INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Terrytown Fifth District Volunteer Fire Department, Inc. 341 Heritage Avenue Terrytown, LA 70056

I have audited the accompanying statement of financial position of the Terrytown Fifth District Volunteer Fire Department, Inc. (a non-profit organization) as of June 30, 2012 and the related statement of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of the Terrytown Fifth District Volunteer Fire Department, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement position. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Terrytown Fifth District Volunteer Fire Department, Inc. as of June 30, 2012 and the changes in its net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 12 to the financial statements, the Terrytown Fifth District Volunteer Fire Department, Inc. changed its basis of accounting and reporting from the Modified Cash Basis of Accounting to the Accrual Basis of Accounting (i.e., GAAP). Accordingly, beginning net assets were restated to properly reflect the accrual or deferral of certain revenues and expenses as of July 1, 2011.

My audit was made for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Revenues and Expenses – Public Fund, which is included in the Supplementary Information Section on page 12, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and records used to prepare the financial statements used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with *Government Auditing Standards*, I have also issued a report dated October 17, 2012, on my consideration of the Terrytown Fifth District Volunteer Fire Department Inc.'s internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Paul C. River, CPA

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Terrytown Fifth District Volunteer Fire Department, Inc.'s (the Fire Department's) significant accounting policies applied in the preparation of the accompanying financial statements follows:

Activity

Terrytown Fifth District Volunteer Fire Department, Inc. (the Fire Department) is a nonprofit organization dedicated to providing the citizens of the Fifth Fire Protection District of Jefferson Parish (which includes Terrytown and adjoining unincorporated portions of Jefferson Parish) with fire protection and related services and facilities. The Fire Department is under contract with the Parish of Jefferson to provide these services by administering the daily activities of this district. The Fire Department is also supported by donor contributions and other miscellaneous fees and charges. The majority of the Fire Department's revenues are derived from the Parish contract.

Basis of Accounting

Contributions received and unconditional promises to give are measured at their fair values. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily restricted, or permanently restricted, net assets depending on the nature of the restriction. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished) temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions.

The Fire Department reports gifts of goods and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Fire Department reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Receipts under the intergovernmental agreement with the Parish are recognized in the month and year for which they are received. Expenses are recorded when incurred in accordance with the accrual basis of accounting. As per Note 12, this accrual basis of accounting was adopted during the current year in order to comply with the statutory requirements of quasipublic agencies in the State of Louisiana.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in checking accounts, savings accounts, or certificates of deposit and are carried at cost. Funds deposited from the ad valorem tax millage are placed into a "special" fund and can only be disbursed for operating expenses of the Fire Department (i.e., for the public purpose of providing fire protection services).

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values (based on quoted market prices) in the Statement of Financial Position. These investments fall under Level 1 of the fair value hierarchy as defined by FASB ASC 820-10-05. Unrealized gains and losses are included in changes in net assets.

Property and Equipment

Property and equipment, consisting primarily of fire stations and residences, furniture, fixtures, and equipment, are recorded at cost when purchased and at fair market value when received as a donation. Expenditures for maintenance, repairs, and minor renewals are charged against earnings as incurred. Depreciation is computed using the straight-line method over the useful lives of the assets. The lives range from 3 to 39 years. The Fire Department capitalizes property and equipment purchases over \$1,000 and expenses those purchases under \$1,000.

Property and equipment does not include fire trucks and vehicles donate by the Fire Department to the Fifth Fire District of Jefferson Parish. Historically, the Fire Department has received subsidies from the Fifth Fire District of Jefferson Parish for the purchase of fire trucks. The trucks are then purchased by the Fire Department and donated back to the Fifth Fire District of Jefferson Parish. This is done because the funding source of these subsidies is parish ad valorem taxes and the property must stay in the public domain. The fire trucks and vehicles are utilized by the Fire Department but they are insured by the Parish of Jefferson. These fire trucks are reported for in the financial statements of the Parish of Jefferson.

Prepaids and Other Deposits

Items that benefit a future period are recorded as prepaid at year end. These amounts are recognized as expenditures in the period that they benefit.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Donated Services, Goods and Facilities

No amounts have been reflected in the financial statements for donated services, equipment or facilities. Donated services were not recorded because the value of these services is not readily determinable. However, it should be noted that a substantial number of volunteers donate time to the Fire Department's program services. The Fire Department is also allowed to utilize equipment and facilities that are owned by the Parish's Fifth Fire Protection District. The value of these items is also excluded since they are not readily determinable.

Compensated Absences

The Fire Department allows employees who work more than 50 hours per week to earn annual leave at the rate of 0 to 360 hours per year depending on length of continuous service. Annual leave is awarded on the first day of the next pay period after an employee's anniversary date. Employees are allowed to carry-over up to 300 hours from one year to the next. Upon separation, the annual leave is paid to the employee at 100 percent of its current value.

Classification of Net Assets

Financial statement presentation follows the requirements of the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) 958-205, *Presentation of Financial Statements for Not-for-Profit Entities* (formerly SFAS No. 117), *Financial Statements of Not-for-Profit Organizations*. Under ASC 958-205, the Fire Department is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, which have no donor-imposed restrictions; temporarily restricted net assets, which have donor-imposed restrictions that will expire in the future; and permanently restricted net assets, which have donor-imposed restrictions that do not expire. As of June 30, 2012, the Fire Department reported only unrestricted net assets.

Income Taxes

The Fire Department is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, which exempts volunteer fire departments, and from state income taxes under Section 121(5) of Title 47 of the Louisiana Revised Statutes of 1950.

Subsequent Events

The Fire Department's management has evaluated subsequent events through October 17, 2012, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of support and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain amounts in 2012 have been classified differently from how they were presented in 2011 to conform to management's current presentation format.

2. CASH AND CASH EQUIVALENTS

Cash and Cash Equivalents

Cash and cash equivalents totaled \$1,517,772 at June 30, 2012 (including \$874,817 in cash, checking and savings accounts plus \$642,955 in certificates of deposit). The following is a schedule of cash (book) balances reported in financial institutions at June 30, 2012:

Pledged Securities

Custodial risk is the risk that, in the event of a bank failure, the Fire Department's deposits might not be recovered. The Fire Department's policy for custodial credit risk conforms to state law.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

2. CASH AND CASH EQUIVALENTS (CONTINUED)

As noted above, the Fire Department maintains cash balances and certificates of deposit at several financial institutions in the New Orleans area. Accounts at each financial institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Interest bearing accounts with balances in excess of FDIC insurance at a financial institution are also secured by pledged securities held in joint custody at the Federal Reserve Bank, New Orleans in the Fire Department's name. At June 30, 2012, the book balances of cash and cash equivalents totaled \$1,517,772 and the bank balances of \$1,533,771 were entirely secured by FDIC insurance and/or pledged securities.

3. INVESTMENTS

The Fire Department maintains a brokerage account with Stern Agee Financial Advisors. Following is a schedule of the investments at June 30, 2012.

Total Investments	3			\$ 88,220	\$ 74,693

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

3. INVESTMENTS (CONTINUED)

FASB ASC 820-10 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Investments in debt securities and equity securities with readily determinable fair values are carried at fair value on quoted prices in active markets (all Level 1 measurements).

Fair values of assets measured on a recurring basis at June 30, 2012 are as follows:

				Fair Value Measurement Using:		
	 Cost	Fair Markets for Ide			Prices in Active r Identical Assets Level 1)	
US Sponsored Agencies	\$ 29,316	\$	27,507	\$	27,507	
GNMAs	33,900		22,186		22,186	
Other	25,004		25,000		25,000	
	\$ 88,220	\$	74,693	\$	74,693	

The following schedule summarizes the investment return and its classification in the Statement of Activities for the year ended June 30, 2012:

Interest Income	\$	6,252
Net realized and unrealized gains (losses)		397
	-	
Total Investment Returns	\$	6,649

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

4. PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2012 consisted of the following:

Asset Category	 2011	1	Additions	De	letions	 2012
Land	\$ 33,928	\$	-	\$	-	\$ 33,928
Automobiles	54,316		-		-	54,316
Buildings and improvements	3,557,454		28,429		-	3,585,883
Machinery and equipment	840,358		41,849		-	882,207
Furniture and fixtures	 233,478		60,846		-	294,324
	4,719,534		131,124		-	4,850,658
Less accumulated depreciation	(1,513,927)		(309,451)		-	(1,823,378)
Net Property and Equipment	\$ 3,205,607	\$	(178,327)	\$	1	\$ 3,027,280

Depreciation expense for the years ended June 30, 2012 was \$309,451.

5. COMPENSATED ABSENCES

Compensated absences payable at June 30, 2012 totaled \$70,792.

6. **RESTRICTIONS ON NET ASSETS**

At June 30, 2012, temporarily restricted assets totaled \$-0-. Thus, the total amount of net assets was considered unrestricted.

7. INTERGOVERNMENTAL CONTRACTED SERVICES

The Fire Department is under contract with the Parish of Jefferson to provide fire protection services within the Fifth Fire Protection District. The Parish levies an ad valorem tax of 16.58 mills on the assessed valuation of properties within the Fifth Fire District to fund these operations. The taxes are passed through to the Fire Department under this cooperative endeavor agreement in monthly installments, which represent the 1/12th of the estimated net proceeds of the millage levied annually. The current contract expires on March 31, 2014.

The revenues from this contract amounted to \$2,250,000 for 2012 and made up a substantial portion (91.65 percent) of the Fire Department's total revenues.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

8. FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various firefighting programs, administrative activities, and other general activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and support activities based on management's estimates of time and percentages used to conduct those functions.

9. ADVERTISING COSTS

Advertising costs are expensed as incurred. For the year ended June 30, 2012, advertising expense totaled \$479.

10. PENSION PLAN

The Fire Department has a Non-standardized 401k Profit Sharing Plan. The plan allows individuals employed over six months who have completed 1,000 hours of service and have reached the age of 21 to defer up to 10 percent of their compensation, subject to limitations. The Fire Department makes non-forfeitable contributions of 5 percent of the compensation for those eligible employees that elect to participate in the plan by making salary reduction contributions. Pension plan expense for the year ended June 30, 2012 totaled \$48,386.

11. EXPENSES PAID BY OTHERS

The full-time firefighters of the Fire Department who meet certain requirements receive supplemental pay from the State of Louisiana under the provisions of LRS 33:2002. The State pays this supplemental pay directly to the firefighters; therefore, the expense does not pass through these financial statements. State supplemental payments made to Fire Department employees totaled \$109,850 for the fiscal year ended June 30, 2012. The supplemental pay is included in the taxable income of the firefighters so that federal and state taxes may be applied.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2012

12. PRIOR PERIOD ADJUSTMENT

For the fiscal year ended June 30, 2012, the Fire Department adopted the full accrual basis of accounting (i.e., GAAP Basis) in lieu of the Modified Cash Basis of Accounting that it utilized in prior years. This change meant that certain receipts and disbursements made in the previous year had to be recognized in a different period (i.e., in the current year). Also, certain receipts and disbursements made in the current year were reclassified and recognized in the previous year. It also meant that compensated absences payable had to be accrued at the end of the previous year and at the end of the current fiscal year.

A breakdown of the restatement is as follows:

Reason for Adjustment	 Total
Beginning Net Assets (Modificed Cash Basis), as previously reported	\$ 4,692,081
a. To set up prepaid items at 6/30/11	17,223
b. To set up accounts payable at 6/30/11	(7,733)
c. To set up compensated absences at 6/30/11	(56,581)
Beginning Net Assets (GAAP Basis), as restated	\$ 4,644,990

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the President and Board of Directors Terrytown Fifth District Volunteer Fire Department, Inc. Terrytown, Louisiana

I have audited the basic financial statements of the Terrytown Fifth District Volunteer Fire Department, Inc. (the Fire Department), a non-profit entity, as of and for the year ended June 30, 2012, and have issued my report thereon dated October 17, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of the Fire Department is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing my audit, I considered the Fire Department's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fire Department's internal control over financial reports an opinion on the effectiveness of the Fire Department's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Fire Department's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Fire Department's financial statements will not be prevented, or detected and corrected in a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be a material weakness, as defined above. However, I identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and responses, that I consider to be significant deficiencies in internal control over financial reporting (See Findings SD# 12-01 and SD # 12-02). A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Fire Department's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion.

The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The Fire Department's responses to the findings identified in my audit are described in the accompanying Schedule of Findings and Responses. I did not audit the Fire Department's responses and, accordingly, I express no opinion on them.

This report is intended for the information of the Terrytown Fifth District Volunteer Fire Department, Inc.'s management, the Louisiana Legislative Auditor, all applicable Federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statutes 24:513, the report is distributed by the Legislative Auditor as a public document.

Paul C. River, CPA

October 17, 2012

SCHEDULE OF FINDINGS AND RESPONSES For the Year Ended June 30, 2012

I have audited the financial statements of the Terrytown Fifth District Volunteer Fire Department, Inc. (the Fire Department) as of and for the year ended June 30, 2012, and have issued my report thereon dated October 17, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My audit of the financial statements as of June 30, 2012 resulted in an unqualified opinion.

SECTION I - SUMMARY OF AUDITOR'S RESULTS

- The auditor's report expresses an unqualified opinion on the financial statements of the Fire Department for the fiscal year ended June 30, 2012.
- Two significant deficiencies disclosed during the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. These items are discussed in detail below. No material weaknesses were reported.
- No instances of noncompliance material to the financial statements of the Fire Department were disclosed during the audit.
- The Fire Department was not subject to a Single Audit under OMB Circular A-133.
- No separate written management letter was issued for the year ended June 30, 2012.

SECTION II - FINANCIAL STATEMENT FINDINGS

SIGNIFICANT DEFICIENCIES

SD Comment # 12-01 - Inadequate Segregation of Duties

<u>Condition</u> - I noted that the size of the Fire Department's operations is too small to provide for an adequate segregation of duties. The Fire Department's Treasurer is charged with most of the responsibilities relating to the cash receipts, cash disbursements, payroll and financial reporting cycles. The Fire Department does, however, have various controls in place which tend to mitigate this problem, including (1) having another person review and initial all bank reconciliations, (2) requiring dual signatures on all checks, (3) requiring the presentation of actual versus budget reports on a monthly basis, and (4) the use of an outside bookkeeping firm to post and generate the general ledgers.

SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) For the Year Ended June 30, 2012

SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)

<u>Recommendation</u> - Employing additional controls may not be cost beneficial, however, the Board should remain cognizant of the lack of segregation of duties.

<u>Response</u> - We are aware of the condition, however, at this point we are not in the financial position of addressing the problem. The Board is aware of the condition and will continue to monitor the financial activity of the Fire Department in a timely manner.

SD Comment # 12-02 - Preparation of Financial Statements by Auditor

<u>Condition and Criteria</u> – The Fire Department does not have controls in place for proper oversight of its financial reporting and for the preparation of financial statements in accordance with generally accepted accounting principles. As is common in small organizations, The Fire Department has chosen to engage the auditor to prepare its annual financial statements. This condition is intentional by management, along with the cost effectiveness of acquiring the ability to prepare the financial statements in accordance with generally accepted accounting principles.

<u>Cause</u> - Recently issued Statement of Auditing Standards (SAS) 115 requires that I report the above condition as a control deficiency. The SAS does not provide exceptions to reporting deficiencies that are mitigated with non-audit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive or otherwise impractical.

<u>Recommendation</u> - As mentioned, whether or not it would be cost effective to cure a control deficiency is not a factor in applying SAS 115's reporting requirements. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all the deficiencies noted under SAS 115. In this case, I do not believe that curing the significant deficiency described in this finding would be cost effective or practical and accordingly, I do not believe any corrective action is necessary.

<u>Management's Response</u> – The Fire Department's staff is familiar with the day-to-day accounting requirements; however, due to limited staffing and funding, we do not consider it practical to provide sufficient training to our staff in order to eliminate this condition and can only continue to rely on the auditor to prepare the financial statements at this time.

SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED) For the Year Ended June 30, 2012

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Not Applicable

SECTION IV - STATUS OF PRIOR YEAR FINDINGS

The status of findings and questioned costs noted in prior years is noted below:
