## INDEPENDENT AUDITORS' REPORT

WEB SITE:

\* A Professional Accounting Corporation

The Honorable Irvin F. Hingle, Jr.  
Plaquemines Parish Sheriff  
Pointe-A-La-Hache, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Plaquemines Parish Sheriff, as of and for the year ended June 30, 2005, which collectively comprise the Sheriff's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Plaquemines Parish Sheriff's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Plaquemines Parish Sheriff, as of June 30, 2005, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 19, 2006, on our consideration of the Plaquemines Parish Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The required supplementary information on pages 32 through 35 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Plaquemines Parish Sheriff has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Plaquemines Parish Sheriff's basic financial statements. The other supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the Plaquemines Parish Sheriff (Sheriff) have been prepared in conformity with generally accepted accounting principles (GAAP) generally accepted in the United States of America as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accounting and reporting framework and the more significant accounting policies are discussed below.

The accounting and reporting policies of the Sheriff conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the Sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera.

As the chief law enforcement officer of the parish, the Sheriff is responsible for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, the Sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, parish occupational licenses, state revenue sharing funds, fines, costs, and bond forfeitures imposed by the district court.

For financial reporting purposes, the Sheriff includes all funds, account groups, activities, et cetera, that are controlled by the Sheriff as an independently elected parish official. As an independently elected parish official, the Sheriff is solely responsible for the operations of his office, which include the hiring and retention of employees,

**PLAQUEMINES PARISH SHERIFF**

**Notes to Basic Financial Statements (Continued)**

authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the Sheriff's office that are paid or provided by the parish council as required by Louisiana law, the Sheriff is financially independent. Accordingly, the Sheriff is a separate governmental reporting entity. Certain units of local government, over which the Sheriff exercises no oversight responsibility, such as the parish council, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish Sheriff.

**B. Basis of Presentation**

**Government-Wide Financial Statements (GWFS)**

The statement of net assets and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity, except the fiduciary funds. The Sheriff has no business-type activities.

The statement of activities presents a comparison between program revenues of the Sheriff and the cost of the function. Program revenues are derived directly from Sheriff users as a fee for services. Revenues that are not classified as program revenues, including taxes, are presented as general revenues.

**Fund Financial Statements**

The accounts of the Sheriff are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistently with legal and managerial requirements.

The various funds of the Sheriff are all classified as governmental. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the Sheriff or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

PLAQUEMINES PARISH SHERIFF  
Pointe-A-La-Hache, Louisiana

Notes to Basic Financial Statements (Continued)

Two funds of the Sheriff are considered to be major funds and are described below:

Governmental Funds --

General Fund

The General Fund, as provided by Louisiana Revised Statute 33:1422, is the principal fund of the Sheriff's office and accounts for the operations of the Sheriff's office. The Sheriff's primary source of revenue is an ad valorem tax levied by the law enforcement district. Other sources of revenue include state revenue sharing, state supplemental pay for deputies, civil and criminal fees, and fees for court attendance and maintenance of prisoners. General operating expenditures are paid from this fund.

Capital Projects Fund

The capital projects fund was established during fiscal year ended June 30, 1999. This fund is used to account for improvements to the jail facility as well as other lawful expenses and operations of the Sheriff's Office.

The following funds are nonmajor funds:

Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, et cetera. Disbursements from these funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The individual agency funds used by the Sheriff for the year ended June 30, 2005 are as follows:

Civil Fund - To account for funds held in connection with civil suits, Sheriff's sales, and garnishments and payment of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

Tax Collector Fund - Article V, Section 27 of the Louisiana Constitution of 1974, provides that the sheriff will serve as the collector of state and parish taxes and fees. The Tax Collector Fund is used to collect and distribute these taxes and fees to the appropriate taxing bodies.

Installment Fines Fund - To account for the collection of fines paid on an installment basis as authorized by the court. Transfers are made to the Bonds and Fines Fund when the fine has been completely collected and disposition is made by that fund.

Bonds and Fines Fund - To account for the collection of bonds, fines, and costs and payment of these collections to the Sheriff's General Fund and other recipients in accordance with applicable laws.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the government-wide statement of net assets and the statement of activities, governmental activities are presented using the economic resources measurement. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported.

In the fund financial statements, the current financial resources measurement focus is used. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide statement of net assets and statement of activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions."

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within 60 days of the end of the fiscal year. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

D. Assets, Liabilities and Equity

Cash, interest-bearing deposits, and investments

For purposes of the Statement of Net Assets, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Sheriff.

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds." Short-term interfund loans are reported as "interfund receivables and payables." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received.

Capital Assets

The accounting treatment for building, improvements and equipment (capital assets) depends on whether they are reported in the government-wide or fund financial statements.

In the government-wide financial statements, capital assets are capitalized at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets, which are recorded at their estimated fair value at the date of donation. Interest costs are not capitalized as they relate to fixed assets. The Sheriff's threshold for capitalization is \$1,000.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements	40 years
Equipment and vehicles	3-10 years

PLAQUEMINES PARISH SHERIFF  
Pointe-A-La-Hache, Louisiana

Notes to Basic Financial Statements (Continued)

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Long-term debt

All long-term debt to be repaid from governmental funds is reported as liabilities in the government-wide statements. The long-term debt consists of certificates of indebtedness and capital leases.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt is reported as other financing sources and payment of principal and interest reported as expenditures.

Compensated Absences

Employees of the Sheriff's office earn from 10 to 25 days of vacation leave each year, depending on their length of service and earn 5 days of sick leave. Both vacation and sick leave must be taken in the year it is earned. At June 30, 2005, the Sheriff has no leave benefits required to be accrued and reported.

Equity Classifications

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

E. Budget and Budgetary Accounting

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The chief administrative deputy prepares a proposed budget and submits it to the Sheriff for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.
2. A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Sheriff.

F. Cash, Interest-Bearing Deposits and Investments

Cash, interest-bearing deposits and investments include amounts in demand deposits, time deposits, and interest-bearing securities invested with the Louisiana Asset Management Pool (LAMP), which are stated at cost. An investment in the amount of \$4,290 at June 30, 2005 is deposited in LAMP, a local government investment pool. In accordance with GASB Codification Section 150.165, the investment in LAMP is not categorized into the three risk categories provided by GASB Codification Section 150.164 because the investment is in the pool of funds and thereby not evidenced by securities that exist in physical or book entry form. LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana, and is governed by a board of directors comprised of representatives from various local governments and statewide professional organizations. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. government, or one of its agencies, enterprises, or instrumentalities, as well as repurchase agreements collateralized by

PLAQUEMINES PARISH SHERIFF  
Pointe-A-La-Hache, Louisiana

Notes to Basic Financial Statements (Continued)

those securities. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. Under state law, the Sheriff may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana.

G. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(2) Cash and Interest-Bearing Deposits

At June 30, 2005, the Sheriff has cash and interest-bearing deposits (book balances) totaling \$1,723,351 of which \$1,476,547 is attributable to nonmajor fiduciary funds, which are not presented in the statement of net assets.

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at June 30, 2005, are secured as follows:

Bank balances	<u>\$3,326,469</u>
Federal deposit insurance	\$ 105,182
Pledged securities (category 3)	<u>3,221,287</u>
Total federal insurance and pledged securities	<u>\$3,326,469</u>

Pledged securities in Category 3 includes uninsured or unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the Sheriff's name. Even though the pledged securities are considered uncollateralized (Category 3), Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sheriff that the fiscal agent has failed to pay deposited funds upon demand.

PLAQUEMINES PARISH SHERIFF  
Pointe-A-La-Hache, Louisiana

Notes to Basic Financial Statements (Continued)

(3) Investments

The Sheriff had only one investment on which GASB Statement No. 31 applied. This investment was an investment in LAMP. GASB Statement No. 31 requires that investments that fall within the definitions of said statement be recorded at fair value. However, Statement No. 31 also states that investments in an external investment pool can be reported at amortized cost if the external investment pool operates in a manner consistent with the Security Exchange Commission's (SEC's) Rule 2a7. LAMP is an external investment pool that operates in a manner consistent with SEC Rule 2a7. LAMP is also regulated by the Treasury of the State of Louisiana and fair value of the position in the pool is the same as the value of pool shares.

At June 30, 2005, the Sheriff's investment, at cost, is \$4,290. The amortized cost of this investment at June 30, 2005 is \$4,294. Because cost approximates amortized cost, the carrying value was not adjusted.

(4) Ad Valorem Taxes

The Sheriff is the ex-officio tax collector of the parish and is responsible for the collection and distribution of ad valorem property taxes. Ad valorem taxes attach as an enforceable lien on property as of January 1, of each year. Taxes are levied by the taxing bodies in October and are actually billed to the taxpayers by the Sheriff in November. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. The taxes are based on assessed values determined by the Tax Assessor of Plaquemines Parish and are collected by the Sheriff. The taxes are remitted to the appropriate taxing bodies net of deductions for pension fund contributions.

Ad valorem taxes are budgeted and recorded in the year levied and billed. For the year ended June 30, 2005, law enforcement taxes applicable to the Sheriff's General Fund, were levied at the rate of 16.45 mills on property with assessed valuations totaling \$623,690,095.

Total law enforcement taxes levied during 2005 were \$9,698,611. Taxes receivable in the General Fund at June 30, 2005 was \$37,207 and is presented as cash on the statement of net assets because the funds were in the hands of the tax collector at June 30, 2005.

The Sheriff received ad valorem taxes that were paid under protest. It is possible that these taxes (or a portion thereof) will have to be returned to the taxpayer. The amount received of \$246,804 is reflected as a restricted asset. The estimated amount that may have to be refunded is \$76,390 and is reflected as deferred revenue on the balance sheet at June 30, 2005.

(10) Pension Plan

**Plan Description:** The Plaquemines Parish Sheriff contributes to the Sheriff's Pension and Relief Fund, a cost-sharing multiple employer defined benefit pension plan administered by the Sheriff's Pension and Relief Fund, a public corporation created in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to sheriff and deputy sheriff members throughout the State of Louisiana. The Sheriff's Pension and Relief Fund issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Sheriff's Pension and Relief Fund, P.O. Box 3163, Monroe, LA 71210-3136.

**Funding Policy:** Plan members are required to contribute 9.8% of their annual covered salary and the Plaquemines Parish Sheriff is required to contribute at an actuarially determined rate. The rate was 9.75% through September 30, 2004, and the current rate is 9.95% of annual covered payroll. The contribution requirements of plan members and the Plaquemines Parish Sheriff are estimated and may be amended by the Sheriff's Pension and Relief Fund. The Plaquemines Parish Sheriff's contributions to the Retirement System for the years ended June 30, 2005, 2004 and 2003 were \$1,170,822, \$923,966 and \$762,224, respectively.

(11) Postretirement Health Care and Life Insurance Benefits

The Sheriff provides certain continuing health care and life insurance benefits for its retired employees. Substantially all of the Sheriff's employees become eligible for those benefits if they reach normal retirement age while working for the Sheriff. These benefits for the eight retirees and similar benefits for 222 active employees are provided through a self-insurance plan. The Sheriff recognizes the cost of providing the benefits for retirees as an expenditure when the monthly premiums are due. For the year ended June 30, 2005 the amount of retiree benefit expenditures (net of participant contributions of \$17,660) approximated \$90,395.

(12) Risk Management

The Sheriff is exposed to risks of loss in the areas of health care, general and auto liability, property hazards, and workers' compensation. Health care risk, auto and professional liability, and workers' compensation risk are handled by self-insurance plans, which are explained in the following paragraphs. Property hazards are handled by purchasing commercial insurance. There have been no significant reductions in this insurance coverage during the current fiscal year, nor have settlements exceeded coverage for the past three years.

A. Health Care Liability

The Sheriff established a limited risk management program for group hospitalization insurance. The Sheriff hired Gulf South Risk Services, Inc. as administrator for this program. This plan provides employee health benefits up to a maximum of \$1,000,000 per employee in a lifetime. The Sheriff purchases commercial insurance for individual claims in excess of \$75,000.

**PLAQUEMINES PARISH SHERIFF**  
**Pointe-A-La-Hache, Louisiana**

**Notes to Basic Financial Statements (Continued)**

The General Fund of the Sheriff recognizes the assets, liabilities, revenues and expenditures of the group hospitalization insurance plan. The claims liability of \$34,406 reported in the fund at June 30, 2005, is based on the loss that is probable to have existed at the date of the financial statements and the amount of the loss that can be reasonably reduced by estimated insurance reimbursements. The Sheriff currently does not discount its claims liabilities.

**B. Auto Liability and Professional Liability**

The Sheriff established a self-insurance plan to account for and finance its uninsured risk of loss, which is administered by Gallagher Basset Services. Under this plan, the Sheriff has a claims made policy with Coregis Insurance Company. The Sheriff is liable for claims up to \$100,000 per covered employee or dependent. The aggregate maximum that the Sheriff is liable for is \$600,000 for policy year ended September 2005.

**C. Workers' Compensation**

The Sheriff established a limited risk management program for workers' compensation. The Sheriff hired Gulf South Risk Services, Inc. as the administrator for this program. The Sheriff purchases commercial insurance for individual claims in excess of \$200,000. Incurred but not paid claims have been accrued as a component of claims payable.

A reconciliation of changes in liabilities is as follows:

(15) Commitments and Contingencies

At June 30, 2005, the Sheriff is involved in several lawsuits claiming damages. All claims are covered by the self-insured plan and are addressed in Note (12), part B. As such, no accrual was needed at June 30, 2005.

(16) Expenditures of the Sheriff's Office Paid by the Parish Council

The Sheriff's office is located in a Parish Government building. The cost of maintaining and operating the parish building, as required by statute, is paid by the Plaquemines Parish Council. These expenditures are not included in the accompanying financial statements.

(17) Subsequent events

During August, 2005, Hurricane Katrina devastated Plaquemines Parish. The Sheriff estimates loss of revenue to be approximately \$3.8 million. The Sheriff anticipates the majority of this loss to be recovered through Federal and State grants. Any remaining loss will be assumed by the Sheriff's general fund. The total loss and amount of reimbursements is unknown by the Sheriff at this time.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Irvin F. Hingle, Jr.  
Plaquemines Parish Sheriff  
Pointe-A-La-Hache, Louisiana

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Plaquemines Parish Sheriff, as of and for the year ended June 30, 2005, which collectively comprise the Sheriff's basic financial and have issued our report thereon dated September 19, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Plaquemines Parish Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Plaquemines Parish Sheriff's ability to initiate, record, process, and report financial data consistent with the assertions of management in the financial statements. The reportable condition noted is described in the accompanying schedule of prior and current audit findings and management's corrective action plan as item 05-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions, and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we consider the reportable condition described as item 05-1 to be a material weakness.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Plaquemines Parish Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of prior and current audit findings and management's corrective action plan as items 05-2 and 05-3.

This report is intended solely for the information and use of management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Prior and Current Audit Findings and  
Management's Corrective Action Plan (Continued)  
Year Ended June 30, 2005

Management's Corrective Action Plan:

Sheriff Hingle has determined that it is not cost effective to achieve complete segregation of duties within the accounting department. No plan is considered necessary.

Compliance:

05-2 Property Taxes

Finding:

Property taxes, on one occasion, were not settled within the first ten days of the month following the month of collection in accordance with Louisiana Revised Statutes 47:2060.

Management's Corrective Action Plan:

Ms. Monica Nicosia, Senior Accountant, will place more emphasis on timely settlements of property taxes. This plan will be implemented immediately.

05-3 Noncompliance with Louisiana Local Government Budget Act

Finding:

Louisiana Revised Statutes (LSA-R.S.) 39:1301-1314, known as the Local Government Budget Act, requires that the budget be amended when total actual expenditures plus expected expenditures exceed the budgeted expenditures by five (5) percent or more. The General Fund had an unfavorable variance of approximately 5%.

Management's Corrective Action Plan:

When preparing the budget for the general fund for the fiscal year, several expenditures were not anticipated. We prepared an amended budget; however, our actual expenditures exceeded the budget by slightly more than the 5% allowed by law. The budget for future years will be prepared, and amended when necessary, so as to avoid unfavorable variances. This plan shall be implemented immediately by Mr. Lawrence Tabony, Chief Deputy Tax Collector.
