INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statement of benefit obligations and net assets available for benefits of the Jefferson Federation of Teachers Health & Welfare Fund as of August 31, 2001, and the related statement of changes in benefit obligations and net assets available for benefits for the year then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion the financial statements referred to above fairly present in all material respects, the benefit obligations and net assets available for benefits of the Jefferson Federation of Teachers Health & Welfare Fund as of August 31, 2001, and the changes in benefit obligations and net assets available for benefits for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information in Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

NOTES TO FINANCIAL STATEMENTS

Jefferson Federation of Teachers Health & Welfare Fund

August 31, 2001

Note 1 - FUND DESCRIPTION

The Fund was established May 9, 1983 pursuant to a collective bargaining agreement entered into by and between the Jefferson Parish School Board ("Employer") and the Jefferson Federation of Teachers ("Union"), for and on behalf of teachers and other employees engaged in covered employment under the collective bargaining agreement.

The Fund is a voluntary employee beneficiary association ("VEBA") qualified under Section 501 (c) (9) of the Internal Revenue Code and organized and administered under Louisiana State law. Consequently, a trust agreement was adopted May 9, 1983 governing the Fund's administration and a plan of benefits was adopted subsequently thereto specifying the eligibility rules for employee and dependent participation and the benefits extended by the plan.

Because the Fund has been established for the exclusive benefit of public employees and is funded pursuant to the collective bargaining agreement by contributions of a governmental agency, the Plan is a "governmental plan" exempt from the coverage of ERISA (the Employee Retirement Income Security Act of 1974). The Plan is not regulated by Section 302 (c) (5) of the Labor Management Relations Act, despite its collectively bargained status, since the Act exempts from its purview employers and unions in the public sector.

The Fund and Plan are administered by ten Trustees, five of whom are appointed by and represented by the Employer, and five of whom are appointed by and represented by the Union. In the event of an Employer-Union deadlock in the Trustee votes, the Trust Agreement requires the parties to arbitrate any question concerning the Fund's administration. Although authorized by law to offer any benefit sanctioned by Section 501 (c) (9) of the Internal Revenue Code, the Plan presently pays only dental and vision, death, and disability benefits and does not offer major medical benefits of any kind because this Fund's participants are also eligible participants in the State Employees Group Benefit Program. The Trustees of the Jefferson Federation of Teachers Health & Welfare Fund limit benefit coverage to those excess or non-core benefits not offered by the statewide Fund.

Effective January 1, 1991, the Fund began to self insure all benefits payable by the Plan with the exception of its life insurance program, which is still fully insured. The short-term disability program has been self-insured since January 1, 1989.

Beginning September 1, 2001, the Fund entered into a contract to provide a twenty-four hour help line to provide various assistance to the teachers and other related employees. Due to lack of utilization, the contract was discontinued after one year.

The Fund is self administered by an Administrative Manager and staff employed directly by the Board of Trustees.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Fund have been prepared using the accrual basis of accounting.

All contributions submitted to the Fund are administered by the Board of Trustees pursuant to the Plan of Benefits, as amended from time to time.

The Fund depreciates its furniture and equipment over useful lives of five to seven years using the straight-line method. Depreciation expense for the year ended August 31, 2001 was \$16,707.

The liabilities for disability claims incurred but not reported were estimated by the Plan's actuary based on a percentage of the premium projections for the following year.

The liabilities for dental vision claims were estimated by the Plan's actuary based on a percentage of paid claims for the year ended August 31, 2001.

Investments are valued at quoted market price.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

At various times during the period, cash on deposit with one banking institution exceeded the \$100,000 insured by the Federal Deposit Insurance Corporation. Management monitors the financial condition of the financial institution on a regular basis, along with their balances in cash and cash equivalents to minimize the potential risk.

Note 3 - FUNDING POLICY

The Jefferson Parish School Board contributed \$1,193,378 to the Fund for the year ended August 31, 2001. An employee may voluntarily contribute additional amounts, determined by the Trustees to purchase coverage for the employee's eligible dependents. Employees contributed \$787,375 during the period to obtain dependent coverage.

If eligibility is terminated due to cessation of employment or a reduction in hours, an employee may pay for extended coverage pursuant to COBRA, state law and Plan rules for limited terms and under the limitations specified in the law and the Plan.

Note 4 - INVESTMENTS

The Plan's assets are held by a bank custodian and are invested by a professional investment manager pursuant to investment guidelines issued by the Trustees and pursuant to the bank's written contract with the Board. Investments that represent five percent or more of total Plan assets are separately identified below:

	<u>Fair market value</u>
Investments at fair value as determined by quoted market price:	
Corporate bonds and notes	\$ 2,331,582
Common stock	<u>1,458,791</u>
 Net appreciation in fair value	 <u>\$ 3,790,373</u>

The Fund's investments (including investments bought, sold and held during the period) decreased in value by \$452,933 as follows:

Investments at fair value as determined by quoted market price:	
Mutual funds	\$ (55,440)
Corporate bonds and notes	121,666
Common stock	<u>(519,159)</u>
 Net depreciation in fair value	 <u>\$ (452,933)</u>

The fair value of individual investments that represent five percent or more of the plan's total assets are as follows:

GMAC debentures	\$ 250,000
-----------------	------------

Note 5 - INCOME TAXES

The Fund is exempt from income taxes under Section 501 (c) (9) of the U.S. Internal Revenue Code.

Note 6 - RETIREMENT PLAN

Employees of the Fund participate in the Louisiana Teachers' Retirement System and therefore, accrue credits in that Fund's defined benefit plan in accordance with its own eligibility rules. No information is available concerning the Louisiana Teachers' Retirement System's actuarial soundness, net assets, or actuarial present value of accumulated vested and non-vested benefits.

Note 7 - LEASING ARRANGEMENTS

The Fund's office facilities are rented under a non-cancelable operating lease through October 31, 2003. Future fixed rentals under the lease are as follows:

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

We have audited the financial statements of Jefferson Federation of Teachers Health & Welfare Fund as of and for the year ended August 31, 2001 and have issued our report dated January 25, 2002. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Jefferson Federation of Teachers Health & Welfare Funds' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The result of our tests disclosed no instances of noncompliance that are required to be reported under "Government Auditing Standards."

Internal Control over Financial Reporting

In planning and performing our audit, we considered Jefferson Federation of Teachers Health & Welfare Funds' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.

This report is intended for the information of the management, Board of Trustees, and the Legislative Auditor's office. However, this report is a matter of public record, and its distribution is not limited.

Respectfully submitted,
