Independent Accountants' Report on Applying Agreed-Upon Procedures

HONORABLE MAYOR AND MEMBERS OF
THE CITY COUNCIL
Village of Oak Ridge, Louisiana

We have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of the Village of Oak Ridge, Louisiana and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Village of Oak Ridge, Louisiana's compliance with certain laws and regulations during the year ended December 31, 2001 included in the accompanying *Louisiana Attestation Questionnaire*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for materials and supplies exceeding \$15,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

Expenditures were made during the year for public works exceeding \$100,000 in the capital projects fund for a sewer system expansion. All purchases were examined and determined to be in accordance with LSA-RS 38:2211-2251.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget and the amendments to the budget .

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of a meeting held on December 6, 2000 which indicated that the budget had been adopted by the aldermen of the Village of Oak Ridge, Louisiana by a unanimous vote. There were no amendments to the budget.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5%.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:

- a) trace payments to supporting documentation as to proper amount and payee

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

- b) determine if payments were properly coded to the correct fund and general ledger account; and

All of the payments were properly coded to the correct fund and general ledger account.

c) *determine whether payments received approval from proper authorities.*

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the accountant and the Mayor.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12(the open meetings law).

The Village of Oak Ridge, Louisiana is only required to post a notice of each meeting and the accompanying agenda on the door of the town hall. In addition to complying with this procedure, postcards were mailed each month to notify each member of the meetings.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees which may constitute bonuses, advances, or gifts.

A reading of the minutes of the district for the year indicated no approval for the payments noted. We also inspected payroll records for the year and noted no instances which would indicate payments to employees which would constitute bonuses, advances, or gifts.

Our prior year report dated March 24, 2000, did not include any comments or unresolved matters.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Village of Oak Ridge, Louisiana and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

VILLAGE OF OAK RIDGE, LOUISIANA
NOTES TO FINANCIAL STATEMENTS

INTRODUCTION

The Village of Oak Ridge, Louisiana was incorporated July 1, 1867 and operates under a mayor-board of aldermen form of government. The accounting and reporting practices of the Village of Oak Ridge, Louisiana, except as noted in the following paragraph, conform to generally accepted accounting principles applicable to governmental units. Such accounting procedures also conform to the accounting requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, to the industry audit guide, Audits of State and Local Governmental Units published by the American Institute of Certified Public Accountants, and to Governmental Accounting and Financial Reporting Principles, published by the National Council on Governmental Accounting.

The Village operated with a fiscal year ending June 30 until 1986 when the Town Board of Aldermen adopted an official reporting period ending December 31. The resolution adopting a new accounting period was effective beginning January 1, 1987.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

As the municipal governing authority, for reporting purposes, the Village of Oak Ridge, Louisiana is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government village, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Village of Oak Ridge, Louisiana for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the municipality to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the municipality.

VILLAGE OF OAK RIDGE, LOUISIANA
NOTES TO FINANCIAL STATEMENTS

2. Organizations for which the Village does not appoint a voting majority but are fiscally dependent on the Village.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

As required by generally accepted accounting principles, these financial statements present the Village of Oak Ridge, Louisiana (the primary government). The Village has no potential component units to include at this time.

B. FUND ACCOUNTING

The Village uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds of the Village are classified into two categories: governmental and proprietary. In turn, each category is divided into separate fund types. The fund classifications and a description of each existing fund type follow:

Governmental Funds

Governmental funds are used to account for all or most of the Village's general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds include:

1. General Fund - the general operating fund of the Village accounts for all financial resources, except those required to be accounted for in other funds.
2. Special Revenue Funds - account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
3. Debt Service Funds - account for transactions relating to resources retained and used for the payment of principal and interest on those long-term obligations recorded in the general long-term obligation account group.

VILLAGE OF OAK RIDGE, LOUISIANA
NOTES TO FINANCIAL STATEMENTS

4. Capital Project Funds - account for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds.

Proprietary Funds

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on income measurement, which, together with the maintenance of equity, is an important financial indicator. Proprietary funds include:

1. Enterprise funds - account for operations (a) where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

General Fixed Assets and General Long-Term Debt Account Groups:

General Fixed Assets - The General Fixed Assets Account Group is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date of donation. No depreciation is recorded on general fixed assets.

General Long-Term Debt Account Group - The General Long-Term Debt Account Group is used to account for long-term liabilities to be financed from governmental funds.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

C. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by all governmental funds, expendable trust funds, and agency funds. The governmental funds use the following practices in recording revenues and expenditures:

VILLAGE OF OAK RIDGE, LOUISIANA
NOTES TO FINANCIAL STATEMENTS

Revenues are recognized when they are available and measurable.

Expenditures are recognized when incurred.

All proprietary funds are accounted for using the accrual basis of accounting. Their revenues are recognized when earned, and their expenses are recognized when incurred.

D. BUDGETS AND BUDGETARY ACCOUNTING

The Board of Aldermen adopts annual budgets for the General Fund and the Water and Sewer Enterprise Fund which are prepared on the basis of accounting utilized by those funds. Annual budgets are not adopted for the other funds.

E. ENCUMBRANCES

Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Village of Oak Ridge, Louisiana.

F. CASH, CASH EQUIVALENTS AND INVESTMENTS

For reporting purposes, cash and investments include (cash, demand deposits, time deposits, and certificates of deposit). Under state law, the Village of Oak Ridge, Louisiana may deposit funds within a fiscal agent bank. Further, the Village may invest in time certificates of deposit of state banks organized under the laws of Louisiana, national banks having their principal office in the state of Louisiana, in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

G. RESTRICTED ASSETS

The ordinance authorizing the Water and Sewer System revenue bonds requires that the Village establish a sinking fund (Revenue Bond Sinking and Reserve Fund) in an amount not less than the maximum annual requirement for the payment of principal and interest on all the revenue bonds. At December 31, 2001, the sinking fund balance is sufficient to satisfy such bond ordinance requirements.

The ordinance further requires that the proceeds from the sale of revenue bonds be expended for certain capital improvements to the Water and Sewer System. The proceeds are maintained as Restricted Assets-Bond Construction Fund until such time as needed to fund the Water and Sewer System construction program.

VILLAGE OF OAK RIDGE, LOUISIANA
NOTES TO FINANCIAL STATEMENTS

The ordinance further requires that the Village establish a Reserve Fund and a Contingency Fund with monthly deposits of \$80 and \$82 to the respective funds beginning June 20, 1991. The Reserve Fund deposits shall continue until \$19,193.36 is accumulated in the fund.

At December 31, 2001, the Reserve and Contingency fund balances were sufficient to satisfy such bond ordinance requirements:

Cash and Investments in Certificates of Deposit	<u>\$39,609</u>	<u>\$ -</u>	<u>\$2,600</u>	<u>\$42,209</u>

H. PROPERTY, PLANT AND EQUIPMENT

General Fixed Assets Accounts Group - Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Group of Accounts, rather than in governmental funds. Public domain ("infrastructure") general fixed assets including roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems, are not capitalized along with other general fixed assets. No depreciation has been provided on such assets.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their estimated fair value on the date donated. Repairs and maintenance are recorded as expenditures; renewals and betterments are capitalized.

Water and Sewer System - Additions to the utility plant in service are recorded at cost or, if contributed property, at their estimated fair value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of fixed assets is recorded by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income.

Depreciation has been calculated on each class of depreciable property using the straight-line method and an estimated useful life of 40 years.
