INDEPENDENT AUDITORS' REPORT

To the Jefferson Davis Parish Police Jury
Jennings, Louisiana

We have audited the accompanying primary government financial statements of the Jefferson Davis Parish Police Jury, as of and for the year ended December 31, 2000, as listed in the table of contents. These financial statements are the responsibility of the Jefferson Davis Parish Police Jury's management. Our responsibility is to express an opinion on these financial statements based on our audit.

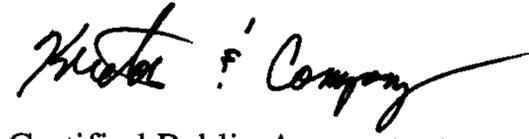

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

A primary government is a legal entity or political body and includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate. Such legally separate entities are referred to as component units. In our opinion, the primary government financial statements present fairly, in all material respects, the financial position of the primary government of the Jefferson Davis Parish Police Jury as of December 31, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

However, the primary government financial statements, because they do not include the financial data of component units of the Jefferson Davis Parish Police Jury, do not purport to, and do not, present fairly the financial position of the reporting entity of the Jefferson Davis Parish Police Jury, as of December 31, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the primary government financial statements taken as a whole. The accompanying information listed as supplemental and additional information in the table of contents is presented for purposes of additional analysis and is not a required part of the primary government financial statements of the Jefferson Davis Parish Police Jury. Also, the accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 15, 2001 on our consideration of the Jefferson Davis Parish Police Jury's internal control structure and compliance with laws and regulations.

Notes to the Financial Statements
As of and for the Year ended December 31, 2000

INTRODUCTION

The Jefferson Davis Parish Police Jury is the governing authority for Jefferson Davis Parish and is a political subdivision of the State of Louisiana. The police jury is governed by 13 jurors representing the various districts within the parish. The jurors serve four-year terms, which expire on January 12, 2004.

Louisiana Revised Statutes 33:1236 gives the police jury various powers in regulating and directing the affairs of the parish and its inhabitants. The more notable of these are the power to make regulations for its own government; to regulate the construction and maintenance of roads, bridges, and drainage systems; to regulate the sale of alcoholic beverages; and to provide for the health and welfare of the poor, disadvantaged, and unemployed in the parish. Funding to accomplish these tasks is provided by ad valorem taxes, beer and alcoholic beverage permits, state revenue sharing, and various other state and federal grants.

Jefferson Davis Parish occupies 560 square miles with a population of approximately 33,100. The police jury maintains approximately 604 miles of roads, 132 paved and 472 gravel. Police jury offices are located in the parish courthouse in Jennings with road maintenance facilities located at four primary and two secondary locations within the parish.

The accounting and reporting policies of the primary government of the Jefferson Davis Parish Police Jury conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of the Louisiana Revised Statutes 24:517 and to the guides set forth in the *Louisiana Governmental Audit Guide*, and to the industry audit guide, *Audits of State and Local Governmental Units*, published by the American Institute of Certified Public Accountants. Our examination was also made in accordance with the provisions of *Government Auditing Standards*, promulgated by the United States Comptroller General, as they pertain to financial and compliance audits.

The following is a summary of the more significant accounting policies.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Jefferson Davis Parish Police Jury is the financial reporting entity for Jefferson Davis Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14 established criteria for determining which component units should be considered part of the Jefferson Davis Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is the financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

Notes to the Financial Statements
As of and for the Year ended December 31, 2000

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on the organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the police jury has determined that the following component units are part of the reporting entity:

Notes to the Financial Statements
As of and for the Year ended December 31, 2000

The police jury has chosen to issue financial statements of the primary government (police jury) only; therefore, none of the previously listed component units are included in the accompanying financial statements.

These primary government (police jury) financial statements include all funds, account groups, and organizations for which the police jury maintains the accounting records. The Thirty-First Judicial District Criminal Court Fund for which the police jury maintains the accounting records is considered part of the primary government (police jury).

GASB Statement 14 provides for the issuance of primary government financial statements that are separate from those of the reporting entity. However, the primary government's (police jury) financial statements are not a substitute for the reporting entity's financial statements. The police jury has chosen to issue financial statements of the primary government only. As such, these financial statements are not intended to and do not report on the reporting entity but rather are intended to reflect only the financial statements of the primary government (police jury).

Considered in the determination of component units of the reporting entity were the Clerk of Court, Tax Assessor, School Board, Sanitary Landfill Commission, the District Attorney for the Thirty-First Judicial District, and the various municipalities in the parish. It was determined that these governmental entities are not component units of the Jefferson Davis Parish Police Jury reporting entity. All are governed by independently elected officials except the Landfill Commission which has Commissioners appointed by the member governments (see Note 16). The police jury, primary government, neither appoints governing boards nor designates management, the entities are legally separate, and are fiscally independent of the Jefferson Davis Parish Police Jury. They are considered by the police jury to be separate, autonomous governments and issue financial statements separate from those of the Jefferson Davis Parish Police Jury reporting entity.

B. BASIS OF PRESENTATION

The accompanying financial statements of the Jefferson Davis Parish Police Jury have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

C. FUND ACCOUNTING

The accounts of the police jury are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets liabilities, fund equity, revenues and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into four generic fund types and two broad fund categories. A description of the fund types and account groups used by the police jury follows.

Governmental Funds

Governmental funds are used to account for all or most of the police jury's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds include:

General Fund

The General Fund is the general operating fund of the police jury and accounts for all financial resources, except those required to be accounted for in other funds.

Special Revenue Funds

Used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Projects Funds

Used to account for the revenues and expenditures associated with building and site improvements.

Debt Service Funds

Used to account for annual payments of principal and interest on long-term general obligation debt.

Account Groups

General Fixed Asset Account Group

Used to record the police jury's fixed assets

General Long-Term Debt Account Group

Used to record the police jury's long-term liabilities.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by all governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

JEFFERSON DAVIS PARISH POLICE JURY
Jennings, Louisiana

Notes to the Financial Statements
As of and for the Year ended December 31, 2000

Revenues

Ad valorem taxes and the related state revenue sharing (which is based on population and homesteads in the parish) are recorded as revenue in the budgetary period the taxes are intended to finance. Ad valorem taxes are assessed on a calendar year basis, become due on November 15, of each year, and become delinquent after December 31. The taxes are generally collected in December of the current year and January and February of the ensuing year.

Federal and state aid and grants are recorded when the parish is entitled to the funds.

Interest income on time deposits is recorded when the interest has been earned.

Substantially all other revenues are recorded when received.

Expenditures

Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid (and any other financing source/use) are accounted for as other financing sources (uses).

E. BUDGET PRACTICES

The proposed budget for the fiscal year ended December 31, 2000, was made available for public inspection at the police jury office on December 14, 1999. A public hearing was held on December 29, 1999, for suggestions and comments from taxpayers, and the proposed budget was formally adopted by the police jury on December 29, 1999. The budget, which included proposed expenditures and the means of financing them for the General Fund and all special revenue funds, was published in the official journal ten days prior to the public hearing.

The budget is prepared on a cash basis of accounting. Formal budget accounts are integrated into the accounting system during the year as a management control device, and the budget is amended with the approval of the police jury when necessary. Unexpended appropriations lapse at year end and must be reappropriated in the next year's budget to be expended. Formal encumbrance accounting is not utilized by the Police jury. Budget amounts included in the accompanying financial statements include the original adopted budget amounts and all subsequent amendments. The reconciliation of amounts reported on Page 5 and 6 to amounts reported on Page 4 is as follows:

F. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money-market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the police jury may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana.

G. FIXED ASSETS AND LONG-TERM OBLIGATIONS

Fixed assets of governmental funds are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the general fixed assets account group. Public domain or infrastructures are not capitalized. Interest costs incurred during construction are not capitalized. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost, or estimated historical cost if historical cost is not available. Assets with estimated costs amounted to approximately \$1,634,929.

Long-term obligations expected to be financed from governmental funds are accounted for in the general long-term debt account, not in the governmental funds.

The two account groups are not funds. They are concerned only with the measurement of financial position, not with measurement of results of operations.

H. COMPENSATED ABSENCES

Employees of the police jury earn one week of vacation leave after six months of employment and two weeks each year thereafter. Employees also earn five days of sick leave each year. All leave must be taken during the year earned. Upon resignation, unused leave is forfeited. There are no accumulated and vested benefits relating to vacation and sick leave that require disclosure to conform with generally accepted accounting principles.

I. TOTAL COLUMNS ON COMBINED STATEMENTS

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

2. CASH AND CASH EQUIVALENTS

At December 31, 2000, the police jury has cash and cash equivalents (book balances) totaling \$3,461,465, as follows:

On hand (undeposited checks)	\$ 161,724
Demand deposits	2,540,483
Time deposits	<u>759,258</u>
Total	<u>\$ 3,461,465</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Cash and cash equivalents (bank balances) at December 31, 2000, are secured as follows:

Uninsured, Uncollateralized:	
Pledged securities held by pledging Bank's agent in Bank's name	<u>3,022,540</u>
Total	<u>\$ 3,424,212</u>

Even though the pledged securities are considered uncollateralized-uninsured under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the police jury that the fiscal agent has failed to pay deposited funds upon demand.

3. INVESTMENTS

At December 31, 2000, the police jury has investments totaling \$565,000. The carrying amount approximates the fair value. These investments consist of time deposits that are secured by a pledge of securities from the underlining financial institution. These are considered uninsured-uncollateralized (Category 3) under the provisions of GASB statement 3.

4. RESTRICTED ASSETS

Restricted assets were applicable to the following at December 31, 2000:

	Capital Projects Fund	Debt Service
Cash	\$ 32,046	\$ 11,891
Receivables, net of allowance for doubtful accounts	<u>50,000</u>	<u>-</u>
Total	<u>\$ 82,046</u>	<u>\$ 11,891</u>

The capital projects amounts are to be used in the construction of the Jefferson Davis Parish County Agent Office, improvements for SubRoad District #2 and improvements and maintenance for Fire District #6. The debt service funds are restricted to the payment of bond and loan principal, interest and related debt financing costs only.

11. PENSION PLANS

Substantially all employees paid by the Jefferson Davis Parish Police Jury are members of the following statewide retirement systems: Parochial Employees Retirement System of Louisiana (PERS), the Louisiana District Attorneys Retirement System (LDARS), and the Louisiana State Employees' Retirement System (LASERS). These systems are a cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Two employees are members of the Parochial Employees Retirement System's Deferred Retirement Option Plan (DROP) in which employee contributions cease, but employer contributions continue. Pertinent information relative to each plan follows:

A. Parochial Employees Retirement System of Louisiana (PERS)

Plan Description. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All participating employees of the police jury are members of Plan A, except for three police jurors.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds are eligible to participate in the System. As of January 1, 1997, elected officials, except coroners and justices of the peace, may no longer join the retirement system. Those elected officials enrolled as of January 1, 1997 will maintain membership as long as they hold office. Effective July 1, 1997, new employees age 55 and older and who have 40 quarters or more of social security participation have an option to join the parochial system. New employees meeting the age and social security criteria have up to 90 days from the date of hire to elect to participate. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only prior to January 1, 1980, the benefit is equal to one percent of final average salary plus \$24 for each year of supplemental-plan-only service earned prior to January 1, 1980 plus 3 percent of final-average salary for each year of service credited after the revision date. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The system issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees Retirement System of Louisiana, Post Office Box 14619, Baton Rouge, Louisiana, 70898-4619, or by calling (225)-928-1361.

Funding Policy. Under Plan A, members are required by state statute to contribute 9.50% of their annual covered salary and the Police jury is required to contribute at an statutory rate based on actuarially determined computations. The rate for 2000 is 7.75% of covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible (except for Orleans and East Baton Rouge parishes) by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Police jury are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer

JEFFERSON DAVIS PARISH POLICE JURY
Jennings, Louisiana

Notes to the Financial Statements
As of and for the Year ended December 31, 2000

contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Police jury's contribution to the System under Plan A for the year ending December 31, 2000, 1999 and 1998 was \$87,874, \$91,129, \$89,026, respectively, equal to the required contributions for each year.

B. Deferred Retirement Option Plan (DROP)

Plan Description. The system is composed of two distinct plans, Plan A and Plan B, with separate eligibility provisions. Two employees are members of Plan A.

Only those members who have been eligible for normal retirement for one full year are eligible for DROP. Also, credit based on reciprocal recognition may not be used in DROP eligibility. A member who becomes a DROP participant ceases to be a member of the system and loses all rights of membership. No credit for retirement is earned during DROP. The duration of the DROP period must be specified and may not be extended. You may enter DROP only once. The plan allows the pension benefit that is accrued at that point in time (eligible for retirement for one year) to be calculated and to accumulate with the retirement system while the DROP participant continues to work, freezing the future retirement benefits at retirement. The pension benefit is calculated as if the member were actually retiring. This DROP amount is deposited to a DROP account with the retirement system for a period not to exceed 3 years. The participant continues to work during this period of time. At the end of the DROP period and upon termination of employment, the sum of the DROP account is paid out and the retiree begins receiving that same benefit directly as the retirement benefit. This is the same amount that was calculated for DROP payments. The participant has forfeited earning additional credit during the DROP period in return for the accumulation of the DROP account. Under Plan A, the eligibility provisions are 30 years of creditable service at any age, 25 years of creditable service at age 55, or 10 years of creditable service at age 60. The accumulated DROP account will not be paid out until the system receives written verification from the employer that the participant has actually terminated service. Payment may be made in a lump sum or in an annuity which will consist of payments calculated on the same basis chosen for the member's normal retirement option including the same interest rate assumption and mortality rates.

The system issues an annual publicly available financial report that includes financial statements and required supplementary information for the system. The report may be obtained by writing to the Parochial Employees Retirement System of Louisiana, Post Office Box 14619, Baton Rouge, LA 70898-4619, or by calling (225) 928-1361.

Funding Policy. Under Plan A, employee contributions cease but employer contributions continue. The rate for 1997 for the police jury to contribute is 7.75% of covered payroll. The contribution requirements of the police jury are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The police jury's contribution to the system under Plan A for the year ending December 31, 2000, 1999 and 1998 was \$512, \$2,329, and \$2,329 respectively, equal to the required contribution for each year.

C. Louisiana District Attorneys' Retirement System (LDARS)

Plan Description. The police jury pays a portion of the district attorney and assistant district attorneys salaries per LA RS 16:6. The district attorney and assistance district attorneys are members of the Louisiana District Attorneys

Notes to the Financial Statements
As of and for the Year ended December 31, 2000

Retirement System (System), a multiple-employer (cost-sharing), public employee retirement system(PERS), controlled and administered by a separate board of trustees.

The system issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana District Attorneys' Retirement System, 2109 Decatur Street, New Orleans, Louisiana, 70116, or by calling (504)-947-5551.

Funding Policy. Members are required by state statute to contribute 7 % of their annual covered salary and the police jury is required to contribute at a statutory rate based on actuarially determined computations. The rate for 2000 is 0 % of covered payroll. Contributions to the System also include .2 percent of the ad valorem taxes collected throughout the state and revenue sharing funds as appropriated by the legislature. The .2 percent is the statutory set rate that can be adjusted by the Public Retirement Systems' Actuarial Committee. State statute requires covered employees to contribute 7 % of their salaries to the System and requires each district attorney to provide employer contributions as needed to actuarially fund the system. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The police jury's contribution to the system for the year ending December 31, 2000, 1999 and 1998 was \$0, \$0, \$159, respectively, equal to the required contributions for each year.

D. Louisiana State Employees' Retirement System (LASERS)

Plan Description. The police jury also pays a portion of the Ward 2 judges salary per LA R.S. 13:1874. The judge participates in the Louisiana State Employees' Retirement System (LASERS), a multiple-employer (cost sharing) public employee retirement system (PERS), controlled and administered by a separate board of trustees.

All state employees except certain classes of employees excluded by state statute become LASERS members as a condition of employment unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Elected officials (including the Ward 2 judge) may elect to become members of LASERS.

Service and age requirements in order for a member to retire are established by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana State Retirement System, 8401 United Plaza Boulevard, Baton Rouge, Louisiana 70809, or call 1-800-256-3000.

Funding Policy. Members are required by state statute to contribute 11.5% of their annual covered salary and the police jury is required to contribute at a statutory rate based on actuarially determined computations. The rate for 2000 is 13 % of covered payroll. State statute required covered employees to contribute 7 percent of their salaries to the System and requires each district attorney to provide employer contributions as needed to actuarially fund the system. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The police jury's contribution to the System for the year ending December 31, 2000, 1999 and 1998 was \$527, \$515, \$529, respectively, equal to the required contributions for each year.

12. OTHER POST-EMPLOYMENT BENEFITS

The police jury provides post-employment benefit options for hospitalization insurance and medicare supplemental insurance for retired police jury employees, police jury members and their spouses. The benefits are provided in accordance with police jury policy. The criteria to determine eligibility include years of service and employee age. The police jury funds the benefits on a pay-as-you-go basis. Eligible employees are required to pay a set percentage rate of the premiums set at the same rate the jury sets for its active employees. The police jury will fund the remaining percentage of the premiums. In 2000, the employer rate for regular employees was set at 76% of the premiums, and the employer rate for Criminal Court Fund employees was set at 70% of the premiums. During 2000, three participants were currently eligible and \$12,270 of expenses was recognized for post-employment benefits. Expenses for post-retirement benefits are recognized as eligible participant premiums are paid.

15. LITIGATION AND CLAIMS

The police jury is involved as a defendant in law suits for personal injury, injunctive relief, mandatory injunction, and damages stemming from denial of property rezoning. No estimate of award or potential exposure to the police jury can be made at this time.

16. LANDFILL JOINT VENTURE

The police jury is a participant in a joint venture referred to as the Jefferson Davis Parish Sanitary Landfill Commission. This entity was chartered on February 17, 1984. The Commission's purpose is the establishment of a long-term plan for the disposal of solid wastes in Jefferson Davis Parish. According to the charter, each participant in the Commission is responsible for a pro rata share of any operating deficits. Likewise, any distributions of surpluses are also shared on a pro rata basis. Each participant's pro rata share is based on the number of households within each participant's unit to the total number of households within all participating units. These proportions were determined using the 1980 U. S. Census as follows:

<u>Locality</u>	<u>Number of Households</u>	<u>Percentages</u>
Jennings	4,161	.421196
Welsh	1,167	.118129
Lake Arthur	1,212	.122684
Parish (excluding Jennings, Welsh, Lake Arthur, & Elton)	<u>3,339</u>	<u>.337991</u>
Totals	<u>9,879</u>	<u>1.000000</u>

The Commission consists of six commissioners as follows: two residents of Jennings, one resident of Welsh, one resident of Lake Arthur, and two residents of Jefferson Davis Parish living outside the city limits of Jennings, Welsh, Lake Arthur and Elton. The Commission members are to be appointed by the governing body of their place of residence.

The Commission has the power and authority to employ personnel, adopt its own budget and enter into agreements necessary for the operation of the Landfill. In certain instances, some agreements must be consented to by all six members of the Commission. Separate financial statements are available from the Jefferson Davis Parish Landfill Commission upon request.

Condensed financial information for the Jefferson Davis Parish Sanitary Landfill as of December 31, 2000 were as follows:

	<u>Total</u>	<u>Police Jury (33.7991%)</u>

As of and for the Year ended December 31, 2000

Total revenues	877,120	296,459
Total expenditures	707,347	239,077
Net increase (decrease) in fund balance	169,773	57,382

As of December 31, 2000, the Commission had no long-term debt outstanding.

During 2000, the Commission voted to make a distribution to the participating governments in the amount of \$250,000. For the Jefferson Davis Parish Police Jury, the distribution amounted to \$94,498, of which \$84,498 was based on household percentages as explained above, and is recorded as other intergovernmental revenues in the Special Revenue Account Fund. The \$10,000 distribution is recorded in the General Fund. There are no amounts due to this member government at December 31, 2000.

17. FEDERAL GRANTS

The police jury participates in a number of federally assisted grant programs. These programs are subject to the program compliance audits by the grantors. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. Based on prior experience, the police jury's management feels such disallowances, if any, will be immaterial.

18. RESERVED FUND BALANCE

Reservations of fund balance show amounts that are not appropriate for expenditure or are legally restricted for specific uses. Generally, the purpose for each is indicated by the account title on the face of the balance sheet. The capital projects fund balance reserve is to be used for construction of a new County Agent office building, improvements for SubRoad District #2 and improvements and maintenance for Fire District #6. The debt service fund balance reserve is to be used for the payment of bond and loan principal, interest and related debt financing costs only.

19. FUND DEFICITS

The following individual fund had a deficit in unreserved fund balance at December 31, 2000:

<u>Fund</u>	<u>Deficit Amount</u>
Fire District No. 1	\$ 18,796

20. FUND BALANCE ADJUSTMENT TO SECTION 8 HOUSING FUND

When the police jury assumed the Section 8 program in 1994 from the Acadia-Vermilion Community Action Program (AVCAP), \$83,880 belonging to the program was retained and spent by AVCAP. Since the police jury should have received these funds from AVCAP, U.S. Department of Housing and Urban Development (HUD) withheld this amount of funding from the parish program. This generated a deficit balance, as the police jury was responsible for reimbursing HUD for these retained funds. The police jury filed suit against Assist Agency, the successor to AVCAP, and its director to recover this deficit. On September 21, 2000, a stipulated judgement was rendered in favor of the police jury and against Assist Agency for the recovery of these funds. Assist Agency has

agreed to comply with the judgement, and as a result, a receivable was established to record the reimbursable amount.

21. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended December 31, 2000, the following individual funds had expenditures which exceeded appropriations (cash basis):

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>	<u>Unfavorable Variance</u>
General Fund	\$ 1,229,088	\$ 1,229,112	\$ 24

Total	<u>\$ 3,370,963</u>	<u>\$ 3,376,839</u>	<u>\$ 5,876</u>

22. WIRELESS E911 SERVICE

The Jefferson Davis Parish Police Jury is still in the beginning phase (Phase 1) of implementing wireless E911 services. The police jury collected \$97,698 from emergency telephone service charge from wireless systems. The funds collected from the service charge will be used to buy necessary equipment, supplies, and other items needed to implement wireless E911 services.

23. NEW REPORTING STANDARD

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments." This Statement establishes new financial reporting requirements for state and local governments throughout the United States. When implemented, it will require new information and restructure much of the information that governments have presented in the past. Comparability with reports issued in all prior years will be affected. The police jury is required to implement this standard for the fiscal year ending December 31, 2004. The police jury has not yet determined the full impact that adoption of GASB Statement 34 will have on the financial statements.

OTHER REPORTS

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

To the Jefferson Davis Parish Police Jury
Jennings, Louisiana

We have audited the primary government financial statement of the Jefferson Davis Parish Police Jury, as of and for the year ended December 31, 2000, and have issued our report thereon dated June 15, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

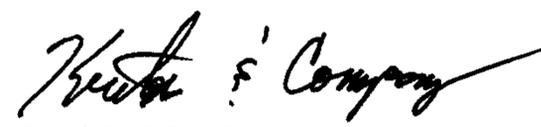

Compliance

As part of obtaining reasonable assurance about whether the Jefferson Davis Parish Police Jury's primary government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under *Government Auditing Standards* which is described in the accompanying schedule of findings and questioned costs as item 2000-1.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Jefferson Davis Parish Police Jury's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the primary government financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the primary government financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the audit committee, management, and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

REPORT ON COMPLIANCE WITH REQUIREMENT
APPLICABLE TO EACH MAJOR PROGRAM AND
INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133

To the Jefferson Davis Parish Police Jury
Jennings, Louisiana

Compliance

We have audited the compliance of the Jefferson Davis Parish Police Jury, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2000. The Jefferson Davis Parish Police Jury's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal program is the responsibility of the Jefferson Davis Parish Police Jury's management. Our responsibility is to express an opinion on the Jefferson Davis Parish Police Jury's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Jefferson Davis Parish Police Jury's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Jefferson Davis Parish Police Jury's compliance with those requirements.

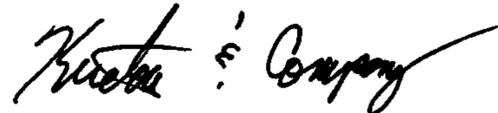

In our opinion, the Jefferson Davis Parish Police Jury complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2000.

Internal Control Over Compliance

The management of the Jefferson Davis Parish Police Jury is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Jefferson Davis Parish Police Jury's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weakness. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the finance committee, management, the Legislative Auditor, and federal and state grantor agencies. This restriction is not intended to limit the distribution of this report, which is a matter of public record.
