Independent Accountant's Report on the  
Application of Agreed-Upon Procedures

**DR. PHILIP C. WILLIAMS, PRESIDENT  
MCNEESE STATE UNIVERSITY  
UNIVERSITY OF LOUISIANA SYSTEM  
STATE OF LOUISIANA**  
Lake Charles, Louisiana

We have performed the procedures enumerated below, which were agreed to by you, as president of McNeese State University (University), solely to assist you in evaluating whether the accompanying Statement of Revenues and Expenses (Statement) of the University Athletic Department is in compliance with the National Collegiate Athletic Association (NCAA) Constitution 3.2.4.16 for the year ended June 30, 2013, and to assist you in your evaluation of the effectiveness of the University Athletic Department's internal control over financial reporting as of June 30, 2013. University management is responsible for the Statement (unaudited) and related notes (unaudited) and compliance with NCAA requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of management of the University. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures that we performed and our findings are as follows:

**MINIMUM COMPLIANCE AGREED-UPON PROCEDURES**

**INTERNAL CONTROL**

1. We obtained through discussion with management, the identity of those aspects of internal control which management considers unique to intercollegiate athletics.
2. We performed procedures to test specific elements of the control environment and accounting systems that are unique to intercollegiate athletics to determine adherence to established policies and procedures relating to revenues and expenses. The following procedures were performed:

- (a) We randomly selected one cash receipt batch sheet of ticket sales and followed it through the University's cash control system to determine adherence to established policies and procedures.
- (b) We selected the two largest athletic department cash disbursement transactions and followed them through the University's accounting system to determine adherence to established policies and procedures.
- (c) We discussed with and observed athletic department personnel to determine their compliance with policies and procedures related to the control and safeguarding of unsold tickets.

We found no exceptions as a result of these procedures.

3. We obtained internal auditor reports issued during the reporting period relating to the intercollegiate athletics program to identify any significant deficiencies noted.

No significant deficiencies were noted in the Internal Audit reports obtained.

4. We obtained the University's procedures for gathering information on the nature and extent of affiliated and outside organizational activity for or on behalf of the University's intercollegiate athletics program and determined the University's adherence to those procedures.

We found no exceptions as a result of this procedure.

## **STATEMENT OF REVENUES AND EXPENSES**

### **GENERAL PROCEDURES**

1. We obtained written representations from management as to the fair presentation of the Statement of the intercollegiate athletics program, completeness of required schedules and related financial information, adequacy of controls, compliance with NCAA rules and legislation, completeness of the list of all known affiliated and outside organizations, and other information we considered necessary for the year ended June 30, 2013.
2. We verified the mathematical accuracy of the amounts on the Statement and agreed the amounts to supporting schedules provided by the University and/or the University's general ledger.

We found no exceptions as a result of this procedure.

3. We compared and agreed a sample of five operating revenue receipts and a sample of five expense disbursements obtained from the supporting schedules to adequate supporting documentation.

One exception was noted in the test of operating expenses, which resulted in a \$190 overstatement of membership and dues and an understatement of other operating expenses.

4. We compared each major operating revenue and expense account for June 30, 2012, and June 30, 2013, to identify variances of 20 percent or greater between individual revenue and expense accounts that are 5 percent or more of the total and obtained the University's explanations.

As a result of our procedures, we identified variances of 20 percent or greater in the following revenue and expense accounts that are 5 percent or more of the total:

**Revenues**

Royalties, licensing, advertising and sponsorships

**Expenses**

Direct facilities, maintenance, and rental

We obtained and documented the University's explanations for these variances. All explanations were reasonable.

5. We compared the budgeted revenues and expenses to actual revenues and expenses for each operating revenue and expense account for the year ended June 30, 2013, to identify any variances of 20 percent or greater in individual revenue and expense accounts that are 5 percent or more of the total and obtained the University's explanations.

As a result of our procedure, we identified variances of 20 percent or greater between budget and actual amounts in the following individual accounts that are 5 percent or more of the total:

**Revenues**

Contributions

**Expenses**

Team travel

We obtained and documented the University's explanations for these variances. All explanations were reasonable.

**MINIMUM AGREED-UPON PROCEDURES  
FOR REVENUES**

1. We used a schedule prepared by the University and compared the value of the tickets sold, complementary tickets provided, and unsold tickets for the reporting period per the schedule to the related revenue reported by the University in the

general ledger and Statement and to the related attendance figures. We agreed the information on the schedule to the supporting game reconciliations for a random sample of one football, one basketball, and one baseball game and recalculated the reconciliations for the games tested.

Exceptions were noted in the football season ticket sales, resulting in overstatements of tickets sales of \$5,260 and other operating revenue of \$340, and understatements of program sales, concessions, novelty sales, and parking of \$5,540 and royalties, licensing, advertisements, and sponsorships of \$60. In addition, an exception was noted on the individual game reconciliation which resulted in overstatements of other operating revenue of \$120 and ticket sales of \$3,767, and understatements of contributions of \$646 and program sales, concessions, novelty sales, and parking of \$3,257. Statement A was corrected.

2. We reviewed the University's methodology for allocating student fees to the intercollegiate athletics program, compared and agreed student fees reported in the Statement to student enrollment, recalculated the totals, and obtained explanations from the University regarding any variances in excess of 5 percent.

We found no exceptions as a result of this procedure.

3. We selected the away game with the largest game guarantee settlement and agreed the amount to the general ledger and to the contractual agreement. We recalculated the settlement report for the game tested.

We found no exceptions as a result of this procedure.

4. We have obtained and reviewed supporting documentation for each contribution of monies, goods, or services received directly by an intercollegiate athletics program for any affiliated or outside organization, agency, or group of individuals, two or more, that are not considered corporate sponsors that constitute 10 percent or more of all contributions received for intercollegiate athletics during the reporting period.

The McNeese State University Foundation, Inc., an outside organization, contributed monies, goods, and services for or on behalf of the athletic department that exceeded 10 percent of the total contributions.

5. We inquired about direct state or other governmental support recorded by the University during the period with state appropriations, institutional authorizations, and other corroborative supporting documentation and were informed by management that the University had no direct state or other governmental support as defined by NCAA guidelines.

6. We compared direct institutional support recorded by the University during the reporting period with state appropriations, institutional authorizations, and/or other corroborative supporting documentation. We recalculated the totals.

We found no exceptions as a result of this procedure.

7. We compared indirect institutional support recorded by the University during the reporting period with state appropriations, institutional authorizations, and other corroborative supporting documentation and recalculated the totals.

We found no exceptions as a result of this procedure.

8. We compared and agreed the NCAA/Conference distributions, including all tournament revenues, to the general ledger and/or the Statement based on the relevant terms and conditions of all agreements related to the University's participation in NCAA/Conference tournaments during the reporting period and recalculated the totals.

We found no exceptions as a result of this procedure.

9. We obtained and inspected all agreements related to the University's participation in revenues from broadcasts, television, radio, and Internet rights during the period. We compared and agreed the related revenues to the general ledger and/or the Statement and recalculated the totals.

We found no exceptions as a result of this procedure.

10. We obtained and inspected all agreements related to the University's participation in revenues from royalties, licensing, advertisements, and sponsorships during the reporting period. We compared and agreed the related revenues to the general ledger and/or the Statement and recalculated the totals.

An exception was noted, which resulted in understatements of royalties, licensing, advertisements, and sponsorships of \$1,200, contributions of \$2,000 and fund raising, marketing, and promotions of \$2,000. Statement A was corrected.

11. We inquired about sports-camp contracts between the University and person(s) conducting the camps or clinics and were informed by management that the University had no sports camps or clinics during the reporting period.

Although the University hosted no sports camps or clinics nor did it have any revenue from sports camps during the reporting period, there were some expenses being incorrectly reported as sports-camp expenses. This was an overstatement of sports-camp expenses of \$4,950 and an understatement other operating expenses of the same amount. Statement A was corrected.

12. We randomly selected one endowment agreement and compared and agreed the classification and use of the endowment and investment income reported in the

statement for the reporting period to the uses of income as defined in the agreement and recalculated the totals.

We found no exceptions as a result of this procedure.

13. We randomly selected one operating revenue receipt from each category not previously mentioned and agreed to adequate supporting documentation and recalculated the totals.

One exception was noted resulting in an overstatement of other operating revenue of \$960 and an understatement of royalties, licensing, advertisements, and sponsorships of the same amount. Statement A was corrected.

### **MINIMUM AGREED-UPON PROCEDURES FOR EXPENSES**

1. We randomly selected a sample of four students from the listing of University student aid recipients and obtained individual student account detail for each selection. We compared total aid allocated from the related aid award letter to the student's account. We recalculated the totals.

We found no exceptions as a result of this procedure.

2. We obtained and inspected the away game with the largest settlement report received by the University during the reporting period and agreed related expenses to the University's general ledger and the Statement and recalculated totals.

One exception was noted which resulted in an overstatement of team travel of \$100. Statement A was corrected.

3. We obtained and inspected a random sample of one contractual agreement pertaining to expenses recorded by the University from guaranteed contests during the reporting period. We compared and agreed related amounts expensed by the University during the reporting period to its general ledger and Statement and recalculated the totals.

We found no exceptions as a result of this procedure.

4. We obtained from management a list of coaches and support staff/administrative personnel paid by the University and related entities during the reporting period. We examined the contracts for the head coaches from football, men's and women's basketball, and baseball, and two randomly selected support staff/administrative personnel. The following procedures were performed:

- (a) We compared and agreed the financial terms and conditions of each selected to the related salaries, benefits, and bonuses recorded by the University and related entities in the Statement.
- (b) We obtained and inspected W-2s and 1099s for each selection.
- (c) We compared and agreed related W-2s and 1099s for each selection to the related salaries, benefits, and bonuses paid by the University and related entities' expense recorded by the University in the Statement during the reporting period.
- (d) We recalculated the totals.

We found no exceptions as a result of these procedures.

- 5. We inquired about coaches and support staff/administrative personnel that were paid by third parties and were informed by management that no salaries were paid by third parties.

We found no exceptions as a result of this procedure.

10. We randomly selected one operating expense from each category not previously mentioned, agreed to adequate supporting documentation, and recalculated the totals.

We found no exceptions as a result of this procedure.

#### **MINIMUM AGREED-UPON PROCEDURES FOR NOTES AND DISCLOSURES**

1. We obtained from University management a list of contributions of monies, goods, or services received directly by the athletic department to identify any individual contributions that constitute 10 percent or more of the total contributions. We obtained and reviewed supporting documentation for each such contribution and ensured the source of funds and goods and services, as well as the value associated with these items, were properly disclosed.

The McNeese State University Foundation, Inc., an outside organization, contributed monies, goods, and services for or on behalf of the athletic department that exceeded 10 percent of the total contributions.

2. We obtained the repayment schedules for all outstanding intercollegiate athletics debt maintained or incurred by the University and or affiliated and outside organizations during the reporting period and reported in the notes. We ensured that the repayment schedule is properly disclosed within the notes to the Statement.

We found no exceptions as a result of this procedure.

#### **MINIMUM AGREED-UPON PROCEDURES FOR AFFILIATED AND OUTSIDE ORGANIZATIONS**

1. We obtained written representation from management of the University that the McNeese State University Foundation, Inc., and the Cowboy Club Gaming Account were the only outside organizations created for or on behalf of the athletic department.
2. We obtained from management statements for all affiliated and outside organizations and performed the following:
  - (a) We agreed the amounts reported in the statements to the University's general ledger.

- (b) We reconciled the cash disbursements made by the organization for or on behalf of the University's intercollegiate athletics programs or employees to the revenues reported on the University's Statement.
