RE: Financial Statement Transmittal Letter  
for the Fiscal Year Ended June 30, 2007

To the Elected School Board Members and  
Citizens of Avoyelles Parish:

Louisiana law requires that an annual sworn financial statement be furnished to the Legislative Auditor within six months of the close of each fiscal year in accordance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards (GAAS) by a certified public accountant. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the Avoyelles Parish School Board for the year ended June 30, 2007.

Management's Representations

This report consists of management's representations concerning the finances of the Avoyelles Parish School Board. Consequently, the Superintendent and the Director of Business Services assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, we have established a comprehensive internal control framework designed both to protect the School Board's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Avoyelles Parish School Board's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Avoyelles Parish School Board's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Independent Auditor's Review of Financial Statements

The Avoyelles Parish School Board's financial statements have been audited by Ducote & Company, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance the financial statements of the Avoyelles Parish School Board for the fiscal year ended June 30, 2007 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Avoyelles Parish School Board's financial statements for the fiscal year ended June 30, 2007 are fairly presented in conformity with (GAAP). The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Avoyelles Parish School Board was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the

administration of federal awards. These reports are available in the Avoyelles Parish School Board's Single Audit Reports.

#### Additional Information

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Avoyelles Parish School Board's MD&A can be found immediately preceding the report of the independent auditors.

#### **PROFILE OF THE AVOYELLES PARISH SCHOOL BOARD**

The Avoyelles Parish School Board was created by Louisiana Revised Statute (LSA-R.S.) 17:51 to provide public education for the children within Avoyelles Parish. The School Board is authorized by LSA-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the state of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of 9 members who are elected from 9 districts for terms of four years.

The School Board operates 13 schools within the parish, employs more than 775 teachers and other school workers, and has a total enrollment exceeding 6,341 pupils. In conjunction with the regular educational programs, some of these schools offer pre-kindergarten, special education and/or adult education programs. In addition, the School Board provides transportation and school food services for the students.

The Annual Operating Budget serves as the foundation for the Avoyelles Parish School Board's financial planning and control. All administrators are required to submit requests for appropriation to the Director of Business Services on or before February 20<sup>th</sup> of each year. Compilation of the budget is completed by the Business Office and sent to the Superintendent for review and/or alterations by March 20<sup>th</sup> of each year. The final draft of the proposed Annual Operating Budget is presented by the Superintendent to the School Board at its regular meeting in May of each year. This gives the Board Members at least 30 days to review the budget before it is voted in an open meeting.

Before the budget is voted on by the School Board, the Budget/Finance Committee reviews the budget. The Board is also required by Louisiana law to hold at least one public hearing prior to its adoption, to publish a notice in the newspaper of the upcoming public hearing, and to make available to the public a copy of the proposed budget at least 15 days prior to the public hearing. The public hearing and the vote by the elected School Board Members on the Annual Operating Budget is held on the first Thursday in June of every year.

The approved Annual Operating Budget presents revenues by source and expenditures by function as defined by the Louisiana Board of Elementary and Secondary Education's Bulletin #1929. The Superintendent is authorized to transfer amounts between line items within a fund in accordance with proper accounting procedure without approval by the Board. However, budget amendments are required when total revenues drop 5% or more below expectations, total expenditures exceed budget estimates by 5% or more, and when beginning fund balance is less than 5% or more of its projected amount.

Budget-to-actual comparisons are provided in this report for the General Fund and each individual Special Revenue Fund.

## FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Avoyelles Parish School Board operates.

**Local economy:** Avoyelles Parish is located in the central area of Louisiana. It has a land area of 832 square miles. Interstate 49 runs north and south through the parish and the northern boundary of Avoyelles Parish is approximately 30 miles south of Alexandria, the largest metropolitan area of the region. The parish's economy is balanced among agriculture, timber, retail, and a land-based casino owned by a local Indian tribe. Although the casino remits no taxes it provides 12% of the net gaming revenues to the School Board. Consistently low wealth and income levels, approximately 67% of the national averages, and high unemployment rate of 5.9% coincide with the School Board's shallow economic base.

### Sales & Use Tax Collections

Total sales and use tax collections for all nine governmental bodies in Avoyelles Parish exceeded \$14.6 million in fiscal year 2006-07. Comparing total collections for the current fiscal year to the prior fiscal year shows a 6.43 % increase. This figure is an overall average, however, and does not necessarily reflect individual entities' collections.

### Student Enrollment Trends

Student enrollment, as shown in the bar chart below, impacts the budget in two ways: revenues received from state and federal sources, and the staffing of employees.

To the Elected School Board Members and  
 Citizens of Avoyelles Parish  
 December 21, 2007

On the revenue side, the Board receives state revenues based on the student count in grades kindergarten thru the 12<sup>th</sup> grade from the prior fiscal year and is commonly called the Minimum Foundation Program (MFP). The MFP is the State's cost of educating students in Louisiana and is based on a formula that allocates money to parish and city school systems.

On the expenditure side, the Board will reduce staff if the State does not increase the base per student amount in the MFP and/or if there is a decline in student enrollment in grades K-12 from the prior fiscal year.

Even though students in grades K-12 decreased by 341 in FY 2006-07 from the prior fiscal year, the base per student in FY 2006-07 increased to \$3,652 per pupil. The result of both changes decreased total State MFP revenues \$269,311 in FY 2006-07.

### Property Tax Values

Property tax values affect the second largest source of revenues (ad valorem tax revenues) for the school system. In fiscal year 2006-07, total property tax values in Avoyelles Parish increased 5 % to \$139 million. Taxable and homestead values reflect a minimal increases over the past five years as shown in the chart below.

<u>Fiscal Year</u>	<u>Taxable Value</u>	<u>Homestead Value</u>	<u>Total Value</u>	<u>Increase (Decrease)</u>
2002-03	71,572,030	48,173,470	119,745,500	2.00%
2003-04	74,348,170	48,814,600	123,162,770	2.00%
2004-05	79,200,760	49,954,410	129,155,170	5.00%
2005-06	82,240,799	51,043,831	133,284,630	3.00%
2006-07	87,499,779	52,428,911	139,928,690	5.00%

Modest increases or decreases in property tax values are being forecasted for the next few years. Current Maintenance and Operational ad valorem taxes of 9.6 mills will expire in 2009.

To the Elected School Board Members and  
 Citizens of Avoyelles Parish  
 December 21, 2007

**Long-term financial planning:** Each year the administration adopts educational goals and objectives as a vehicle to improve student learning. Thus, human and financial resources are allocated in the budget to achieve the adopted goals, and to support educational programs and services defined by the Board’s mission. It is a delicate balance of policy choices. It also represents a delicate balance between the educational needs of the students and the ability of the community to provide the necessary financial support. Financial policies such as reduction in personnel and redesigning transportation routes to achieve maximum cost savings had a significant impact on the current period’s financial statements.

The No Child Left Behind Act and the State’s Accountability System have placed mandates in the area of school performance in relationship to every student’s achievement. Every student is to meet the same achievement objectives by 2014 irregardless of ability levels. With these mandates in place every school is expected to show continuous academic growth in all subgroups of students. Improvement is driven through several facets of funding as well as instructional areas such as special education, limited English proficiency, remediation, enrichment, and instructional strategies for poverty students. Never before has there been this kind of need to review achievement data in the areas of subgroups of students.

Avoyelles Parish’s goal is to not have a school in any level of School Improvement as defined by the State of Louisiana. A school that does not meet or make adequate progress toward its Growth Target or Subgroup Performance will enter into School Improvement. A school that enters into School Improvement will receive additional support and assistance through school analysis, school level and district assistance team planning, and individual school needs assessments. Schools meeting their growth targets and going beyond will receive reward money to be dedicated to the school improvement process.

The following chart reflects the status of each school to the goal defined above at the beginning of the 2006-07 school year. Additional information may be viewed at the Louisiana State Department of Education’s web site <http://www.doe.state.la.us/de/uploads/11484.pdf>.

**Cash management policies and practices:** All cash receipts of the Avoyelles Parish School Board are deposited on a daily basis in interest bearing checking accounts and secured by the bank against loss. The banks pledge securities to the School Board in excess of federal deposit insurance. These securities are held by a third party bank, are released by the School Board by written request only, and must equal or exceed 110% of the balance on deposit.

A portion of monies not immediately needed are invested in certificates of deposit (CD) . The maturities of these CDs range from 90 days to 1 year, with an average maturity of 159 days. An average yield of 4.89% was achieved during the 2006-07 fiscal year as compared to 4.81% for the prior fiscal year. The remaining available funds are invested in LAMP(Louisiana Asset Management Pool) which is similar to an interest-bearing liquid account. The average rate of return on these investments for 2006-07 was 5.27%.

**Risk management:** The Avoyelles Parish School Board recognizes that there are certain risks or liabilities that could be costly. Risk management is merely deciding how to best deal with those risks and to manage the problem accordingly. Insurance and designated reserves are some of the ways to deal with those risks.

The School Board lowers its potential risks by purchasing insurance policies for (1) property and casualty, (2) errors and omissions, (3) general liability, (4) automobile liability, (5) employee fidelity, and (6) worker's compensation from companies that are approved by the Commissioner of Insurance for the State of Louisiana. The total costs for such coverage for the year ended June 30, 2007 was \$504,643.

The School Board also designated over the past few years \$3,652,403 of its General Fund – fund balance for future claims and contingencies, such as severance pay, and \$1,050,485 for future annual leave payments, and other claims and contingencies.

**Pension and other post employment benefits:** The School Board provides a defined benefit pension plan for its employees through two cost-sharing multiple-employer statewide plans. The School Board has no obligations in connection with employee benefits offered through these plans beyond its annual required payments to the plan.

The School Board sponsors, through the State of Louisiana, Group Benefits, post-retirement medical and life insurance benefits for its retired employees. As of the end of the current fiscal year, there were 482 retired employees receiving group medical benefits and 103 retired employees receiving group life insurance benefits, which are financed on a pay-as-you-go basis.

## AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Avoyelles Parish School Board for its comprehensive annual financial report for the fiscal year ended June 30, 2006. This was the 5<sup>th</sup> consecutive year that the Avoyelles Parish School Board has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

## ACKNOWLEDGEMENTS

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Business Department. We want to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit also must be given the Superintendent and the School Board Members for their unfailing support for maintaining the highest standards of professionalism in the management of the Avoyelles Parish School Board's finances.

## **FINANCIAL SECTION**

**INDEPENDENT AUDITORS' REPORT**

To the Members of the  
Avoyelles Parish School Board  
Marksville, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund of Avoyelles Parish School Board as of June 30, 2007, and for the year ended, which collectively comprise the School Board's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis of designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Avoyelles Parish School Board as of June 30, 2007 and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 21, 2007, on our consideration of the School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards, and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and the Budgetary Comparison Schedules as listed in the table of contents on pages 4-18 and 49-51, are not a required part of the basic financial statements, but are supplementary information required by the accounting principles of the Governmental Accounting Standards Board. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion thereon.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Avoyelles Parish School Board's basic financial statements. The accompanying supplementary information, presented in the table of contents as the introductory section, combining and individual nonmajor fund financial statements, and statistical tables, are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

### Management's Discussion and Analysis

June 30, 2007

We offer readers of the Avoyelles Parish School Board's financial statements this narrative overview and analysis of the financial activities of the Avoyelles Parish School Board for the fiscal year ended June 30, 2007. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages v-xi of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

#### Financial Highlights

Key financial highlights for the 2006-07 fiscal year include the following:

- Statement of Net Assets – The assets of the Avoyelles Parish School Board exceeded its liabilities at the close of the most recent fiscal year by \$29,861,887 (net assets). Of this amount, \$14,729,469 (unrestricted net assets) may be used to meet the government's obligations to students and creditors.
- Statement of Activities – The total net assets of the Avoyelles Parish School Board increased by \$3,062,358 for the year ended June 30, 2007. Most of this increase is attributable to increased per pupil MFP amounts, sound fiscal practices by management and the board, and savings by the staff.
- Governmental Funds Balance Sheet – As of the close of the current fiscal year, the Avoyelles Parish School Board's governmental funds reported a combined ending fund balance of \$18,063,132, an increase of \$3,749,965 in comparison with the prior fiscal year. The majority of this fund balance is comprised of approximately (1) \$7.7 million for spending within the General Fund, (2) \$2.4 million within Special Sales Tax Fund, (3) \$1.3 million which is reserved for the payment of outstanding bond issues within the Debt Service Funds, and (4) \$1.9 million in other governmental funds.
- General Fund's Ending Fund Balance – At the end of the current fiscal year, unreserved fund balance for the General Fund, a major fund, was \$12,376,413, or 30% of total General Fund expenditures. Approximately \$4.7 million (designated) is set aside for future claims and contingencies, while \$7.6 million (undesignated) is available for spending at the Board's discretion. A substantial portion of this undesignated amount has traditionally been set aside as a sales tax supplement for all employees to be distributed in November of 2007.
- Capital Assets – Total capital assets (net of depreciation) were \$14,118,773 or 43.82% of the total assets. The School Board uses these assets to provide educational services to children and adults; consequently, these assets are not available for future spending.

Management's Discussion and Analysis

June 30, 2007

- Long-Term Debt – The Avoyelles Parish School Board's total debt decreased \$472,735 (9.5%) during the current fiscal year. The key factor was a decrease in existing long term debt.

**Overview of the Financial Statements**

The management discussion and analysis is intended to serve as an introduction to the Avoyelles Parish School Board's basic financial statements. The School Board's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Avoyelles Parish School Board's finances, in a manner similar to a private-sector business.

- The Statement of Net Assets presents information on all of the Avoyelles Parish School Board's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Avoyelles Parish School Board is improving or deteriorating.
- The Statement of Activities presents information showing how the School Board's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).
- Both of the government-wide financial statements distinguish functions of the Avoyelles Parish School Board that are principally supported by taxes and intergovernmental revenues(governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges(business-type activities). The governmental activities of the Avoyelles Parish School Board include general government.
- The government-wide financial statements can be found on pages 19-20 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Avoyelles Parish School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Avoyelles Parish School Board can be divided into three categories: governmental funds,

**AVOYELLES PARISH SCHOOL BOARD**

Marksville, Louisiana

**Management's Discussion and Analysis**

June 30, 2007

proprietary funds, and fiduciary funds.

- **Government funds.** Government funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year.

Such information may be useful in evaluating the Avoyelles Parish School Board near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School Board's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Avoyelles Parish School Board maintains 24 individual governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund and the Special Sales Tax Fund, which are considered to be the only major funds. Data for the other 22 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The Avoyelles Parish School Board adopts an annual appropriated budget for its General Fund and each individual Special Revenue Fund. Budgetary comparison statements have been provided to demonstrate compliance with these budgets.

- **Proprietary Fund.** The Avoyelles Parish School Board maintains one proprietary fund, Workers Compensation Fund. The Board is self-insured and funds work-related injury costs. Because this service predominantly benefits governmental functions, it has been included with governmental activities in the governmental-wide financial statements.
- **Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the Avoyelles Parish School Board. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Avoyelles Parish School Board's own programs. The School Board maintains one fiduciary fund named the School Activity Agency Fund.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School Board's compliance with budgets for its major funds. The combining statements for nonmajor governmental funds are presented immediately following the required supplementary information.

**Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Avoyelles Parish School Board, assets exceed liabilities by \$29,861,887 at the close of the most recent fiscal year.

The largest portion of the Avoyelles Parish School Board's net assets total more than \$13.9 million (53.8%) and reflects its investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The School Board uses these capital assets to provide educational services to children and adults; consequently, these assets are not available for future spending. Although the Avoyelles Parish School Board's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The Avoyelles Parish School Board's overall financial position has improved in the current year. The most significant reason for the increase was sound financial planning by the school board and conservative spending by administration.

**Revenues by Source – Governmental Activities**

- Grants and Contributions Not Restricted To Specific Programs: The single largest source of revenue to the Avoyelles Parish School Board is reported in the “Grants and Contributions Not Restricted to Specific Program” and is commonly called the Minimum Foundation Program (MFP). The MFP is a distribution of approximately \$2.6 billion to 68 public school systems by the State of Louisiana for salaries and general operations. The State does not provide money for building schools or retiring debt. The distribution is based on a formula adopted by the Louisiana Board of Elementary and Secondary Education and approved by the Louisiana Legislature. The chart below lists the actual increases or decreases in MFP funds for the past 3 years.

<u>Fiscal Year</u>	<u>General Fund</u>	<u>School Food Service</u>	<u>Lasas</u>	<u>Total MFP</u>	<u>Increase (Decrease)</u>	
2004-05	\$ 24,599,806	360,000	1,300,698	26,260,505	735,560	2.9%

**AVOYELLES PARISH SCHOOL BOARD**

Marksville, Louisiana

**Management's Discussion and Analysis**

June 30, 2007

In FY 2006-07, the School Board received \$27,706,427 (52.29%) of its total revenues from the MFP. These revenues are deposited in the General Fund, LaSas and the School Food Service only. Most of the \$269,311 or .1% decrease resulted from a drop in enrollment from the prior year which was unusually high due to an influx of evacuee students resulting from hurricanes Rita and Katrina, which occurred in the fall of 2005.

- **Operating Grants and Contributions:** Operating grants and contributions totaled approximately \$12 million and are the second largest source of revenues for the School Board. Federal grants represent approximately \$9.8 million or 81.4% of the total while state grants represent approximately \$2.2 million or 18.6%. These grants and contributions are specifically restricted to certain programs, and therefore, are netted against the costs of these programs to show a true net cost. The chart below shows the operating grants and contributions by funding source.

<b>Fiscal Year</b>	<b>School Food Service</b>	<b>Title I</b>	<b>Idea B</b>	<b>Operating Grants and Contributions</b>	<b>Total</b>	<b>Increase (Decrease)</b>
2004-05	\$ 2,417,086	2,670,779	1,060,469	3,017,101	9,165,435	(6.4)%
2005-06	2,246,934	4,410,171	1,543,708	5,200,943	13,401,756	16.9%
2006-07	2,557,636	3,160,308	1,454,877	4,871,052	12,043,873	(10.1)%

In FY 2006-07, the School Board received 10.1% or \$1,357,883 less in operating grants and contributions. This is due to the prior year Impact Aid Grant which resulted from hurricanes Katrina and Rita and did not recur in the 2006-07 fiscal year. School Food Service, Title I, and Idea B Programs account for \$7.2 million or 59.6% of the total operating grants and contributions receive.

- **Sales and Use Tax Revenues:** Sales and use tax revenues are the third largest source of revenues for the Avoyelles Parish School Board. A 1½% sales tax rate is levied upon the sale and consumption of goods and services within the parish for public school education. The chart below lists the sales and use tax revenues for the past 3 years.

<u>Fiscal Year</u>	<u>General Fund</u>	<u>School Food Service</u>	<u>Nonmajor Debt Service Funds</u>	<u>Nonmajor Maintenance Funds</u>	<u>Total Collections</u>	<u>Increase (Decrease)</u>
2004-05	\$ 3,157,032	218,007	0	1,595,835	4,970,874	4.7%
2005-06	3,741,034	103,976	0	1,667,068	5,512,078	10.9%
2006-07	4,036,495	156,213	0	1,719,523	5,912,231	7.26%

In FY 2006-07, the School Board deposited \$5,912,231 of sales and use tax revenues into the General Fund, School Food Service, Debt Service Funds, and Special Sales Tax Funds. This represents 12.2% of the total revenues received. Total collections increased approximately 7.26% or \$400,153 in fiscal year 2006-2007 even though the rate did not increase. Much of the increase was attributed to the increased population due to hurricanes Katrina and Rita, which occurred in the fall of 2006, displacing thousands of individuals to various locations throughout the state and nearby states.

- **Ad Valorem Tax Revenues:** Ad valorem tax revenues, also called property tax revenues, are the fourth largest source of revenue for the School Board. Ad valorem collections are based upon the number of mills (approved annually by the School Board) and the taxable assessed value (established by the Avoyelles Parish Tax Assessor), subject to the limitations approved by the voters and the Louisiana Legislature. The chart below lists the ad valorem tax deposits for the past 3 years.

<u>Fiscal Year</u>	<u>General Fund</u>	<u>Nonmajor Special Revenue Funds</u>	<u>Nonmajor Debt Service Funds</u>	<u>Total Ad Valorem Taxes</u>	<u>Increase (Decrease)</u>
2004-05	\$ 750,907	418,693	107,536	1,277,136	1,725 (0.1%)
2005-06	799,551	432,228	70,125	1,301,904	24,768 0.2%
2006-07	870,430	471,083	70,054	1,411,567	109,663 8.42%

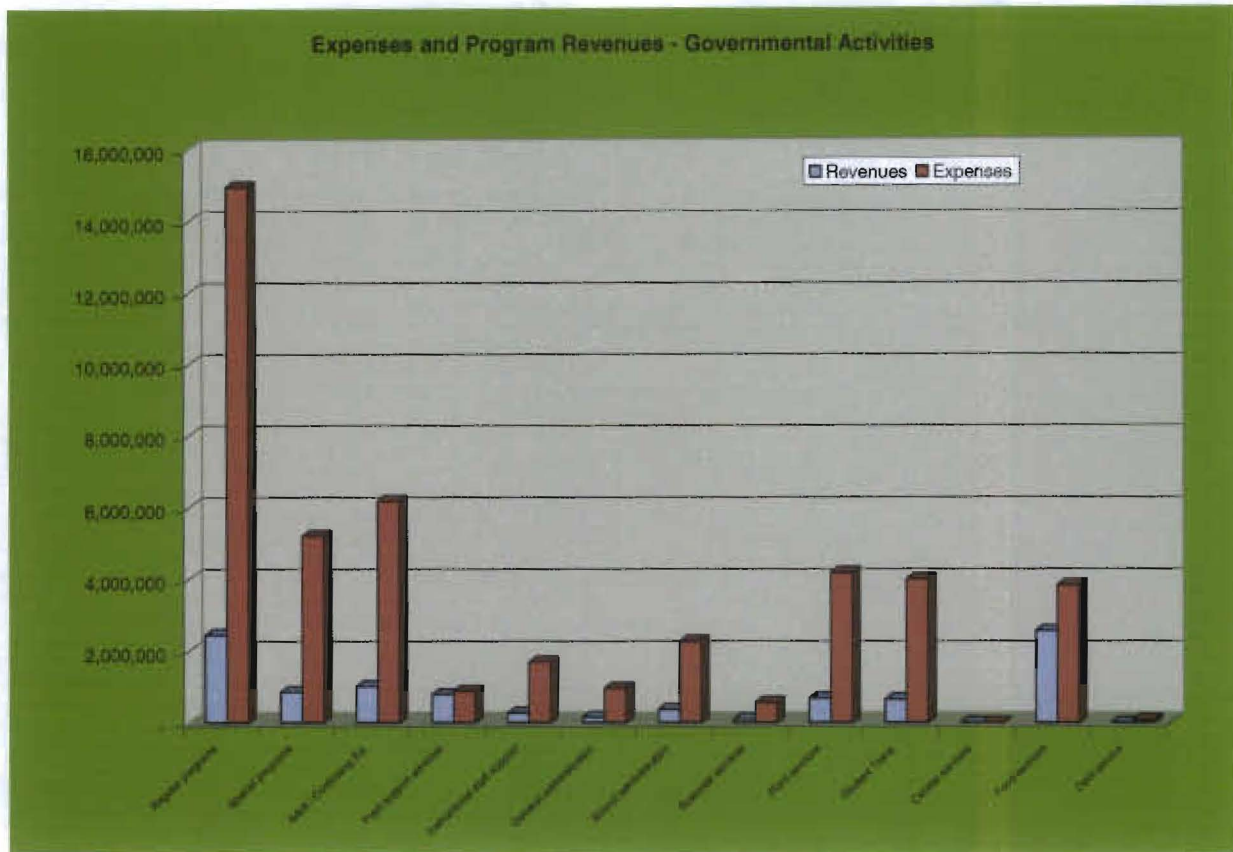

In FY 2006-07, the School Board deposited \$1,411,567 of ad valorem tax revenues into the General Fund, Special Maintenance Tax Fund, and the Debt Service Funds. This represents 2.9% of the total revenues received. The General Fund received \$70,879 more in property tax revenues from the prior fiscal year while the Debt Service Funds received \$71 less. The decrease in property tax collections in the Debt Service Funds can be attributed to maturing bonds and a decrease in indebtedness. The increase in total collections is due to reassessment and increase in property values.

## Management's Discussion and Analysis

June 30, 2007

### Expenses and Program Revenues – Governmental Activities

Expenses are classified by functions/programs. The related revenues are comprised of specific charges for the services and operating grants and contributions received to offset the expenses for the specific program. The program revenues for fiscal 2007 directly related to these expenses totaled \$9,877,553, which, along with charges for services of \$320,027, resulted in net program expenses of \$34,558,883. These net program expenses are funded by general revenues of the School Board.

- Instruction: Expenses for regular programs, special programs, and adult/continuing education are considered instructional services and relate to direct expenses of providing instruction to students. Instruction services for fiscal year 2007 totaled more than \$26.3 million or 58.7% of total expenditures. As shown in the chart below, instruction services increased approximately \$1.3 million.

2006-07		14,939,929	5,196,263	6,173,074	26,309,266	5.4%

For FY 2006-07, employee salary step increases and higher employer retirement contribution rates as well as health insurance costs increased instructional costs by \$1.4 million.

- **Support Services:** Support Services relate to those functions that facilitate the Instructional Services. Support services include Pupil Support, Instructional Staff Support, General Administration, School Administration, Business Services, Plant Services, Transportation Services, Central Services and Food Services. Support services for fiscal 2007 totaled approximately \$18.4 million or 41.2% of total expenditures. The chart below shows that Support Services increased 13.9% or \$2,247,202 from the prior fiscal year. Particularly in the transportation area, expenditures increased by \$1.1 million due to increased salary and benefit costs, the purchase of three school buses, and the rising cost of fuel.

**Debt Service – Interest on Long Term Obligations:** The remaining \$79,590 (.1%) of total expenditures consists of interest expense on long-term obligations. Interest on Long Term Obligations decreased 6.21% or approximately \$5,278 from the prior fiscal year and will continue to decline each year until fiscal year 2011-12 when the last interest and principal payments are due unless additional debt is issued.

**Financial Analysis of Governmental Funds**

As noted earlier, the Avoyelles Parish School Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the Avoyelles Parish School Board's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Avoyelles Parish School Board's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a School Board's net resources available for spending at the end of the fiscal year.

- As of the close of the current fiscal year, the Avoyelles Parish School Board's governmental funds reported a combined ending fund balance of \$18,063,132, an increase of \$3,749,965 in comparison with the prior fiscal year. Increased sales tax collections, the an increased per pupil MFP amount, and fiscally responsible budgeting and spending by the Avoyelles Parish School Board accounted for the majority of the increase.
- The General Fund is the chief operating fund of the Avoyelles Parish School Board. At the end of the current fiscal year, the total fund balance of the General Fund was \$12,376,413. The School Board has designated approximately \$4.7 million of that fund balance for future claims and contingencies, and compensated absences. The remaining 62.% or \$7.6 million (undesignated) is available for spending at the Board's discretion, however, approximately \$2.1 million of this amount has traditionally been distributed to employees in the form of a supplement each November.
- Title I is a non-major special revenue fund and is used to account for grants and related expenditures associated with providing educational opportunities to educationally deprived children. For the fiscal year 2006-07, \$3,160,308 was received from a federal grant and expended to improve skills in reading, language arts, and math.
- The School Food Service is a non-major special revenue fund and is used to account for revenues and costs associated with providing nutritious meals to school children and employees. For the year ended June 30, 2007, the unreserved fund balance was

**AVOYELLES PARISH SCHOOL BOARD**

\$580,217, an increase of \$75,018 from the previous fiscal year. This unreserved fund balance is designated for unforeseen circumstances in the school breakfast and lunch programs.

- The Debt Service Funds have a total fund balance of \$122,146, all of which is reserved for the payment of debt. A net decrease of \$89,308 occurred during the current fiscal year due to the fact that the School Board's debt is decreasing and will continue to do so without future bonded indebtedness.

**General Fund Budgetary Highlights**

The original budget for the School Board was adopted on August 7, 2007. Differences between the original budget and the final amended budget of the General Fund are as follows:

**Revenues**

- MFP revenues were originally budgeted at \$24,665,604. Amendment to the budget by \$779,081 increased MFP to \$25,444,685 due to increased per pupil amount.

**Expenditures**

- Health insurance expenditures for retirees and actives was originally budgeted at \$3,223,147 and 4,243,272 and reduced later to \$2,654,911 and \$3,657,478 respectively.

**Other Financing Sources / Uses**

- A year-end transfer of \$1,200,000 was approved by the Board to transfer funds into a reserve fund for future needs of the school system.

**Excess (Deficiency) of revenues and other financing sources over (under) expenditures and other financing uses**

- The original budget projected a deficit of \$1,862,466 and was later amended and projected to have a deficit of \$1,875,850. This deficit included a \$2,000,000 transfer out to Contingency Fund #2.

**Capital Assets and Debt Administration**

**Capital Assets:** The Avoyelles Parish School Board's investment in capital assets as of June 30, 2007 amounts to \$14,118,773 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, furniture and equipment, and construction in progress. The table below shows the value at the end of each fiscal year.

**Statement D**

Total Fund Balance at June 30, 2007 - Governmental Funds \$18,063,132

The cost of capital assets purchased or constructed is reported as an expenditure in governmental funds. The Statement of Net Assets includes those capital assets among the assets of the School Board as a whole. The cost of those capital assets is allocated over their estimated useful lives as depreciation expense to the various programs reported as governmental activities in the Statement of Activities. Because depreciation expense does not affect financial resources, it is not reported in the governmental funds.

Cost of capital assets at June 30, 2007	45,935,489

Total net changes in fund balances - governmental funds (Statement E)	\$3,750,107
Amounts reported for governmental activities in the Statement of Activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeds capital outlays and asset dispositions in this period. The net affect of these items is:	(347,803)
Repayment of bond principal and capital leases is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. The net effect of these items is reflected.	166,000
Internal service funds are used by management to charge the costs of workmans compensation insurance activities to individual funds. The net revenue of the internal service fund is reported with governmental activities.	(68,230)
In the Statement of Activities, certain operating expenses - compensated absences are measured by the amounts earned each year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used. This year, vacation and sick time used exceeded the amount earned by \$106,735.	106,735
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless when it is due.	<u>(4,851)</u>

**Notes to the Financial Statements (continued)**

**INTRODUCTION**

The Avoyelles Parish School Board was created by Louisiana Revised Statute (R.S.) 17:51 to provide public education for the children within Avoyelles Parish. The school board is authorized by R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the State of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The school board is comprised of nine members who are elected from thirteen districts for terms of four years.

The school board operates thirteen schools within the parish with a total enrollment of 6,682 pupils. The school board serves an area of approximately 864 square miles. In conjunction with the regular educational programs, some of these schools offer special education and/or adult education programs. In addition, the school board provides transportation and school food services for the students.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. BASIS OF PRESENTATION**

The accompanying financial statements of the Avoyelles Parish School Board have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

This financial report has been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, issued in June 1999.

**B. REPORTING ENTITY**

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the school board is considered a primary government, since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the school board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The school board also has no component units, defined by GASB Statement No. 14 as other legally separate organizations for which the elected school board members are financially accountable. There are no other primary governments with which the school board has a significant relationship.

**C. FUNDS**

The school board uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain school board functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. FUNDS (continued)**

Funds of the school board are classified into three categories: governmental, proprietary, and fiduciary, as follows:

**Governmental Funds**

Governmental funds account for the school board's general government activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the school board. The School Board reports the following major governmental funds:

**General Fund** - the primary operating fund of the school board and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to school board policy.

**Special Sales Tax Fund** - accounts for a special sales and use tax of one-half of one percent. The proceeds of the sales and use tax are used for facility improvements and repairs, payment of bond indebtedness, maintenance, and operating expenses of the public school system.

**Proprietary Funds**

Proprietary funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Proprietary funds differ from governmental funds in that their focus is on measurement, which, together with the maintenance of equity, is an important financial indicator. Proprietary funds are classified as enterprise or internal service. The school board has one proprietary fund, which is an internal service fund.

**Workers Compensation Internal Service Fund** - used to account for workers compensation insurance for the employees of the Avoyelles Parish School Board on a cost reimbursement basis.

**Fiduciary Funds**

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of outside parties, including other governments. Agency funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. The agency funds are as follows:

**School Activities Fund** - accounts for assets held by the School Board as an agent for the individual schools and school organizations.

**Sales Tax Agency Fund** - accounts for the parish-wide, centralized collection of sales tax funds and remittance of funds to respective taxing agencies.

**D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING**

**Government-Wide Financial Statements (GWFS)**

The Statement of Net Assets (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the school board, except for the fiduciary fund. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

**AVOYELLES PARISH SCHOOL BOARD**  
**Marksville, Louisiana**

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING (continued)**

The GWFS were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

**Internal Activities** - The Workers Compensation Internal Service Fund provides services to the governmental funds. Accordingly, this fund's activities were rolled up into the governmental activities. Pursuant to GASB 34, as much as possible, the internal activities have been eliminated in order to avoid the "grossing-up" effect of a straight inclusion. The interfund services provided and used are not eliminated in the process of consolidation.

**Program Revenues** - Program revenues included in the Statement of Activities (Statement B) derive directly from parties outside the school board's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the school board's general revenues.

**Allocation of Indirect Expenses** - The school board reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Depreciation on buildings is assigned to the "general administration" function due to the fact that school buildings serve multiple purposes. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

**Fund Financial Statements (FFS)**

**Governmental funds** are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. Fund financial statements report detailed information about the school board. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

Governmental funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The school board considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

**AVOYELLES PARISH SCHOOL BOARD**  
**Marksville, Louisiana**

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING (continued)**

**Revenues**

Federal and state entitlements (which include state equalization and state revenue sharing) are recorded as unrestricted grants-in-aid when available and measurable. Expenditure-driven federal and state grants are recorded as restricted grants-in-aid when the reimbursable expenditures have been incurred.

Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

Sales and use tax revenues are recorded in the month collected by the tax collector.

Interest earnings are recorded when the investments have matured and the interest is available.

Revenues from rentals, leases, and oil royalties are recorded when earned.

Substantially all other revenues are recorded when received.

**Expenditures**

Expenditures are recognized under the modified accrual basis of accounting, when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized when paid in the debt service funds.

Salaries are recorded as paid. Unpaid salaries for nine-month employees who are paid over twelve months are accrued at June 30<sup>th</sup>. Substantially all other expenditures are recognized when the related fund liability has been incurred.

Other Financing Sources (Uses) - Transfers between funds that are not expected to be repaid (or any other types, such as capital lease transactions, sale of fixed assets, debt extinguishments, long-term debt proceeds, et cetera) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

**Deferred Revenues**

The school board reports deferred revenues on its FFS balance sheet. Deferred revenues arise when resources are received by the school board before it has a legal claim to them, as when grant monies are received before the incurrence of qualifying expenditures. In subsequent periods, when the school board has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and the revenue is recognized.

**Proprietary Fund** is accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. All assets and all liabilities associated with the operation of this fund are included on the balance sheet. The statement of changes in fund net assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the school board finances and meets the cash flow needs of this internal service fund. Revenues are recognized when earned, and expenses are recognized at the time the liabilities are incurred.

**Operating revenues and expenses:** Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**Fiduciary Fund** - the agency fund is custodial in nature and does not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting.

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. BUDGETS**

The school board uses the following budget practices:

- a) The proposed budget, for the fiscal year ending June 30, 2007, was made available for public inspection and comments by taxpayers, at the School Board office on July 15, 2006, with a public hearing held on August 1, 2006.
- b) The proposed budget, which included proposed expenditures and the means of financing them, was published in the official journal 15 days prior to the public hearing.
- c) The budget is prepared and adopted on a basis consistent with generally accepted accounting principles for all governmental funds. At year-end, all appropriations lapse.
- d) Encumbrance accounting, under which purchase orders are recorded in order to reserve that portion of the applicable appropriation, is not employed. However, outstanding purchase orders are taken into consideration before expenditures are incurred in order to assure that applicable appropriations are not exceeded. In addition, monthly budget reports are reviewed to ensure compliance with the budget, where necessary, revisions to the budget are made.
- e) In accordance with LRS-RS39:1301(A), budgets are adopted for the general fund and all special revenue funds.
- f) The budget is adopted by fund, function, and department level. The superintendent of schools is authorized to transfer amounts between line items within any fund. However, when actual revenues within a fund fail to meet budgeted revenues and/or actual expenditures within a fund exceed budgeted expenditures by five percent or more, a budget amendment is adopted by the School Board in an open meeting. Program budgets are amended as funding is increased or decreased by the granting agencies. Formal budget amendments for programs are not adopted by the board, as spending is limited to funding made available by the program.

**F. CASH AND CASH EQUIVALENTS**

Cash includes amounts in demand deposits, interest-bearing demand deposits, time deposits, and investments in the Louisiana Asset Management Pool. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the school board may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool, Inc. (LAMP), a nonprofit organization formed by an initiative of the State Treasury and organized under the laws of the State of Louisiana, which operates a local government investment pool.

**G. INVESTMENTS**

Investments are limited by R.S. 33:2955 and the School Board's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

In accordance with Governmental Accounting Standards Board Statement No. 31, "Accounting and Financial Reporting for Certain Investments", investments held at June 30, 2007 with original maturities greater than one year are stated at fair value, except for the following as permitted under GASB Statement No. 31:

Investments in *nonparticipating* interest-earning contracts, such as non-negotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.

**AVOYELLES PARISH SCHOOL BOARD**  
**Marksville, Louisiana**

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**G. INVESTMENTS (continued)**

The School Board reports, at amortized cost, money market investments and *participating* interest-earning investment contracts that have a remaining maturity, at the time of purchase, of one year or less. For purpose of classifications, the following definitions are used for investments:

*Interest-earning investment contracts* include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts.

*Money-market investments* are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

**H. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

**I. ADVANCES TO OTHER FUNDS**

Noncurrent portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account, which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation.

**J. INVENTORY OF SUPPLIES**

Inventories are stated at cost, on the first-in, first-out basis. The costs of inventory items are recorded as expenditures in the governmental fund types and expenses in the proprietary fund types when used.

**K. CAPITAL ASSETS**

Capital assets are capitalized at historical cost or estimated historical cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. Historical cost was used to value the majority of the School Board's assets. The school board maintains a threshold level of \$1,000 or more for capitalizing capital assets.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the school board, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land improvements	10 – 30 years
Buildings and building improvements	20 – 30 years
Furniture and fixtures	5 – 7 years
Vehicles	5 – 7 years
Equipment	5 – 7 years

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**L. COMPENSATED ABSENCES**

**Annual Leave**

The school board has the following policies relating to annual (vacation) leave, as adopted February 4, 2003: All 12-month employees earn from 12 to 24 days of annual leave each year, depending on length of service with the School Board. Annual leave is earned monthly and is creditable at the end of each fiscal year for the year's service, based on the following schedule:

<b>Length of Service</b>	<b>Days per Month</b>	<b>Annual Days</b>
Less than 3 years of service	1 day	12 days
More than 3, but less than 5 years of service	1.25 days	15 days
More than 5, but less than 10 years of service	1.5 days	18 days
More than 10, but less than 15 years of service	1.75 days	21 days
More than 15 years of service	2 days	24 days

Annual leave earned, is available for use in the following fiscal year, under the original "use it or lose it policy" as adopted in 1981. Annual leave days earned during the period of March 1, 2001 through February 1, 2003, (banked days) are available for use in the 2004-2005 fiscal year. Upon resignation, termination, or retirement, 12-month employees may elect to use or be paid for banked time, up to 37.5 days. Additionally upon resignation, termination, or retirement, 12-month employees may elect to use or be paid for days earned and unused from the prior fiscal year and days earned in the current fiscal year, up to a maximum of 48 days.

**Sick Leave**

All 12-month employees earn from 12 to 18 days of sick leave each year, depending on length of service with the School Board, and 9-month employees earn 10 days of sick leave each year. Sick leave can be accumulated without limitation. Upon retirement or death, unused accumulated sick leave of up to 25 days is paid to the employee or to the employee's estate at the employee's current rate of pay. Under the Teachers Retirement System of Louisiana, the total unused accumulated sick leave, including the 25 days paid, is used in the retirement benefit computation as earned service.

Under the Louisiana School Employees Retirement System, all unpaid sick leave, which excludes the 25 days paid, is used in the retirement benefit computation as earned service.

Sabbatical leave may be granted for rest and recuperation and for professional and cultural improvement. Any employee with a teaching certificate is entitled, subject to approval by the school board, to one semester or sabbatical leave after six or more years of continuous service.

Any employee, who has no remaining regular sick leave, may take up to ninety (90) days of extended sick leave in each six-year period of employment. This extended sick leave may be used for personal illness or illness of an immediate family member. Any unused days during any six-year period of employment shall not accumulate or carry forward into the next six-year period of employment. Any employee on extended sick leave shall be paid 65% of the salary paid the employee at the time the extended sick leave begins.

The school board's recognition and measurement criteria for compensated absences follow:

**GASB Statement No. 16 provides that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:**

- a. The employees' rights to receive compensation are attributable to services already rendered.
- b. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

**AVOYELLES PARISH SCHOOL BOARD**  
**Markaville, Louisiana**

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**L. COMPENSATED ABSENCES (continued)**

GASB Statement No. 16 provides that a liability for sick leave should be accrued using one of the following termination approaches:

a. An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingency, such as medical appointments and funerals.

b. Alternatively, a governmental entity should estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments.

The accounting for sabbatical leave depends on whether the compensation during the sabbatical is for service during the period of the leave or instead, for past service. Sabbatical leave for service during the period of the leave should be accounted for in the period the service is rendered; a liability should not be reported in advance of the sabbatical. Sabbatical leave for past service should be accrued during the periods the employees earn the right to the leave if it is probable that the school board will compensate the employees for the benefit through paid time off or some other means.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental fund financial statements, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. Compensated absences are reported in the governmental funds only if they have matured (ie: unused reimbursable leave still outstanding following an employee's resignation or retirement).

**M. RESTRICTED NET ASSETS**

For government-wide statement of net assets, net assets are reported as restricted when constraints placed on net asset use are either:

1. externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; and
2. imposed by law through constitutional provisions or enabling legislation.

Restricted net assets reported in the statement of net assets are restricted through enabling legislation.

**N. FUND EQUITY**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

**O. INTERFUND TRANSACTIONS**

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

**AVOYELLES PARISH SCHOOL BOARD**  
**Marksville, Louisiana**

**Notes to the Financial Statements (continued)**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**P. SALES TAXES**

The School Board collects a one per cent sales tax and a one-half per cent sales tax, as authorized by LSA-R.S. 33:2737. The net proceeds of the one percent sales tax are dedicated to supplement salaries of teachers and other school employees and for expenses of operating the schools. This tax was approved by the voters on August 29, 1967, and has no expiration date. The proceeds from the one-half per cent sales tax are dedicated to making capital improvements, funding bonded indebtedness, and maintaining and operating the public school system of Avoyelles Parish. This tax was approved by the voters on April 9, 1977, for a period of 25 years. On November 17, 2001, voters renewed the one-half per cent sales tax dedicated to making capital improvements, funding bonded indebtedness, and maintaining and operating the public school system of Avoyelles Parish. The renewal is for 25 additional years and expires in August 2027.

**Q. USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

**2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS**

The following individual funds had actual expenditures over budgeted appropriations for the year ended June 30, 2007:

<u>Fund</u>	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual</u>	<u>Unfavorable Variance</u>
IEPS Title 1	\$2,730,379	\$2,730,379	\$2,820,635	(\$90,256)
Public Health Serv Act Title XIX	\$207,650	\$207,650	\$255,570	(\$47,920)
School Food Service	\$3,497,105	\$3,510,746	\$3,538,133	(\$27,387)

**3. LEVIED TAXES**

The School Board levies taxes on real and business property located within Avoyelles Parish's boundaries. Property taxes are levied by the School Board on property values assessed by the Avoyelles Parish Tax Assessor and approved by the state of Louisiana Tax Commission.

For the year ended June 30, 2007, the following is a summary of authorized and levied ad valorem taxes:

	Authorized Millage	Levied Millage	Expiration Date
Parishwide taxes:			
Constitutional	3.62	3.62	Statutory
Operational and Maintenance	4.80	4.80	2008
Special Operational and Maintenance	4.80	4.80	2008
	Low:	High:	Date
District taxes:			
Debt Service	3.00	3.00	2012

**4. DEPOSITS AND INVESTMENTS**

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2007, the school board's carrying amount of deposits was \$22,633,006, (including certificates of deposits of \$2,835,156 and Louisiana Asset Management Pool (LAMP) investments of \$778,780), and the bank balance was \$19,660,405.

These deposits were reported as follows:

	Governmental Funds	Internal Service Fund	Trust & Agency Funds	Totals
Demand deposits	\$16,657,983	\$599,005	\$2,540,862	\$19,797,850
Investments	2,693,990	0	141,166	2,835,156
<b>Total</b>	<b>\$19,351,973</b>	<b>\$599,005</b>	<b>\$2,682,028</b>	<b>\$22,633,006</b>

**AVOYELLES PARISH SCHOOL BOARD**  
**Marksville, Louisiana**

**Notes to the Financial Statements (continued)**

**4. DEPOSITS AND INVESTMENTS (continued)**

*Custodial Credit Risk:* is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. At June 30, 2007, the school board has \$19,660,405 in deposits (collected bank balances):

<b>Depository Account</b>	<b>Bank Balance</b>
Insured	\$2,007,918
Collateralized:	
Collateral held by pledging bank's trust department not in the school system's name	17,652,487
Uninsured and uncollateralized	0
<b>Total Deposits</b>	<b>\$19,660,405</b>

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the school board that the fiscal agent has failed to pay deposited funds upon demand.

At June 30, 2007, the School Board also had invested \$778,780 in the Louisiana Asset Management Pool (LAMP), a local government investment pool. In accordance with GASB Codification Section 150.126, the investment in LAMP at June 30, 2007 is not categorized in the three risk categories provided by GASB Codification Section 150.125 because the investment is in the pool of funds and, therefore, not evidenced by securities that exist in physical or book entry form. Due to the short term nature of the LAMP portfolio and the immediate access at par feature, investments in LAMP are considered cash equivalents by the School Board.

LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in, in accordance with LA- RS 33:2955.

LAMP is a 2a7-like investment pool. The following facts are relevant for 2a7 like investment pools:

**Credit risk:** LAMP is rated AAA by Standard & Poor's.

**Custodial credit risk:** LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The School Board's investment is with the pool, not the securities that make up the pool; therefore no public disclosure is required.

**Concentration of credit risk:** Pooled investments are excluded from the five percent disclosure requirement.

**Interest rate risk:** 2a7-like investment pools are excluded from this disclosure requirement, per paragraph 15 of the GASB 40 statements.

**5. RECEIVABLES**

The receivables of \$2,007,491 at June 30, 2007, are as follows:

	<u>General Fund</u>	<u>Special Revenue Funds</u>	<u>Total</u>
Receivables:			
Other	<u>\$2,001,627</u>	<u>\$1,128</u>	<u>\$2,002,755</u>

Total Intergovernmental Rec	<u>\$4,736</u>	<u>\$0</u>	<u>\$4,736</u>

**6. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (FFS)**

A schedule of interfund receivables and payables at June 30, 2007, is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Special Sales Tax Fund	\$147,942
General Fund	Non Major Governmental Funds	<u>68,814</u>
	Totals	<u>\$216,756</u>

The purpose of the interfund assets/liabilities is to cover current year expenditures on cost reimbursement programs until the reimbursement transactions are processed.

A schedule of interfund transfers for the year ended June 30, 2007 is as follows:

<u>Transferred In</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$825,761	\$556,133
Special Sales Tax Fund	280,023	205,600
Non Major Governmental Fund	<u>565,258</u>	<u>909,309</u>
	<u>\$1,671,042</u>	<u>\$1,671,042</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorization.

**7. CAPITAL ASSETS**

Capital assets and depreciation activity as of and for the year ended June 30, 2007, is as follows:

**8. RETIREMENT SYSTEMS**

Substantially all employees of the school board are members of two statewide retirement systems. In general, professional employees (such as teachers and principals) and lunchroom workers are members of the Teachers' Retirement System of Louisiana; other employees, such as custodial personnel and bus drivers, are members of the Louisiana School Employees' Retirement System. These systems are cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees. Pertinent information relative to each plan follows:

**A. Teachers' Retirement System of Louisiana (TRS)**

*Plan Description.* The TRS consists of two membership plans: Regular Plan and Plan B. The TRS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for the TRS. That report may be obtained by writing to the Teachers' Retirement System of Louisiana, Post Office Box 94123, Baton Rouge, Louisiana 70804-9123, or by calling (225) 925-6446.

*Funding Policy.* Plan members are required to contribute 8.0% and 5.0% of their annual covered salary for the Regular Plan and Plan B, respectively. The school board is required to contribute at an actuarially determined rate. The current rate is 15.8% of annual covered payroll for all membership plans. Member contributions and employer contributions for the TRS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The school board's employer contribution for the TRS, as provided by state law, is funded by the State of Louisiana through annual appropriations, by deductions from local ad valorem taxes, and by remittances from the school board.

The school board's contributions to the TRS for the years ending June 30, 2007, 2006, and 2005, were \$3,086,918, \$2,996,929, and \$2,930,563, respectively, equal to the required contributions for each year.

**B. Louisiana School Employees' Retirement System (LASERS)**

*Plan Description.* The LASERS provides retirement benefits as well as disability and survivor benefits. Ten years of service credit is required to become vested for retirement benefits and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The LASERS issues a publicly available financial report that includes financial statements and required supplementary information for the LASERS. That report may be obtained by writing to the Louisiana School Employees' Retirement System, Post Office Box 44516, Baton Rouge, Louisiana 70804, or by calling (225) 925-6484.

*Funding Policy.* Plan members are required to contribute 7.50% of their annual covered salary and the school board is required to contribute at an actuarially determined rate. The current rate is 19.6% of annual covered payroll. Member contributions and employer contributions for the LASERS are established by state law and rates are established by the Public Retirement Systems' Actuarial Committee. The school board's employer contribution for the LASERS is funded by the State of Louisiana through annual appropriations.

The school board's contributions to the LASERS for the years ending June 30, 2007, 2006, and 2005, were \$554,862, \$500,007, and \$388,944, respectively, equal to the required contributions for each year.

**9. ON-BEHALF PAYMENTS FOR FRINGE BENEFITS AND SALARIES**

On-behalf payments for fringe benefits and salaries are direct payments made by an entity (the paying agent) to a third-party recipient for the employees of another, legally separate entity (the employer entity). GASB Statement No. 24 requires employer governments to recognize revenues and expenditures or expenses for these on-behalf payments.

The State of Louisiana made pension contributions (regarding Professional Improvement Program) directly to the Teachers' Retirement System of Louisiana on behalf of the School Board in the amount of \$16,051. This amount was recognized as state revenue and a corresponding expenditure in the applicable fund from which the salary was paid.

**10. ACCOUNTS, SALARIES, AND OTHER PAYABLES**

The payables of \$3,743,970 at June 30, 2007, are as follows:

**11. LONG-TERM OBLIGATIONS (continued)**

All principal and interest requirements are funded in accordance with Louisiana law by the annual ad valorem tax levy on taxable property within the parish or by dedicated sales taxes, as indicated. Payments of compensated absences and capital leases are paid from the general revenues of the General Fund. At June 30, 2007, the school board has accumulated \$1,263,528 in the debt service funds for future debt requirements.

The bonds are due as follows:

<u>Year Ending June 30,</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total</u>
2008	171,000	71,558	242,558

**13. RESERVED AND DESIGNATED FUND BALANCES**

**Reserves** is used to describe governmental fund "Fund Balances" indicates that a portion of the fund balance is not available for expenditure or is legally segregated for a specific future use. The reserve for debt service represents the portion of fund balance that has been reserved in the debt service funds for future payment of principal and interest on bonded debt.

**Designations** is used to describe the governmental fund "Fund Balances" indicates that a portion of fund balance that has been segregated to indicate tentative plans for future financial resource use. Designated fund balances may be changed and are subject to subsequent authorization before expenditures can be made. The nature and purpose of these designations are explained as follows:

*Designated for Contingencies:* This amount represents a portion of fund balance that has been designated to fund possible losses from lawsuits, self-insurance liability, and other risks.

*Designated for Compensated Absences:* This amount represents a portion of fund balance that has been designated to fund legally required payments of compensated absences to eligible employees.

**15. ECONOMIC DEPENDENCY**

Statement of Financial Accounting Standards (SFAS) No. 4 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenue. The Minimum Foundation funding provided by the State of Louisiana to all public school systems in Louisiana is primarily based on October 1 student count. For the year ended June 30, 2007, the State provided \$27,706,427 to the Avoyelles Parish School Board, which represents approximately 57.3% of the School Board's total revenue for the year.

**16. RISK MANAGEMENT**

The Avoyelles Parish School Board's risk management activities are recorded in the Workers Compensation Self-Insured Fund, an internal service fund. This fund accounts for the risk financing activities of the School Board, but does not constitute a transfer of risk from the School Board.

Claims are paid by a third party administrator acting on behalf of the School Board, under the terms of a contractual agreement. Administrative fees are included within the provisions of that agreement. The School Board is protected against unanticipated catastrophic claims and aggregate loss by coverage carried through Safety National Casualty Corporation, a commercial insurer licensed or eligible to do business in Louisiana.

Coverage was in effect for specific occurrences exceeding \$200,000 and aggregate retention at \$2,000,000. The amount of settlements for each of the past three fiscal years has not exceeded the insurance coverage for each of the respective years.

The costs associated with this self-insurance plan are reported as inter-fund transactions to the extent of the amounts actuarially determined. Accordingly, they are treated as operating revenues of the Internal Service Fund and as operating expenditures of the General Fund and the Special Revenue Funds.

Changes in the workers' compensation liability amounts for the years ended June 30, 2007 and 2006 were:

	July 1, 2006 Liability	Current Year Claims and Changes in Estimates	Claims Payments	June 30, 2007 Liability
Self-Insurance Liability				
Workers' Compensation	<u>\$112,598</u>	<u>\$377,747</u>	<u>\$370,700</u>	<u>\$119,645</u>
	July 1, 2005 Liability	Current Year Claims and Changes in Estimates	Claims Payments	June 30, 2006 Liability
Self-Insurance Liability				
Workers' Compensation	<u>\$194,212</u>	<u>\$307,993</u>	<u>\$389,607</u>	<u>\$112,598</u>

Any additional potential for risk of loss, other than as described above, faced by the Avoyelles Parish School Board is further described in Note 15 below.

BUDGETARY COMPARISON SCHEDULES**

**GENERAL FUND AND MAJOR SPECIAL REVENUE FUND  
WITH LEGALLY ADOPTED ANNUAL BUDGETS**

**GENERAL FUND:**

The general fund accounts for all activities of the School Board, except those required to be accounted for in another fund.

**SPECIAL REVENUE FUNDS:  
SPECIAL SALES TAX FUND**

The Special Sales Tax Fund accounts for a special sales and use tax of one-half of one percent. The proceeds of the sales and use tax are used for facility improvements and repairs, payment of bond indebtedness, maintenance, and operating expenses of the public school system.

**AVOYELLES PARISH SCHOOL BOARD**  
**Marksville, Louisiana**

**Notes to Budgetary Comparison Schedules**  
**For the Year Ended June 30, 2007**

**A. BUDGETS**

The school board utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

- a) In May, the Superintendent submits to the School Board the proposed annual budget for the general fund for the fiscal year beginning July 1<sup>st</sup>. The proposed budget is made available for public inspection and comments by taxpayers prior to September 15<sup>th</sup>. The School Board legally enacts the budget through adoption. The only legal requirement is that the School Board adopt a balanced budget, whereby total budgeted revenues and other financing sources (including fund balance) must equal or exceed total budget expenditures and other financing uses. The basis of budgeting is the same as GAAP.
- b) Appropriations in the General Fund lapse at the end of the fiscal year, whereas encumbered appropriations are carried forward to the following year. Budgeted amounts are as originally adopted or as amended by the School Board.
- c) Formal budgetary integration is employed as a management control device during the year for the General Fund. All budgets are operational at the department level or project level. The superintendent of schools is authorized to transfer amounts between line items and functions within any fund. However, any additional appropriations that amend total expenditures of any fund require School Board resolution. The effects of budget revisions during the year for the general fund were to increase net revenues by \$1,493,331 and increase net expenditures by \$918,380.

**(R.S.24:514 – PERFORMANCE AND STATISTICAL DATA)**

**INDEPENDENT ACCOUNTANTS' REPORT  
ON APPLYING AGREED-UPON PROCEDURES REPORT  
ON SCHOOL BOARD PERFORMANCE MEASURES**

To the Members of the  
Avoyelles Parish School Board  
Marksville, Louisiana

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by the management of the Avoyelles Parish School Board and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of Any Parish School Board and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE) Bulletin. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of the *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

**General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)**

1. We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts reported on the schedule:
  - Total General Fund Instructional Expenditures
  - Total General Fund Equipment Expenditures
  - Total Local Taxation Revenue
  - Total Local Earnings on Investment in Real Property
  - Total State Revenue in Lieu of Taxes
  - Nonpublic Textbook Revenue
  - Nonpublic Transportation Revenue

No differences noted.

**Education Levels of Public School Staff (Schedule 2)**

2. We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule 8) to the combined total number of full-time classroom teachers per this schedule and to school board supporting payroll records as of October 1.

No differences noted.

3. We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule 8) to the combined total of principals and assistant principals per this schedule.

No differences noted

4. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule. We traced a random sample of 25 teachers to the individual's personnel file and determine if the individual's education level was properly classified on the schedule.

No differences noted

#### **Number and Type of Public Schools (Schedule 3)**

5. We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the Title 1 Grants to Local Educational Agencies (CFDA 84.010) application and/or the National School Lunch Program (CFDA 10.555) application.

No differences noted

#### **Experience of Public Principals and Full-time Classroom Teachers (Schedule 4)**

6. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule and traced the same sample used in procedure 4 to the individual's personnel file and determined if the individual's experience was properly classified on the schedule.

No differences noted

#### **Public Staff Data (Schedule 5)**

7. We obtained a list of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 25 teachers to the individual's personnel file and determined if the individual's salary, extra compensation, and full-time equivalents were properly included on the schedule.

No differences noted

8. We recalculated the average salaries and full-time equivalents reported in the schedule.

No differences noted

#### **Class Size Characteristics (Schedule 6)**

9. We obtained a list of classes by school, school type, and class size as reported on the schedule and reconciled school type classifications to Schedule 3 data, as obtained in procedure 5. We then traced a random sample of 10 classes to the October 1 roll books for those classes and determined if the class was properly classified on the schedule.

**The following item was noted:**

The roll book for one of the classes selected could not be located. Upon further discussion with that school principal, it was noted that the school administration was unable to locate any roll books for the 2006-2007 school year for that particular school. Administration feels they were inadvertently destroyed during a summer clean up held at the school. See Comment 07-01 in the Schedule of Audit Results, Findings and Questioned Costs.

**Louisiana Educational Assessment Program (LEAP) for the 21st Century (Schedule 7)**

10. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Avoyelles Parish School Board.

No differences noted

**The Graduation Exit Exam for the 21st Century (Schedule 8)**

11. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Avoyelles Parish School Board.

No differences noted

**The IOWA Tests/Leap Tests (Schedule 9)**

12. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Avoyelles Parish School Board.

No differences noted

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of Avoyelles Parish School Board, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**IMPACT AID FUND**

Impact Aid Fund accounts for special funding received from a federal grant to assist with the additional costs of providing education to Hurricane Katrina and Hurricane Rita students that evacuated to Avoyelles Parish.

**CLASSROOM BASED TECHNOLOGY FUND**

The Classroom Based Technology Fund accounts for funds received to improve student academic achievement with the use of technology in schools.

**READING FIRST**

Reading First accounts for revenues received from a federal grant to ensure that all children in America learn to read well by the end of the third grade. The funding provides specialized educational services to children in the first through third grade.

**JAG FUND**

JAG (Jobs for America's Graduates) accounts for revenues received from a federal grant which provides funding for drop out prevention and work force preparation for at risk youths.

**DEBT SERVICE FUNDS:**

**WARDS DEBT SERVICE FUNDS**

These debt service funds accumulate monies for payment of the remaining bond issue. The debt was incurred by the respective Ward to construct or improve school buildings and other school facilities. The bond issue is financed by special tax levies on the property within the territorial limits of the respective Wards. The balances of the individual ward debt issued at June 30, 2007, are as follows:

Ward No. 2	\$275,000
------------	-----------

**ENERGY CONSERVATION CERTIFICATES OF INDEBTEDNESS FUND**

The Energy Conservation Certificates of Indebtedness Fund accounts for the issuance of \$2,110,000 in certificates of indebtedness for the payment of expenditures to make the school facilities more energy efficient.

**COMPENSATION PAID BOARD MEMBERS**

The schedule of compensation paid to school board members is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature. The compensation of school board members is included in the general administrative expenditures of the General Fund. In accordance with Louisiana Revised Statute 17:56, the school board members have elected the monthly payment method of compensation. Under this method, each member of the school board receives \$540 per month, and the president receives \$630 per month for performing the duties of his office.

**REPORTS REQUIRED BY  
GOVERNMENT AUDITING STANDARDS**

The following pages contain the report on compliance and on internal control over financial reporting based on an audit of general purpose financial statements performed in accordance with Government Auditing Standards.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS**

To the Members of the  
Avoyelles Parish School Board  
Marksville, Louisiana

We have audited the general purpose financial statements of Avoyelles Parish School Board, for the year ended June 30, 2007, and have issued our report thereon dated December 21, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Avoyelles Parish School Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Avoyelles Parish School Board's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 07-01.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low risk that misstatements caused by error or fraud in amounts that would be material to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that none of the reportable conditions described above is a material weakness.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Avoyelles Parish School Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance that are required to be reported under Government Auditing Standards, which are described in the accompanying schedule of findings and questioned costs as items 07-01 and 07-02.

This report is intended for the information and use of the School Board Members and the management of the Avoyelles Parish School Board, the State of Louisiana, Federal granting agencies, holders of Avoyelles Parish School Board bonds, and the Legislative Auditor of the State of Louisiana, and is not intended to be, and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

We have audited the general-purpose financial statements of the Avoyelles Parish School Board, for the year ended June 30, 2007, and have issued our report thereon dated December 21, 2007. Our audit was performed for the purpose of forming an opinion on the general-purpose financial statements taken as a whole.

The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the general-purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general-purpose financial statements taken as a whole.

**AVOUELLES PARISH SCHOOL BOARD**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**For Year Ended June 30, 2007**

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the School Board and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the general purpose financial statements.

**NOTE 2 - SUBRECIPIENTS**

Of the federal expenditures presented in the schedule, the School Board provided no federal awards to subrecipients.

**REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL  
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Members of the  
Avoyelles Parish School Board  
Marksville, Louisiana

### **Compliance**

We have audited the compliance of the Avoyelles Parish School Board with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2007. Avoyelles Parish School Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Avoyelles Parish School Board's management. Our responsibility is to express an opinion on Avoyelles Parish School Board's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Circular A-133, Audits of State and Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Avoyelles Parish School Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Avoyelles Parish School Board's compliance with those requirements.

In our opinion, the Avoyelles Parish School Board complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007.

### **Internal Control Over Compliance**

The management of the Avoyelles Parish School Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Avoyelles Parish School Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Avoyelles Parish School Board's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above

This report is intended for the information and use of the School Board Members and the management of the Avoyelles Parish School Board, the State of Louisiana, Federal granting agencies, holders of Avoyelles Parish School Board bonds, and the Legislative Auditor of the State of Louisiana, and is not intended to be, and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**Section II-Financial Statement Findings**

**07-01 Record Retention**

Criteria

In accordance with Louisiana RS 44:1 et al, public records must be retained for a minimum of three years or until audited, whichever is later.

Condition

Student roll books for the 2006-2007 school year could not be located at one school site.

Context

The principal could not locate the roll books and thinks that the roll books were inadvertently destroyed during a school clean up during the summer of 2007.

Effect

This is a violation of state law.

Cause

The roll book for one of the classes selected for testing could not be located. Upon further discussion with that school principal, it was noted that the school administration was unable to locate any roll books for the 2006-2007 school year for that particular school. Administration feels they were inadvertently destroyed during a summer clean up held at the school.

Recommendation

Extreme care should be taken to ensure that all public records are properly stored and maintained in a secure environment for the minimum three year period.

Views of Responsible Officials and Planned Corrective Action

Management agrees with the recommendation and has reviewed record retention and storage policies with the appropriate personnel.

**Section II-Financial Statement Findings (continued)**

**07-02 Failure to submit financial statements timely**

Criteria

In accordance with Louisiana State Law, the School Board's annual financial statements must be filed with the State of Louisiana Legislative Auditor within six months of year end.

Condition

The annual financial statements were not filed with the State of Louisiana Legislative Auditor within the six months deadline.

Context

Due to unforeseen computer problems, data for the timely completion of the audit was not available in sufficient time to deliver the audit within the six months time frame; however upon realizing the delays, a request for an extension of time to deliver the audit was requested and received from the Legislative Auditor, extending the date to February 8, 2008.

Effect

The financial statements were not filed in time to meet the six months filing deadline.

Cause

During the course of the audit fieldwork, the computer system for the school district failed and a new system had to be installed and data restored. In the process of the installation, incorrect reports were given to the auditors for the audit process. After this was noted, revised reports had to be generated. This entire process delayed several audit areas, resulting in the audit not being able to be delivered within the six months time frame.

Recommendation

It is recommended that state imposed deadlines be adhered to baring any unforeseen circumstances.

Views of Responsible Officials and Planned Corrective Action

The delay of the release of the audit was unforeseen and all efforts were made to prevent the delay in filing the audit report. Management will make every attempt to file future reports timely. The School Board has also purchased a dual hard drive system to help prevent delays and down town that could result from a computer failure.
