DISTRICT ATTORNEY OF THE SEVENTEENTH JUDICIAL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2005

Our discussion and analysis of District Attorney of the Seventeenth Judicial District, Lafourche Parish, Louisiana's (District Attorney) financial performance provides an overview of the financial activities for the fiscal year ended December 31, 2005. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Government-Wide Financial Statements (GWFS) - The Statement of Net Assets and the Statement of Activities provide information about the financial activities as a whole and present a longer-term view of the finances. Fund Financial Statements (FFS) - The Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances tell how these services were financed in the short term as well as what remains for future spending. Fund Financial Statements also report the operations in more detail than the Government-Wide Statements by providing information about the most significant funds.

Our auditor has provided assurance in his independent auditor's report, located immediately following this MD&A, that the Basic Financial Statements are fairly stated. The auditor regarding the Required Supplemental Information and the Supplemental Information is providing varying degrees of assurance. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

Government-Wide Financial Statements

One of the most important questions asked about finances is, "Is the District Attorney as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the entity as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net assets and changes in them. You can think of the net assets—the difference between assets and liabilities—as one way to measure the financial health, or financial position. Over time, increases or decreases in the net assets are one indicator of whether its financial health is improving or deteriorating.

Fund Financial Statements

The Fund Financial Statements provide detailed information about the most significant funds—not the operations as a whole. Some funds are required to be established by State laws. Other funds are established to help control and manage money for particular purposes (such as the Worthless Check Collection Fund) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money (such as the Assessment and IV-D Office Funds).

All of the District Attorney's services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds are shown in reconciliations at the bottom and following the fund financial statements.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operations:

- Net assets of our governmental activities increased by \$144,389 or approximately 8.8%.
- During the year the District Attorney had expenses of \$2,409,161 that were \$115,023 less than the \$2,524,184 generated in fees and other revenues for governmental programs.
- The governmental funds reported total ending fund balance of \$1,754,965. Fund balance for governmental activities increased by \$144,021 from the prior year - \$1,610,944.

The Statement of Net Assets and the Statement of Activities reports all judicial activity as governmental activities. Most of the basic judicial services are reported as this type. Fines and fees charged to the public and grants finance most of these activities.

The District Attorney's unrestricted net assets increased by \$144,389 as a result of this year's operations. The overall financial position increased during the year. The increase in current assets was mainly in cash retained to use in future years and in the amounts due from other governments as grant receivables. The increase in current liabilities was due to an increase in the amounts due to the Lafourche Parish Sheriff's office for investigators salaries. The Restricted Assets for IV-D Program increased slightly. The Unrestricted Net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – increased due to an increase in fines and fees revenue and grants from other governments. The balance in net assets represents the accumulated results of all past years' operations.

DISTRICT ATTORNEY OF THE SEVENTEENTH JUDICIAL DISTRICT

Lafourche Parish, Louisiana

Notes to the Financial Statements
For the Year Ended December 31, 2005

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years. The judicial district encompasses Lafourche Parish, Louisiana.

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District Attorney of the Seventeenth Judicial District (District Attorney), have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies established in GAAP and used by the District Attorney are described below.

A. Reporting Entity

For financial reporting purposes, in conformance with GASB Codification Section 2100, the District Attorney is a part of the district court system of the State of Louisiana. The GASB has established several criteria for determining the governmental reporting entity and component units that should be included within the reporting entity.

Financial accountability is determined by applying criteria established by the GASB as listed below:

- Financial benefit or burden
- Appointment of a voting majority
- Imposition of will
- Fiscally dependent

Certain transactions between the District Attorney and the Parish Council are mandated by state statute and do not reflect fiscal dependency; thereby, they do not reflect financial accountability. The other three criteria of financial accountability do not pertain to the District Attorney of the Seventeenth Judicial District when applying them as a means of identifying potential component units of the Lafourche Parish Council. Since, The District Attorney is an independently elected official, is legally separate and fiscally independent, the District Attorney is a separate governmental reporting entity.

The financial statements of the District Attorney include all funds and activities that are within the oversight responsibility of the District Attorney.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District Attorney's basic financial statements include both government-wide (reporting the District Attorney as a whole) and fund financial statements (reporting the District Attorney's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental or business-type. All of the District Attorney's judicial and administrative services are classified as governmental activities.

In the government-wide Statement of Net Assets, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District Attorney's net assets are reported in three parts—invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets.

The government-wide Statement of Activities reports both the gross and net cost of each of the District Attorney's functions and activities (judicial.). These functions are also supported by general government revenues (interest earned.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (judicial.). Operating grants include operating-specific and discretionary (either operating or capital) grants.

The net costs (by function) are normally covered by general revenue (interest earned, etc). This government-wide focus is more on the sustainability of the District Attorney as an entity and the change in the District Attorney's net assets resulting from the current year's activities.

FUND FINANCIAL STATEMENTS

The financial transactions of the District Attorney are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

B. Basic Financial Statements - Basis of Presentation (continued)

The governmental fund type is the only type used by the District Attorney. The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District Attorney:

Governmental funds:

- *General Fund* - The General Fund was established in compliance with Louisiana Revised Statute 15:571.11, which provides that 12 per cent of the fines collected and bonds forfeited be transmitted to the District Attorney to defray the necessary expenses of his office.
- *Special Revenue Funds* - are used to account for fees, fines, and costs collected for a specified purpose or grants to be used for specific purposes that deal with judicial prosecution.

Major and Non-major Funds:

All the funds are further classified as major based on the total amount of revenue or assets per fund.

C. Measurement Focus and Basis of Accounting

Accrual Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported on the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Non-exchange Transactions."

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

C. Measurement Focus and Basis of Accounting (continued)

Program revenues included in the Statement of Activities derive directly from the program itself and reduce the cost of the function to be financed from the general revenues.

Modified Accrual Basis of Accounting

The fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period or within 60 days after year end. Expenditures are generally recorded when the related fund liability is incurred.

With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Fines, fees, and other revenues are recorded when collected and are considered susceptible to accrual.

D. Cash

Cash includes demand deposits of the District Attorney. Under state law the entities may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

E. Interfund Receivables and Payables

During the course of operations transactions occur between individuals funds. These receivables and payables are classified as "due to or due from other funds" on the fund financial statement balance sheet.

In the process of aggregating data for the Statement of Net Assets and the Statement of Activities some amounts reported as due to/from balances were eliminated. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on the assets and liabilities within the governmental activities column.

F. Capital Assets

In the government-wide financial statements capital assets purchased or acquired with an original cost of \$1,000 or more are recorded at either historical cost or estimated historical cost and depreciated over their estimated useful lives (excluding salvage value). Contributed assets are recorded at fair market value at the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Straight-line depreciation is used based on the following estimated useful lives:

- Office equipment 3-5 years
- Vehicles 5 years
- Leasehold improvements 10 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the fund upon acquisition.

G. Compensated Absences

The district attorney has the following policy relating to vacation and sick leave:

Each employee who has been employed for over six months with the District Attorney's Office shall earn 10 days paid vacation per calendar year. Vacation days cannot be accumulated nor can you get paid for them.

Each employee who has been employed for over six months with the District Attorney's Office shall be eligible for ten sick days per calendar year. This includes illness of the employee, illness in the immediate family, and a death in the family. Sick days cannot be accrued and can only be used for legitimate illness. This policy shall not be used as additional vacation days.

The district attorney's recognition and measurement criteria for compensated absences follow: [GASB Statement No. 16 provides that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if *both* of the following conditions are met:

Notes to the Financial Statements
For the Year Ended December 31, 2005

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

G. Compensated Absences (continued)

- a. The employees' rights to receive compensation are attributable to services already rendered.
- b. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

GASB Statement No. 16 provides that a liability for sick leave should be accrued using one of the following termination approaches:

- a. An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.
- b. Alternatively, a governmental entity should estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments.

Vacation and sick leave do not accumulate or vest; therefore, no liability for compensated absences is recorded

H. Equity Classifications

Government-wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, (net)—Consists of capital assets net of accumulated depreciation.
- b. Restricted net assets—Consists of net assets with constraints placed on the use by law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets—All other net assets that do not meet the definition of "restricted" or "invested in capital assets."

Fund Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

I. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Note 2 DEPOSITS

Deposits:

Demand (deposits, interest bearing demand deposits and certificates of deposit) are recorded at cost, which approximates fair value. At December 31, 2005, the carrying amount of deposits was \$1,717,440 and the bank balance was \$1,729,192. The difference between the bank balance and the carrying amount represents outstanding checks and deposits in transit.

Custodial credit risk is the risk that in an event of a bank failure, the district's deposits may not be returned to it. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposits insurance or the pledge of securities owned by the fiscal agent bank. The market values of the pledged securities plus the federal deposit insurance (FDIC) must at all time equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

FDIC insurance and pledged securities valued at \$1,740,317 for 2005, secure these deposits from risk. The collateral must be held at the pledging bank's trust department or other bank, acting as the pledging bank's agent, in the District Attorney's name.

 For the Year Ended December 31, 2005

Note 2 DEPOSITS (Continued)

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the entity that the fiscal agent has failed to pay deposited funds upon demand.

Note 3 DUE FROM OTHER GOVERNMENTS

The amounts due are for fines and fees collected by other governments, state and local grants receivable and reimbursable costs to be remitted to the District Attorney's Office. A reserve for uncollectible amounts is not considered necessary for these receivables.

RETIREMENT

All individuals who work at the District Attorney's offices are paid by the Lafourche Parish Council and have the opportunity to be members of the Lafourche Parish Employees Retirement System. The District Attorney and assistant District Attorneys are members of the Louisiana District Attorneys Retirement System. Others who disclose the required retirement plan information in their separately issued financial statements compensate all individuals at the District Attorney's office. Both retirement plans mentioned above are administered and controlled by separate boards of trustees.

POST-EMPLOYMENT HEALTH AND LIFE INSURANCE

The District Attorney currently pays the employee portion of health care and life insurance benefits for one retired District Attorney. There is no formal policy concerning retiree benefits, but the District Attorney will continue to pay this retiree's portion upon request. The District Attorney paid \$1,713 in post-retirement benefits for health insurance on behalf of one retiree at December 31, 2005.

DEFERRED COMPENSATION PLAN

In 1993, employees of the District Attorney's Office, through the Parish, began to participate in a deferred compensation program. The District Attorney's office contributed to this deferred compensation plan in 1995 on behalf of their employees, regardless of whether the employee participated in the program.

The practice of the District Attorney's office contributing to the deferred compensation plan was discontinued during the 1995 fiscal year; however, employees are still able to continue through payroll deductions through their parish payroll.

The Louisiana Deferred Compensation Plan serves as administrator and has the responsibility for maintaining a deferred account with respect to each participant's account in accordance with the participant's investment specification.

Note 7 **ON BEHALF PAYMENTS & EXPENDITURES NOT INCLUDED IN
THE FINANCIAL STATEMENTS**

The State of Louisiana and the Lafourche Parish Council pay a portion of the salaries of the District Attorney and the assistant District Attorneys. The Lafourche Parish Council pays the salaries of the office staff with a supplemental payroll from the District Attorney's payroll account. The State of Louisiana provides direct payments of salaries to the district attorney and the assistant district attorneys, as designated by the District Attorney's Office. These payments, referred to as "on-behalf payments received", provide the district attorney and assistant district attorneys with a base salary (currently \$50,000 and \$30,000, respectively).

In accordance with GASB No. 24, "Accounting and Financial Reporting for Certain Grants and Other Financial Assistance", the amount of on-behalf salaries paid directly to the district attorney and the assistant district attorneys and the office staff, as well as the related benefits, has been recognized by the District Attorney's Offices as revenues and expenditures. The amount recognized for the year ended December 31, 2005 was \$1,465,596.

The accompanying financial statements do not include certain expenditures of the District Attorney paid out of the funds from the Lafourche Parish Criminal Court Fund and the Lafourche Parish Council. Examples of these operating expenditures include portions of rent, health insurance, and IV-D program expenditures that are paid or absorbed by the Lafourche Parish Council. At December 31, 2005, the amount of the expenses paid or absorbed by these other agencies has not been determined.

REPORTS REQUIRED BY GAO

STAGNI & COMPANY, LLC

CERTIFIED PUBLIC ACCOUNTANTS & CONSULTANTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Camille A. Morvant, II
District Attorney of the Seventeenth Judicial District
Lafourche Parish, Louisiana

We have audited the financial statements of the governmental activities and each major fund of the District Attorney of the Seventeenth Judicial District, Lafourche Parish Louisiana as of and for the year ended December 31, 2005, which collectively comprise the basic financial statements and have issued our report thereon dated March 30, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District Attorney of the Seventeenth Judicial District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatement in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney of the Seventeenth Judicial District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
