INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners,
Lafourche Parish Communications District,
Raceland, Louisiana.

We have audited the accompanying financial statements of the business-type activities of the Lafourche Parish Communications District (the District), State of Louisiana, a component unit of the Lafourche Parish Council, as of and for the year ended December 31, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to an express opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Lafourche Parish Communications District, as of December 31, 2006, and the changes in financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated February 23, 2007 on our consideration of the Lafourche Parish Communications District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis on pages 3 through 7 is not a required part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Lafourche Parish Communications District

The Management's Discussion and Analysis of the Lafourche Parish Communication District's (the District) financial performance presents a narrative overview and analysis of the District's financial activities for the year ended December 31, 2006. This document focuses on the current year's activities, resulting changes, and currently known facts. Please read this document in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The District's assets exceeded its liabilities at the close of fiscal year 2006 by \$2,546,192 (net assets), which represents a 14.89% increase from last fiscal year.

The District's total revenues increased \$123,943 (or 12.54%) primarily due to an increase in the number of customers maintaining a wireless phone and an increase in interest earnings.

The District's total expenses increase \$3,653 (or .47%) primarily due to an increase in personal services.

OVERVIEW OF THE FINANCIAL STATEMENTS

This financial report consists of four parts: (1) management's discussion and analysis, (2) financial statements, (3) supplementary information and (4) special reports by certified public accountants and managements. The financial statements also include notes to the financial statements, which explain some of the information in the financial statements in more detail.

REQUIRED FINANCIAL STATEMENTS

The financial statements of the District report information about the District using accounting methods similar to those used by private sector businesses. These statements offer short- and long-term financial information about its activities. The Statement of Net Assets includes all of the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and the obligations to District creditors (liabilities). It also provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the year's revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Assets. This statement measures the success of the District's operations over the year and can be used to determine whether the District has successfully recovered all its costs through its fees and other charges, profitability and credit worthiness. The final required financial statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the District's cash receipts and cash payments throughout the year. This statement reports cash receipts, cash payments and net changes in cash resulting from operations, investing, and financing activities.

FINANCIAL ANALYSIS OF THE DISTRICT

The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets report information in a way that the reader can determine if the District is in a better financial position as a result of the year's activities. These statements report the net assets of the District and changes in them. The net assets (difference between assets and liabilities) can be used to measure financial health or financial position. Over time, increases and decreases in the District's net assets are one indicator as to whether its financial health is improving or deteriorating. There are other non-financial factors to consider, such as changes in economic conditions, population growth, new or changed government legislation and technology changes.

NET ASSETS

As noted earlier, net assets may serve over time as a useful indicator of the District's financial position. As of December 31, 2006, assets exceeded liabilities by \$2,546,192. A portion of the District's net assets (4.75%) reflects its investment in capital assets (e.g., office furniture, fixtures and equipment; vehicles, machinery and equipment) net of related debt and unspent proceeds. Consequently, these assets are not available for future spending. At December 31, 2006, the majority of the total assets remain in cash and cash equivalents (76.44%).

Condensed Statements of Net Assets

	December 31,		Dollar Change
	2006	2005	
Current and other assets	\$ 3,115,745	\$ 2,841,025	\$ 274,720
Capital assets	587,821	608,867	(21,046)
Total assets	<u>3,703,566</u>	<u>3,449,892</u>	<u>253,674</u>
Long-term liabilities outstanding	1,035,000	1,125,000	(90,000)
Other liabilities	122,374	108,650	13,724
Total liabilities	<u>1,157,374</u>	<u>1,233,650</u>	<u>(76,276)</u>
Net Assets:			
Invested in capital assets, net of related debt	121,128	57,174	63,954
Unrestricted	<u>2,425,064</u>	<u>2,159,068</u>	<u>265,996</u>
Total net assets	<u>\$ 2,546,192</u>	<u>\$ 2,216,242</u>	<u>\$ 329,950</u>

Condensed Changes in Net Assets

	For the year ended December 31,		Dollar Change	Percent Change
	2006	2005		
Operating revenues	\$ 995,297	919,706	\$ 75,591	8.22%
Non-operating revenues	116,986	68,634	48,352	70.45%
Total revenues	<u>1,112,283</u>	<u>988,340</u>	<u>123,943</u>	12.54%
Depreciation expense	68,550	77,693	(9,143)	-11.77%
Other operating expense	651,351	633,964	17,387	2.74%
Non-operating expense	62,432	67,023	(4,591)	-6.85%
Total expenses	<u>782,333</u>	<u>778,680</u>	<u>3,653</u>	0.47%
Increase in net assets	329,950	209,660	120,290	57.37%
Net assets beginning of year	2,216,242	2,006,582	209,660	10.45%
Net assets end of year	<u>\$ 2,546,192</u>	<u>\$ 2,216,242</u>	<u>\$ 329,950</u>	14.89%

The Statement of Revenues, Expenses, and Change in Net Assets provide answers as to the nature and source of changes in net assets. Non-operating revenues increased as interest rates increased from the prior year, while non-operating expenses declined due to a reduction of interest expense as debt principal is paid down.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets as of December 31, 2006, amounts to \$587,821 (net of accumulated depreciation). This investment in capital assets includes construction in progress, office furniture, equipment and fixtures; machinery and equipment and a vehicle (see table below).

	2006	2005
Construction in progress	\$ 382,634	\$ 341,179
Office furniture, equipment and fixtures	5,377	11,388
Machinery and equipment	414,577	457,191
Vehicle	18,875	18,875
	<u>821,463</u>	<u>828,633</u>
Less: accumulated depreciation	<u>(233,642)</u>	<u>(219,766)</u>
Totals	<u>\$ 587,821</u>	<u>\$ 608,867</u>

Major capital asset events during the current fiscal year included the following:

- The District purchased two new computers, a new printer, and two new digital modems these purchases increased capital assets by \$6,131.
- The District hired a consulting firm to assist in the purchase of a computer aided dispatch (CAD) system; the consulting fees of \$41,455, paid in 2006, were added to construction in progress and will be added to the cost of the CAD system in 2007.
- In 2006 the District disposed of numerous communication devices which had become obsolete to the District's system. Therefore, capital assets and accumulated depreciation were reduced by \$54,756 and \$ 54,673, respectively.

Additional information on the District's capital assets can be found in the Note 3, Exhibit D of this report.

Long-term Debt

At December 31, 2006, the District had \$1,125,000 in long-term debt outstanding as compared to \$1,210,000 in the prior year which is a decrease of \$85,000, the amount of 2006 principal payments on outstanding debt. More detailed information about the District's long-term debt is presented in Note 5, Exhibit D of this report.

ECONOMIC FACTORS

The District's Board of Directors and management considered many factors when setting the 2007 budget. One of those factors is the economy. Over the last few years, the District's customer base both commercially and residentially, has risen steadily as a result of populated growth in Lafourche Parish.

Operating revenues available for recovering operating expenses are projected to be \$988,000, slightly lower than 2006 revenues. Due to new technology available to consumers, the number of landline phones has decreased due to wireless capabilities. Non-operating revenues are projected to increase due to higher interest earnings. Budgeted operating expenses are expected to rise over 2006 actual by 70.31 %. This increase is mostly due to a \$250,000 increase in capital expenditures for the purchase of the Computer Aided Dispatch system and a \$100,000 increase in construction in progress for the elevation of property for the new building project.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Board of Directors of the Lafourche Parish Communications District, P.O. Box 1157, Raceland, LA 70394.

NOTES TO FINANCIAL STATEMENTS**Lafourche Parish Communications District**

December 31, 2006

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Lafourche Parish Communications District (the District) conform to accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

a) Nature of Activities

The District assesses a fixed monthly service charge to customers of local telephone and wireless communication companies providing service in Lafourche Parish. The companies collect the charge then remit those collections to the District. The District uses this service charge to run an emergency 911 system.

b) Reporting Entity

The District was formed by an Act of the State Legislature on July 14, 1983. A board was approved and became effective on October 5, 1989.

The District is a component unit of the Lafourche Parish Council. The District has reviewed all of its activities and determined that there are no potential component units which should be included in the financial statements.

c) Method of Accounting

On January 1, 2003, the District adopted the provisions of Statement No. 34 which established standards for external financial reporting for all state and local governmental entities which includes a statement of net assets, a statement of revenues, expenses and changes in net assets and a statement of cash flows. It requires the classification of net assets into three components - invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c) Method of Accounting (continued)

- Invested in capital assets, net of related debt - This component of net assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net assets component as the unspent proceeds.
- Restricted - This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net assets - This component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

The financial statements of the District are prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred. Under GASB Statement No. 20, the District has elected not to apply Financial Accounting Standards Board provisions issued after November 30, 1989.

d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e) Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the District considers cash and cash equivalents to include amounts in checking accounts, investments with maturities of three months or less at purchase. The certificate of deposit that is owned by the District is a 30 day certificate of deposit that is renewed automatically upon maturity. For purposes of the statement of cash flows, cash and cash equivalents include certificate of deposit with maturity dates of three months or less.

f) Accounts Receivable

The financial statements of the District contain no allowance for uncollectible accounts receivable. It is the opinion of management that receivables at December 31, 2006 are collectible and possible bad debt losses are immaterial.

g) Prepaid Maintenance

Prepaid maintenance consists of the cost of maintaining a new 911 communication system and is amortized over a period of five years.

h) Deferred Bond Issuance Costs

The District has recorded deferred bond issuance costs which are amortized by the interest method over the term of the related debt.

i) Capital Assets

Capital assets are valued at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are valued at their estimated fair value on the date of donation. The costs of normal maintenance and repairs that do not add value to the asset or materially extends its useful life are not capitalized. Major outlays for capital assets and improvements are capitalized at completion of construction projects.

Depreciation of all capital assets, excluding land, is calculated over the estimated useful lives using the straight-line method as follows:

Office furniture, equipment and fixtures	5 years
Machinery and equipment	5 - 10 years
Vehicle	5 years

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j) Vacation and Sick Leave

Vacation and sick leave are determined by length of service for full-time employees as follows:

1 - 3 years	1 week vacation and 1 week sick leave
3 - 9 years	2 weeks vacation and 2 weeks sick leave
10 years or more	3 weeks vacation and 3 weeks sick leave

Vacation and sick leave must be used by the end of the year. Vacation is paid to employees upon termination of employment; sick leave is not paid. There is no material accumulated balance of unpaid leave as of December 31, 2006

k) Revenues and Expenses

Operating revenue and expenses consists of those revenues and expenses that result from the ongoing principal operations of the District. Operating revenues consist primarily of charges for services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions or ancillary activities.

When an expense is incurred for purposes for which there are both restricted and unrestricted net assets available, it is the District's policy to apply those expenses to restricted assets to the extent such are available and then to unrestricted net assets. At December 31, 2006 the District had no restricted net assets.

Note 2 - DEPOSITS

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States or any other federally insured investments, certificates of deposit of any bank domiciled or having a branch office in the State of Louisiana, guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations.

Bank Deposits:

State law requires deposits (cash and certificates of deposits) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes the FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision.

The year-end balances of deposits for bank balances and reported amounts are as follows:

	<u>Bank Balances</u>	<u>Report Amount</u>	
Cash	\$ 2,781,585	\$ 2,749,828	
Investments - certificates of deposit	81,474	81,358	
Totals	\$ 2,863,059	\$ 2,831,186	

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a written policy for custodial credit risk. As of December 31, 2006, \$2,581,585 of the District's bank balance of \$2,863,059 was exposed to custodial credit risk. These deposits were uninsured and

Note 2 - DEPOSITS (Continued)

collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

At December 31, 2006, cash and certificates of deposits in excess of the FDIC insurance were adequately collateralized in accordance with state law by securities held by unaffiliated banks for the account of the District. The Governmental Accounting Standards Board (GASB), which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the deposits are considered subject to custodial credit risk under the provisions of GASB Statement No. 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 3 - CHANGES IN CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2006 was as follows:

	Balance January 1, 2006	Additions	Deletions	Balance December 31, 2006
Capital assets not being depreciated:				
Construction in progress	\$ 341,179	\$ 41,455	\$ -	\$ 382,634
Capital assets being depreciated:				
Office furniture, equipment and fixtures	11,388	-	(6,011)	5,377
Machinery and equipment	457,191	6,131	(48,745)	414,577
Vehicle	18,875	-	-	18,875
Total capital assets being depreciated	487,454	6,131	(54,756)	438,829
Less accumulated depreciation for:				
Office furniture, equipment and fixtures	(11,269)	(119)	6,011	(5,377)
Machinery and equipment	(190,881)	(67,172)	48,662	(209,391)
Vehicle	(17,616)	(1,258)	-	(18,874)
Total accumulated depreciation	(219,766)	(68,549)	54,673	(233,642)
Total capital assets being depreciated, net	267,688	(62,418)	(83)	205,187
Total capital assets, net	\$ 608,867	\$ (20,963)	\$ (83)	\$ 587,821

Construction in progress consists of work done in prior year to construct a new building.

Note 4 – ACCOUNTS PAYABLE AND ACCRUED EXPENDITURES

Accounts payable and accrued expenditures at December 31, 2006 consisted of the following:

Vendors	\$ 935
Salaries and benefits	12,314
Interest on long-term debt	<u>19,125</u>
Total	<u>\$ 32,374</u>

Note 5 - LONG-TERM DEBT

On September 1, 2001, the District issued \$1,500,000 of special revenue bonds, series 2001. The serial bonds carry interest rates of 5.10% which are repayable through September 1, 2016 primarily from charges for services.

The following is a summary of the bond transactions of the District for the year ended December 31, 2006:

Bonds payable at January 1, 2006	\$1,210,000
Bonds retired	<u>85,000</u>
Bonds payable at December 31, 2006	<u>\$1,125,000</u>

The annual requirements to amortize all long-term debt outstanding at December 31, 2006 are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2007	90,000	57,375	147,375
2008	90,000	52,785	142,785
2009	95,000	48,195	143,195
2010	105,000	43,350	148,350
2011-2016	<u>745,000</u>	<u>138,465</u>	<u>883,465</u>
Totals	<u>\$1,125,000</u>	<u>\$340,170</u>	<u>\$1,465,170</u>

Note 6 - CENTRAL FIRE STATION LEASE

A lease with Lafourche Parish Fire Protection District No. 1, which allows the District use of office space in the Central Fire Station, is automatically renewed indefinitely with each party having the option to terminate at any time, accordingly the lease is accounted as an operating lease. The lease rental expense for 2006 was \$10,800.

Note 7 - RISK MANAGEMENT

The District is exposed to various risks of loss related to workers compensation; torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. No settlements were made during the year that exceeded the District's insurance coverage.

Note 8 - COMMITMENTS

The Federal Communications Commission (FCC) and the Louisiana State Legislature have issued rulings and statutes requiring wireless telecommunication providers to provide the number and location of the caller to the communications district when a caller accesses 911. State statutes require the caller location service to be operating within one year of collecting a consumer fee for the service.

The District implemented the rulings and has begun collecting the service charge effective January 1, 2000. Proceeds from the consumer service charge, \$606,390 for the year ended December 31, 2006, shall be used for the payment of service provider and district costs associated with system implementation. However, the district shall not make payments to service providers unless there is a cooperative endeavor agreement between the district and the provider delimiting the cost of implementation. The District has completed all cooperative endeavor agreements.

Note 9 - COMPENSATION OF BOARD MEMBERS

No compensation was paid to members of the Board of Commissioners for the year ended December 31, 2006.

SUPPLEMENTARY INFORMATION SECTION

Bourgeois Bennett

INDEPENDENT AUDITOR'S REPORT ON ADDITIONAL INFORMATION

To the Board of Commissioners,
Lafourche Parish Communications District,
Raceland, Louisiana.

Our report on our audit of the financial statements of the Lafourche Parish Communications District for the year ended December 31, 2006 appears on pages 1 and 2. That audit was conducted for the purpose of forming an opinion on the financial statements. The information contained in Schedule 1 and 2, which is of a nonaccounting nature, is not a required part of the financial statements, and is presented for purposes of additional analysis. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly we express no opinion on it.

STATUS OF IMPLEMENTATION OF
WIRELESS E911 SERVICE

Lafourche Parish Communications District

December 31, 2006

(Unaudited)

The Louisiana State Legislature has enacted Act 1029 (the Act), to amend and reenact Louisiana Revised Statutes 33:9101, 9102, 9103, 9105, 9106 and 9109 relative to communication districts. The Act effective January 1, 2000 authorizes Louisiana Communication Districts to establish, by resolution of the Board of Commissioners, the ability to collect an emergency telephone service charge in the amount of \$0.85 per wireless user per month levied on wireless users of Commercial Mobile Radio Service (CMRS) who can access the 911 emergency telephone number system. Phase One requires CMRS carriers to implement locational services and have the capability to assign wireless calls usable numbers for callback and forwarding uninterrupted calls.

The purpose of the Act is to provide a funding mechanism to cover the costs of implementing enhancements to the emergency 911 telephone system for cellular and other wireless telephone users as provided by the Federal Communications Commission in Matter #94-102. Enhancements will automatically provide the wireless telephone number and wireless tower location of the wireless caller to the district when a caller accesses the 911 system. Although these enhancements currently exist for persons dialing from "landline telephones," certain technological enhancements must be made in order to provide this information from wireless devices. The districts are required to negotiate and enter into a cooperative endeavor agreement provided for by the Act with each CMRS carrier to ensure that the service charge is collected, remitted and the service enhancements are implemented. For any district having a population of not less than thirty thousand persons as of the most recent federal decennial census, the enhancements shall be completed by the district and all of the CMRS carriers providing service within the district within one year of the initial levy of the service charge. Proceeds received shall be used for payment of CMRS carrier and district costs associated with the implementation of Phase One. Any funds collected in excess of those necessary to pay costs of such enhancements may be expended for any lawful purpose of the district.

The Lafourche Parish Communications District (the District) notified each CMRS carrier by certified letter of the adoption by the Board of Commissioners of Resolution No. 99-09-01 which levied an emergency telephone service charge of \$0.85 per month per wireless CMRS connection as of January 1, 2000. The District then sent a letter to each CMRS carrier concerning signing a cooperative endeavor agreement. As of December 31, 2006, the District has completed cooperative endeavor agreements with all CMRS carriers.

STATUS OF IMPLEMENTATION OF
WIRELESS E911 SERVICE
(Continued)

The CMRS carriers have been remitting the wireless E911 service charges collected from the CMRS connections (customers) beginning January 1, 2000, accordingly the District has continued reimbursement of implementation costs. Reimbursements for implementation cost have greatly decreased in 2006 and minimal reimbursement is expected in 2007.

The District is Phase One compliant with all CMRS carriers.

The District intends to recover the costs of additional staff hired to handle additional call volume with the wireless revenues, as well as, recover other costs related to the new wireless requirements. Other wireless costs include the service charge that is assessed by the CMRS carriers based on the cost of updating their technology to implement the enhancement phase. The schedule of wireless revenues and use of wireless revenues can be found in Schedule 2 as required by the Act.

In 2006, the District and all CMRS carrier have worked toward Phase Two compliance. Phase Two requires the District and all carriers to achieve "the capability to identify the latitude and longitude of a mobile unit making a 911 call within the radius of no more than 125 meters in 67 percent of all cases." No cost recovery was deemed necessary for Phase Two compliance. As of December 31, 2006, all CMRS carriers, as well as the District, were Phase Two compliant with the exception of T-Mobile. However, as of January 12, 2007, T-Mobile is also Phase Two compliant.

**SCHEDULE OF REVENUES DERIVED FROM THE WIRELESS E911
SERVICE CHARGE AND THE USE OF SUCH REVENUES**

Lafourche Parish Communications District

For the year ended December 31, 2006

(Unaudited)

	<u>Wireless</u>
OPERATING REVENUES	
Charges for services	\$ 606,390
Other operating revenues	<u>600</u>
Total operating revenues	<u>606,990</u>
OPERATING EXPENSES	
Personal services	222,821
Supplies and materials	5,822
Other services and charges	157,873
Repairs and maintenance	35,622
Depreciation	<u>44,263</u>
Total operating expenses	<u>466,401</u>
Operating income	<u>\$ 140,589</u>

Note: Allocation of wireless operating expenses was determined by applying the percentage of wireless calls to total calls to the operating expenses described in the Statement of Revenue, Expenses and Changes in Net Assets. Other services and charges includes Phase 1 implementation costs totaling \$ 4,403. The remaining costs were allocated. Revenues from charges for services are based on actual reported revenues for wireless services. The number of total calls and wireless calls was furnished to us by the District's management.

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners,
Lafourche Parish Communications District,
Raceland, Louisiana.

We have audited the financial statements of the governmental activities, the business-type activities, and the general fund of the Lafourche Parish Communications District (the District), State of Louisiana, a component unit of the Lafourche Parish Council, as of and for the year ended December 31, 2006, and have issued our report thereon dated February 23, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Board of Commissioners, management, and the Legislative Auditor for the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
