Independent Accountant's Report on the
Application of Agreed-Upon Procedures

**MR. LAWRENCE HOWELL, INTERIM PRESIDENT
NICHOLLS STATE UNIVERSITY
UNIVERSITY OF LOUISIANA SYSTEM
STATE OF LOUISIANA
Thibodaux, Louisiana**

We have performed the procedures enumerated below, which were agreed to by you, as interim president of Nicholls State University (University), solely to assist you in evaluating whether the accompanying Statement of Revenues and Expenses (Statement) of the Nicholls State University Athletic Department is in compliance with the National Collegiate Athletic Association (NCAA) Constitution 3.2.4.16 for the year ended June 30, 2013, and to assist you in your evaluation of the effectiveness of the University Athletic Department's internal control over financial reporting as of June 30, 2013. University management is responsible for the Statement (unaudited) and related notes (unaudited) and compliance with NCAA requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of management of the University. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures that we performed and associated findings are as follows:

MINIMUM COMPLIANCE AGREED-UPON PROCEDURES

INTERNAL CONTROL

1. We obtained, through discussion with management, the identity of those aspects of internal control that management considers unique to intercollegiate athletics.
2. We performed procedures to test specific elements of the control environment and accounting systems that are unique to intercollegiate athletics to determine the adherence to established policies and procedures relating to revenues and expenses. The following procedures were performed:

- (a) We randomly selected one cash receipt batch sheet of ticket sales and followed it through the University's cash control system to determine adherence to established policies and procedures.
- (b) We selected the 10 largest athletic department cash disbursement transactions and followed them through the University's accounting system to determine adherence to established policies and procedures.
- (c) We inquired and observed the athletic department personnel to determine their compliance with policies and procedures related to the control and safeguarding of unsold tickets.

We found no exceptions as a result of these procedures.

3. We inquired of management about the involvement of the University's internal auditor in the intercollegiate athletics program and were informed the internal auditor conducted no athletics-related internal audits during the reporting period.
4. We obtained the University's procedures for gathering information on the nature and extent of affiliated and outside organizational activity for or on behalf of the University's intercollegiate athletics program and determined the University's adherence to these procedures.

We found no exceptions as a result of these procedures.

STATEMENT OF REVENUES AND EXPENSES

GENERAL PROCEDURES

1. We obtained written representations from management as to the fair presentation of the Statement of the intercollegiate athletics program, completeness of required schedules and related financial information, adequacy of controls, compliance with NCAA rules and legislation, completeness of the list of all known affiliated and outside organizations, and other information we considered necessary for the year ended June 30, 2013.
2. We verified the mathematical accuracy of the amounts on the Statement and agreed the amounts on the Statement to supporting schedules provided by the University and/or the University's general ledger.

We found no exceptions as a result of these procedures.

3. We compared and agreed a sample of five operating revenue receipts and a sample of five expense disbursements obtained from the supporting schedules to adequate supporting documentation.

We found no exceptions as a result of these procedures.

4. We compared each major operating revenue and expense account for June 30, 2012, and June 30, 2013, to identify variances of 20 percent or greater between individual revenue and expense accounts that are 5 percent or more of the total. We obtained and documented the University's explanations for any significant variations.

As a result of our procedures, we identified variances of 20 percent or greater in the following revenue and expense accounts that are 5 percent or more of the total:

Revenues

Student fees

Game guarantees

Direct institutional support

Expenses

Team travel

5. We compared the budgeted revenues and expenses to actual revenues and expenses for each major operating revenue and expense account for the year ended June 30, 2013, to identify any variances of 20 percent or greater in individual revenue and expense accounts that are 5 percent or more of the total. We obtained and documented the University's explanations for any significant variations.

As a result of our procedures, we identified variances of 20 percent or greater in the following individual revenue and expense accounts that are 5 percent or more of the total:

Revenues

Foundation income

Expenses

Operating services

MINIMUM AGREED-UPON PROCEDURES FOR REVENUES

1. Using a schedule prepared by the University, we compared the value of the tickets sold, complementary tickets provided, and unsold tickets for the reporting period per the schedule to the related revenue reported by the University in the general ledger and Statement and to the related attendance figures. We agreed the information on the schedule to the supporting game reconciliation for a random sample of one football, one basketball, and one baseball game. We recalculated the reconciliations for the games tested.

We found no exceptions as a result of these procedures.

2. Based on the University's methodology for allocating student fees to the intercollegiate athletics program, we compared and agreed student fees reported in the Statement to student enrollment and obtained explanations from the University regarding any variances in excess of 5 percent. We recalculated the totals.

We found no exceptions as a result of these procedures.

3. We selected the away game with the largest game guarantee settlement and agreed the amount to the general ledger and to the contractual settlement. We recalculated the settlement report for the game tested.

We found no exceptions as a result of these procedures.

4. We obtained and reviewed supporting documentation for each contribution of monies, goods, or services received directly by an intercollegiate athletics program for any affiliated or outside organization, agency, or group of individuals (two or more) not included above (e.g., contributions by corporate sponsors) that constitutes 10 percent or more of all contributions received for intercollegiate athletics during the reporting period.

The Nicholls State University Foundation, Inc., is an outside organization that contributed monies, goods, or services for or on behalf of the athletic department that exceed 10 percent of total contributions.

We inquired of management regarding direct state or other governmental support recorded by the University during the reporting period with state appropriations, institutional authorizations, and/or other corroborative supporting documentation and were informed by management that no direct state or other governmental support was received during the reporting period.
6. We compared direct institutional support recorded by the University during the reporting period with state appropriations, institutional authorizations, and/or other corroborative supporting documentation and recalculated the totals.

We found no exceptions as a result of these procedures.

We found no exceptions as a result of these procedures.

8. Based on the relevant terms and conditions of one randomly selected agreement related to the University's participation in revenues from NCAA/Conference tournaments during the reporting period, we compared and agreed the related revenues to the University's general ledger and/or the Statement. We recalculated the totals.

We found no exceptions as a result of these procedures.

Based on the relevant terms and conditions of all agreements related to the University's participation in revenues from royalties, licensing, advertisements, and sponsorships during the reporting period, we compared and agreed related revenues to the general ledger and/or the Statement. We recalculated the totals.

We found no exceptions as a result of these procedures.

11. We obtained a schedule listing all sports-camp contracts between the University and the person conducting University sports camps or clinics during the reporting period, the total amount of revenue generated for each camp, the charge per participant, and the number of participants for each camp. We randomly selected one individual camp participant cash receipt from the schedule and agreed the cash receipt to the Statement based on the University's methodology for recording revenues for the camps. We recalculated the totals.

We found no exceptions as a result of these procedures.

12. We inquired with management regarding endowment agreements and investment income received for the reporting period and were informed by management that the University did not have any endowment agreements or receive revenues from investment income in support of the athletic department during the reporting period.

13. We randomly selected one operating revenue receipt from each category not previously mentioned and agreed to adequate supporting documentation. We recalculated the totals.

We found no exceptions as a result of these procedures.

MINIMUM AGREED-UPON PROCEDURES FOR EXPENSES

1. We selected a random sample of four students from the listing of University student aid recipients during the reporting period, obtained individual student-account detail for each selection, and compared total aid allocated from the related aid award letter to the student's account. We recalculated the totals.

We found no exceptions as a result of these procedures.

NOTES TO THE FINANCIAL STATEMENT

(UNAUDITED)

1. CONTRIBUTIONS

Individual contributions to the athletic department from the Nicholls State University Foundation, Inc., totaling \$283,420, exceeded 10 percent of the total contributions included in Statement A.

2. CAPITAL ASSETS

Capital assets are reported at cost at the date of acquisition or their estimated fair value at the date of donation. For movable property, the University's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized if they exceed \$100,000. Any infrastructure exceeding \$3 million must be capitalized, but the athletic department does not have any infrastructure that meets that criterion. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the assets, generally 40 years for buildings and infrastructure, 20 years for depreciable land improvements, and 3 to 10 years for most movable property. All departments within the University follow standardized policies and procedures prescribed by state laws and regulations for acquiring, approving, depreciating, and disposing of capital assets. As of June 30, 2013, the University has no debt associated with its athletic department's capital assets.

Capital asset activity for the athletic department for the year ended June 30, 2013, is as follows:

	Balance June 30, 2012	Additions	Retirements	Balance June 30, 2013
