury, on August 14, 1968. The District encompasses all of the territory situated in Wards 5 and 8 of St. Mary Parish.

The District is a component unit and an integral part of the St. Mary Parish Council, the reporting entity which exercises oversight and control over the District. The District operates under a Board of Commissioners. These financial statements include all funds of the District.

The accounting and reporting policies of the Hospital Service District No. 3, of the Parish of St. Mary, State of Louisiana conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:513 and to the guides set forth in the *Louisiana Governmental Audit Guide* and to the industry audit guide, *Audits of State and Local Governmental Units*.

The following is a summary of certain significant accounting policies:

A) **Fund Accounting:**

The accounting system is organized and operated on a fund basis (Proprietary fund) whereby a separate self-balancing set of accounts comprised of assets, liabilities, revenues and expenses is maintained for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. There are two types of Proprietary funds, Enterprise Funds and Fiduciary Funds. Hospital Service District No. 3 operates as an Enterprise Fund.

B) **Enterprise Fund:**

The Enterprise Fund is used to account for operations (a) that are *financed and operated in a manner similar to private business enterprises* where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance public policy, management control, accountability or other purposes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C) Basis of Accounting:

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The District's accounting system is accounted for using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D) Change in Accounting:

This financial statement has been prepared in conformity with GASB No. 34. In June 1999, GASB unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. This and other changes are reflected in the accompanying financial statements, including the notes to the financial statements.

E) Fixed Assets and Long-Term Liabilities:

All property, plant and equipment are valued at historical cost or estimated historical cost if actual historical cost is not available. Additions, improvements, and expenditures that add materially to the productive capacity, or extend the life of an asset, are capitalized. Donated property, plant and equipment are valued at their estimated fair value on the date donated. As of September 30, 2009, all assets on the balance sheet are valued at historical cost.

Depreciation of all exhaustible fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported in Note 4. Depreciation has been provided over estimated useful lives using the straight-line method. The estimated useful lives are as follows:

| | |
|--------------------------|---------------|
| Buildings & Improvements | 10 – 40 years |
| Equipment | 5 – 10 years |

F) Statement of Cash Flows:

For the purpose of the statement of cash flows, the District considers all highly liquid asset investments with a maturity of three months or less when purchased to be cash equivalents.

G) Accumulated Vacation, Compensatory Time and Sick Leave:

Accumulated vacation, compensatory time and sick leave are recorded as an expenditure of the period in which incurred. For the year ended September 30 2009, unrecorded liabilities for the above years are an immaterial amount.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- H) **Investments:**
Investments, consisting of Certificates of Deposit, are stated at cost, which approximates market. Investment income is reported as non-operating revenue.
- I) **Reporting Entity:**
GASB Statement No. 14, *Governmental Reporting Entity*, established criteria for determining which organizations should be included in a governmental financial reporting entity. The focal point for defining the financial reporting entity is the primary government. Hospital Service District No. 3 is a component unit of the St. Mary Parish Council (primary government) and, as such, these financial reports may be included in the CAFR of the Council for the year ended December 31, 2009. Hospital Service District No. 3 has followed GASB-14 guidance to determine that there are no financial statements of other organizations that should be combined with their statements to form a financial reporting entity.
- J) **Estimates:**
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- K) **Accounting Standards:**
Pursuant to Government Accounting Standards Board (GASB) Statement No. 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, the District has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board (FASB), including those issued after November 30, 1989, that do not conflict with or contradict GASB Pronouncements.

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing deposits, and money market accounts. The District considers cash equivalents amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana Law and national banks having their principal offices in Louisiana.

NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Statutes also authorize the District to invest in certificates of deposit, repurchase agreements, passbooks, banker's acceptances, and other available bank investments provided that the approved securities are pledged to secure those funds on deposit, as required. These deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank.

| | Stated Value <u>9-30-09</u> | Bank Balance <u>9-30-09</u> |
|-------------------------|-----------------------------------|-----------------------------------|
| Cash | \$ 41,412 | \$ 45,975 |
| Certificates of deposit | <u>380,000</u> | <u>380,000</u> |
| Total | <u>\$ 421,412</u> | <u>\$ 425,975</u> |

The District's cash, cash equivalents and investments are categorized to give an indication of the level of risk assumed by the District.

Category 1 – Insured or collateralized with securities held by the District or by its agent in the District's name.

Category 2 – Collateralized with securities held by the pledging financial institution's trust department or agent in the District's name.

Category 3 – Uncollateralized or securities uninsured or unregistered and held by the counter party (this includes GNMA Pool investments and mutual fund shares held in "book entry only" form by brokerage firms).

Cash and investments categorized by level of risk are:

| | |
|------------|-------------------|
| Category 1 | \$ 250,000 |
| Category 2 | <u>171,412</u> |
| Total | <u>\$ 421,412</u> |

The District will contribute a matching contribution to each eligible employee's Simple IRA equal to the employee's salary reduction contributions up to a limit of 3% of the employee's compensation for the calendar year. All the contributions under this plan are fully vested and non-forfeitable. During the year ended September 30, 2009 the District contributed \$ 2,703 into this plan.

NOTE 7 - RESTRICTED NET ASSETS

The District has reserved certain resources for future capital improvements, repairs and maintenance of the District's buildings. These resources are to be utilized only after unrestricted resources are depleted.

NOTE 8 - CLOSURE OF HOSPITAL

On January 31, 1988, the Board decided to cease operations as an acute care facility. The District's current function is to maintain the physical hospital facility. In an effort to maintain the building without taxing the property owners of the District, the buildings are currently being rented.

NOTE 9 - ECONOMIC DEPENDENCE

Currently three entities account for 100% of the District's rental income, Fairview Treatment Center, the Drug Court and the Claire House. Fairview Treatment Center accounts for 51%, the Drug Court 26% and the Claire House for Women and Children 23% of the total rental income.

NOTE 10 - RELATED-PARTIES

Hospital Service District No. 3 currently leases to Recreation District No. 3, also a component unit of the St. Mary Parish Council, 4.98 acres of land, which is adjacent to the hospital. The Recreation District No. 3 utilizes this land for a ball park. This lease is cancelable by agreement between the participants or until such time that it is determined that this property is needed by Hospital Service District No. 3 for a good and valid purpose, at which time Hospital Service District No. 3 shall give written notice to Recreation District No. 3 to vacate the property within six months and remove its facilities.

Hospital Service District No. 3 also currently leases space to Fairview Treatment Center, the Drug Court and the Claire House. These three entities are component units of the St. Mary Parish Council. These leases are on a year-to-year basis. The rent income derived for the year is follows:

Independent Accountants' Report on Applying Agreed-Upon Procedures

To the Board of Commissioners
Hospital Service District No. 3
1101 Southeast Blvd
Morgan City, LA 70380

We have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of Hospital Service District No. 3, of the Parish of St. Mary, State of Louisiana, and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating the management's assertions about Hospital Service District No. 3's, compliance with certain laws and regulations during the year ended September 30, 2009 included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

Scanned disbursements made during the year for materials and supplies exceeding \$20,000 and for public works exceeding \$100,000. There were no expenditures during the year that exceeded the public bid law threshold.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Not applicable since the District only has a proprietary fund.

6. Trace the budget adoption and amendments to the minute book.

Not applicable since the District is not required to have a budget as mentioned in procedure 5.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues failed to meet budgeted revenues by 5% or more or if actual expenditures exceed budgeted amounts by 5% or more.

Not applicable since the District is not required to have a budget as mentioned in procedure 5.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:

- (a) Trace payments to supporting documentation as to proper amount and payee.

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- (b) Determine if payments were properly coded to the correct fund and general ledger account.

All six of the payments were properly coded to the correct fund and general ledger account.

- (c) Determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the accountant and the chairman of the Board of Commissioners. In addition, each of the disbursements were traced to the District's minute book where they were approved by the full commission.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The District complied with LSA-RS 42:1 through 42:12 (the open meeting law)

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposits for the period under examination and none of the deposits appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the District for the year indicated no approval for the payments for bonuses, advances, or gifts. We also inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

Our prior year report, dated February 28, 2009, included a schedule of findings and questioned costs. See the current year summary schedule of current and prior year findings.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Hospital Service District No. 3 and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
