INDEPENDENT AUDITORS' REPORT

The Honorable Willy J. Martin, Jr.
St. James Parish Sheriff
Convent, Louisiana

We have audited the accompanying general purpose financial statements of the St. James Parish Sheriff, as of June 30, 2000, and for the year then ended. These general purpose financial statements are the responsibility of the St. James Parish Sheriff. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the St. James Parish Sheriff, as of June 30, 2000, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying financial information listed as "Supplemental Information" on pages 16-27 is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the St. James Parish Sheriff. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all respects in relation to the general purpose financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued a report dated September 1, 2000 on our consideration of the St. James Parish Sheriff's internal control structure and its compliance with laws, regulations, contract and grants.

The financial information for the preceding year, which is included for comparative purposes, was taken from the financial report for that year in which we expressed an unqualified opinion on the general purpose financial statements of the St James Parish Sheriff.

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the St. James Parish Sheriff (Sheriff) serves a four year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, serving subpoenas, et cetera.

As the chief law enforcement officer of the parish, the Sheriff is responsible for enforcing state and local laws, ordinances, et cetera, within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols, investigations, et cetera, and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, the Sheriff, when requested, provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, state revenue sharing funds, sportsmen's licenses, and fines, costs, and bond forfeitures imposed by the district court.

The accounting and reporting policies of the St. James Parish Sheriff conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of the industry audit guide, Audits of State and Local Governmental Units.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

For financial reporting purposes, the Sheriff includes all funds, account groups, activities, et cetera, that are controlled by the Sheriff as an independently elected parish official. As an independently elected parish official, the Sheriff is solely responsible for the operations of his office, which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the Sheriff's office that are paid or provided by the parish council as required by Louisiana law, the Sheriff is financially independent. Accordingly, the Sheriff is a separate governmental reporting entity. Certain units of local government, over which the Sheriff exercises no oversight responsibility, such as the parish council, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish sheriff.

B. Fund Accounting

The accounts of the Sheriff are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. Revenues are accounted for in these individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds, because they do not directly affect net expendable available financial resources. Funds are classified into two categories: governmental and fiduciary. Each category is further divided into separate "fund types". The funds presented in the financial statements are described as follows:

General Fund

The General Fund, as provided by Louisiana Revised Statute 33:1422, is the principal fund of the Sheriff's office and accounts for the operations of the Sheriff's office. The Sheriff's primary source of revenue is an ad valorem tax levied by the law enforcement district. Other sources of revenue include state revenue sharing, state supplemental pay for deputies, civil and criminal fees, and fees for court attendance and maintenance of prisoners. General operating expenditures are paid from this fund.

Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, inmate funds, commissary receipts, et cetera. Disbursements from these funds are made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

C. General Fixed Assets and Long-Term Obligations

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in the General Fund. General fixed assets provided by the parish council are not recorded within the general fixed assets account group. No depreciation has been provided on general fixed assets.

All purchased fixed assets are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are stated at their estimated fair market value on the date donated. Estimated amounts are immaterial in relation to total fixed assets.

ST. JAMES PARISH SHERIFF
Convent, Louisiana

Notes to Financial Statements (Continued)

Long-term obligations expected to be financed from governmental funds are accounted for in the general long-term debt account group, not in the General Fund. All long-term obligations have been paid as of June 30, 2000.

The two account groups are not funds. They are concerned only with the measurement of financial position and do not involve measurement of results of operations.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The accompanying general purpose financial statements have been prepared on the modified accrual basis of accounting, except for the Tax Collector Agency Fund that is prepared on the cash basis of accounting. The General Fund uses the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges and commissions for services are recorded when the Sheriff is entitled to the funds.

Interest on interest-bearing deposits is recorded or accrued as revenues when earned. Substantially all other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except that principal and interest on general long-term obligations are recognized when due. Purchases of various operating supplies are regarded as expenditures at the time purchased.

Other Financing Sources

General fixed assets acquired through capital lease agreements are recognized as other financing sources and capital outlay expenditures at the time of acquisition. Also, proceeds from long-term loans are recognized as other financing sources when received.

ST. JAMES PARISH SHERIFF

Notes to Financial Statements (Continued)

E. Budget and Budgetary Accounting

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The chief administrative deputy prepares a proposed budget and submits it to the sheriff for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.
2. A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Sheriff. Such amendments were not material in relation to the original appropriations.

F. Interest-Bearing Deposits

Interest-bearing deposits are stated at cost, which approximates market.

G. Vacation and Sick Leave

Employees of the Sheriff's office earn from 5 to 10 days of vacation leave each year, depending on their length of service. Vacation leave must be taken in the year it is earned. Employees with 0-9 years service to the St. James Parish Sheriff's office earn ten (10) days per year. Sick leave is not compensable if an employee leaves the service of the St. James Parish Sheriff's office. Sick leave may be accrued up to a total of twenty-five (25) working days. Employees having served the Sheriff's office over nine consecutive years receive twenty-five (25) working days sick leave per year, which cannot be accrued. Additional sick leave is allowed at the discretion of the Sheriff. At June 30, 2000, the Sheriff has no leave benefits required to be reported in accordance with generally accepted accounting principles.

ST. JAMES PARISH SHERIFF
Convent, Louisiana

Notes to Financial Statements (Continued)

H. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Sheriff as an extension of formal budgetary integration in the funds.

I. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the Sheriff's financial position and results of operations. However, comparative data (i.e., presentation of prior year totals by fund type) have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

J. Total Columns on Combined Statements - Overview

Total columns on the Combined Statements - Overview are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

K. Bad Debts

Uncollectible amounts due for accounts receivable are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivables. Although the specific charge-off method is not in conformity with generally accepted accounting principles (GAAP), no allowance for uncollectible receivables was made due to immateriality at June 30, 2000.

L. Fund Equity

Reserves

Reserves represent those portions of fund equity not appropriable for expenditures or legally segregated for a specific future use.

Notes to Financial Statements (Continued)

(2) Cash and Interest-Bearing Deposits

Under state law, the Sheriff may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Sheriff may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2000, the Sheriff has cash and interest-bearing deposits (book balances) totaling \$8,003,378, as follows:

Demand deposits	\$ 25,307
Time deposits	5,900,000
Money market accounts	<u>2,078,071</u>
Total	<u>\$8,003,378</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at June 30, 2000, are secured as follows:

Bank balances	<u>\$8,092,650</u>
Federal deposit insurance	260,951
Pledged securities (category 3)	<u>7,831,699</u>
Total	<u>\$8,092,650</u>

Pledged securities in Category 3 includes uninsured or unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the Sheriff's name. Even though the pledged securities are considered uncollateralized (Category 3) Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Sheriff that the fiscal agent has failed to pay deposited funds upon demand.

Notes to Financial Statements (Continued)

(3) Ad Valorem Taxes

The Sheriff is the ex-officio tax collector of the parish and is responsible for the collection and distribution of ad valorem property taxes. Ad valorem taxes attach as an enforceable lien on property as of January 1, of each year. Taxes are levied by the parish government in June and are actually billed to the taxpayers by the Sheriff in October. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. The taxes are based on assessed values determined by the Tax Assessor of St. James Parish and are collected by the Sheriff. The taxes are remitted to the appropriate taxing bodies net of deductions for assessor's compensation and pension fund contributions.

Ad valorem taxes are budgeted and recorded in the year levied and billed. For the year ended June 30, 2000, law enforcement taxes applicable to the Sheriff's General Fund, were levied at the rate of 20.96 mills on property with net assessed valuations totaling \$218,176,240.

Total law enforcement taxes levied during 2000 were \$4,572,974

(4) Due From/to Other Funds

Individual balances due from/to other funds at June 30, 2000 are as follows:

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
General Fund	\$16,172	\$ -
Agency Funds:		
Tax Collector Fund	-	2,600
Commissary fund	-	13,572
Total	<u>\$16,172</u>	<u>\$16,172</u>

(5) Changes in General Fixed Assets

A summary of changes in general fixed assets (vehicles, office furniture and equipment) follows:

Balance, June 30, 1999	\$1,930,750
Additions	451,503

(6) Pension Plan

Plan Description. The St. James Parish Sheriff contributes to the Sheriff's Pension and Relief Fund (Retirement System), a cost-sharing, multiple-employer defined benefit pension plan administered by the Sheriff's Pension and Relief Fund, a public corporation created in accordance with the provisions of Louisiana Revised Statute 11:2171 to provide retirement, disability and survivor benefits to sheriff and deputy sheriff members throughout the State of Louisiana. The Sheriff's Pension and Relief Fund issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Sheriff's Pension and Relief Fund, P.O. Box 3163, Monroe, Louisiana 71210-3136.

Funding Policy. Plan members are required to contribute 9.7% of their annual covered salary and the St. James Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 5.0% of annual covered payroll. The contribution requirements of plan members and the St. James Parish Sheriff are established and may be amended by the Sheriff's Pension and Relief Fund. The St. James Parish Sheriff's contributions to the Retirement System for the years ended June 30, 2000, 1999, and 1998 were \$133,654, \$134,566 and \$111,898, respectively.

(7) Deferred Compensation Plan

The Sheriff offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 which is reported as an agency fund of the Sheriff's financial statements. The plan, available to all Sheriff employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or proof of hardship.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the Sheriff (without being restricted to the provisions of benefits under the plan) subject only to the claims of the Sheriff's general creditors. Participants' rights under the plan are equal to those general creditors of the Sheriff in an amount equal to the fair market value of the deferred account for each participant.

(8) Changes in Agency Fund Balances

A summary of changes in agency fund balances due to taxing bodies and others follows:

	Sheriff's Fund	Tax Collector Fund	Bond Fund
	<u> </u>	<u> </u>	<u> </u>
Balances, June 30, 1999	\$ 15,661	\$ 87,755	\$150,942

Balances, June 30, 2000	<u>\$ 3,119</u>	<u>\$ 13,572</u>	<u>\$363,892</u>

(9) Taxes Paid Under Protest

The unsettled balances due to taxing bodies and others in the agency funds at June 30, 2000, include \$144,240 of taxes paid under protest plus interest earned to date on the investment of these funds. These funds are held pending resolution of the protest and are accounted for in the Tax Collector Agency Fund.

(10) Litigation and Claims

At June 30, 2000, the Sheriff is involved in several lawsuits claiming damages. In the opinion of the Sheriff's legal counsel, resolution of these lawsuits would not create a liability to the Sheriff in excess of insurance coverage.

(11) Postretirement Health Care and Life Insurance Benefits

The Sheriff provides certain health care and life insurance benefits for its retired employees. Substantially all of the Sheriff's employees are eligible for these benefits if they reach normal retirement age while working for the Sheriff. These benefits for retirees and similar benefits for active employees are provided through an insurance company in which the monthly premium is paid by the Sheriff. The Sheriff's cost of providing retiree's health care and life insurance benefits are recognized as expenditures when the monthly premiums are paid. For the year ended June 30, 2000, the amount of retiree benefits totaled \$16,612 and there were nine former employees qualified to receive such benefits.

(12) Risk Management

The Sheriff is exposed to risks of loss in the areas of auto liability, professional law enforcement liability, and workers' compensation. All of these risks are handled by purchasing commercial insurance coverage. There have been no significant reductions in the insurance coverage during the year.

(13) Self-Insurance Plan

The Sheriff has established a self-insurance health plan to account for and finance its uninsured risk of loss which is administered by Risk Management, Inc. Under this plan, the Lamar Life Insurance Company agreed to reimburse the Sheriff for specific incurred claims related to any one covered employee or dependent which exceeds the retention by the Sheriff which is \$50,000. Lamar Life Insurance Company has agreed to reimburse the Sheriff for aggregate incurred claims during the period of insurance, less any amounts paid with respect to the specific incurred claims, which exceeds the greater of \$927,289 or the total of monthly payments by the Sheriff which is calculated based on the number of employees covered multiplied by \$372. At June 30, 2000 a recap of the health plan follows, which is not reflected in the general purpose financial statements.

Changes in the claims liability amounts for the risk management program are as follows:

	Claims payable at 06/30/99	Claims Incurred	Claim Payment	Claims payable at 06/30/00
1999 - 2000	<u>\$117,074</u>	<u>\$627,390</u>	<u>\$640,652</u>	<u>\$103,812</u>

Claims payable for group hospitalization of \$103,812 at June 30, 2000 was determined as follows:

1. Claims incurred prior to June 30, 2000 and paid subsequently:

	Paid as of	Amount
	July 31, 2000	\$ 29,831
	August 31, 2000	<u>52,079</u>
		81,910
2. Claims incurred prior to June 30, 2000 and pending at June 30, 2000		8,640
3. Provision for claims incurred but not reported		<u>13,262</u>
Total claims payable		<u>\$103,812</u>

The provision for claims incurred but not reported of \$13,262 was calculated utilizing historical information adjusted for current trends.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Willy J. Martin, Jr.
St. James Parish Sheriff
Convent, Louisiana

We have audited the general purpose financial statements of the St. James Parish Sheriff (Sheriff) as of and for the year ended June 30, 2000, and have issued our report thereon dated September 1, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Sheriff's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws and regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the St. James Parish Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the St. James Parish Sheriff's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying summary schedule of current and prior year audit findings and corrective action plan at Item 00-1(IC).

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described in the accompanying schedule of current and prior year audit findings and corrective action plan at Item 00-1(IC) is a material weakness.

This report is intended for the information of management. However, this report is a matter of public record and its distribution is not limited.
