Why We Conducted This Audit

We conducted our audit of the State Board of Certified Public Accountants of Louisiana (Board) for the period July 1, 2011, through June 30, 2013, to determine if the financial statements are fairly stated and if the Board complied with state laws and regulations.

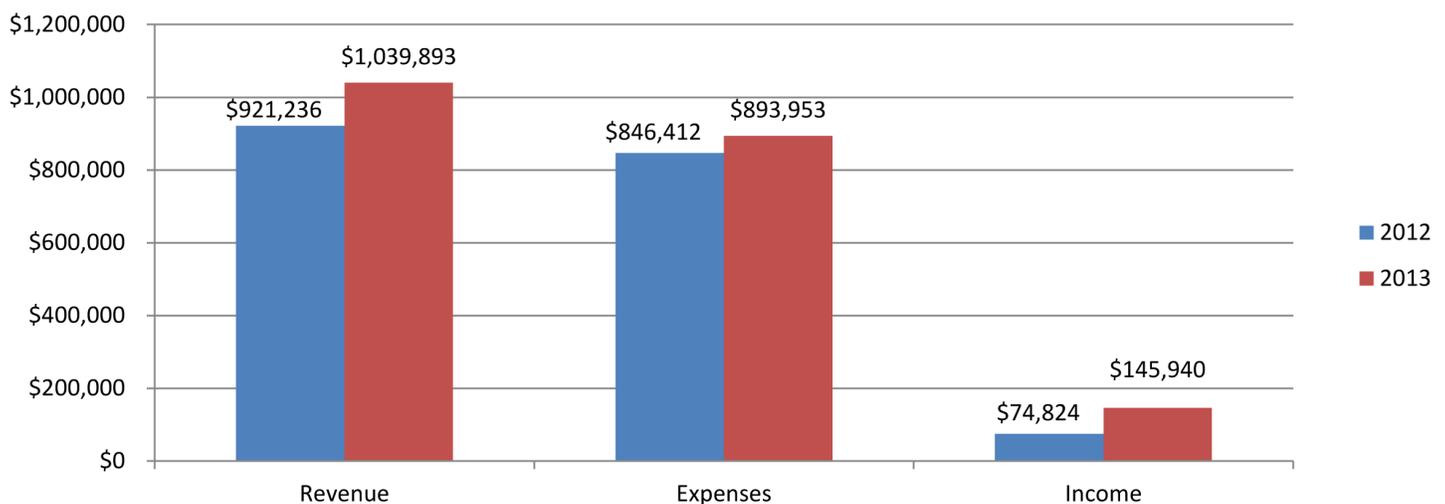

What We Found

- The Board’s financial statements are fairly stated.
- We did not identify any deficiencies in internal control or instances of noncompliance or other matters that are required to be reported.
- The Board’s operating revenue, expenses, and income increased in fiscal year 2013.

Board Purpose

The legislative purpose of the State Board is to administer and enforce the Louisiana Accountancy Act. By doing so, the Board acts in the public interest. The Board, like other licensing boards of Louisiana, has functions and powers that are similar to each branch of government.
