INDEPENDENT AUDITOR'S REPORT

Board of Directors
Discovery Health Sciences Foundation, Inc.
Kenner, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of Discovery Health Sciences Foundation, Inc. (a nonprofit organization) ("Discovery"), a component unit of Jefferson Parish Public School System, which comprise the Statement of Financial Position as of June 30, 2015, and the related Statements of Activities and Cash Flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Discovery's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Discovery's internal control. Accordingly, we express

no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Discovery as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Agency Head Compensation is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2015, on our consideration of Discovery's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Discovery's internal control over financial reporting and compliance.

Caru, Riggo & Ingram, L.L.C.

Discovery Health Sciences Foundation, Inc. Notes to the Financial Statements

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Discovery Health Sciences Foundation, Inc. (a nonprofit organization) ("Discovery") was incorporated in September 2011 for the purpose of operating, Kenner Discovery Health Sciences Academy ("Discovery"), a charter school located in Kenner, Louisiana. Discovery was created to provide a rigorous learning environment where students achieve academically, develop intellectual curiosity, and practice environmental responsibility while exploring health and science topics and careers. In June 2012, Jefferson Parish Public School System ("JPPSS") authorized Discovery to operate a Type 1 Charter School. The initial five (5) year charter is set to expire June 2018. Discovery began operations in August 2013. Discovery is a component unit of JPPSS.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Property and Equipment

Property and equipment is capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The net carrying amount is considered the net realizable value. Donated property and equipment is recorded at fair market values as of the date received. Discovery maintains a capitalization threshold of \$500 for furniture and equipment, land, and leasehold improvements, or any one item costing under \$500 alone but purchased in a group for over \$500. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. All reported property and equipment except land is depreciated. Depreciation is computed using the straight-line method over the following useful lives:

Equipment and furniture	3-5 years
Building Improvements	5 years

Income Tax Status

Discovery is a Louisiana nonprofit organization under Section 509(a)(3) of the Internal Revenue code that has been granted an exemption from the payment of income taxes under Section 503(c)(3) and has been determined to be other than a private foundation. Discovery's management believes that Discovery continues to operate in a manner that preserves its tax exempt status.

Upon its formation in 2011, Discovery adopted a standard relating to the accounting for uncertainty in income taxes. The tax effect from an uncertain tax position can be recognized in the financial statements, only if the position is more likely than not to be sustained on audit, based on the

Discovery Health Sciences Foundation, Inc.

Notes to the Financial Statements

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

technical merits of the position. Discovery recognizes the financial statement benefits of a tax position only after determining that the relevant tax authority would be more likely than not sustain the position following an audit. For tax positions meeting the more likely than not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50 percent likelihood of being realized, upon ultimate settlement with the relevant tax authority. At the adoption date, Discovery applied the new accounting standard to all tax positions for which the statute of limitations remained open. Discovery was not required to make any adjustment to beginning net assets as a result of the implementation of the accounting standard.

Based on its evaluation, Discovery has concluded that there are no significant uncertain tax positions requiring recognition in its financial statements.

Public Support and Revenue

Discovery receives its support primarily from the Louisiana State Department of Education and private contributions. Irrevocable promises to give and outright contributions are recorded as revenue on the accrual basis as they are received, and allowances are provided for promises to give which are estimated to be uncollectible. Promises to give and contributions are principally received from corporate, foundation, and individual donors around the United States. Both promises to give and contributions are considered available for unrestricted use unless specifically restricted by donors. Irrevocable promises to give which relate to a subsequent year are recorded as receivables and temporarily restricted net assets in the year the commitment is received. Contributions whose donor restrictions are met in the same reporting period are reported as unrestricted support.

Contributions of donated non-cash assets are recorded at their fair values in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Discovery Health Sciences Foundation, Inc. Notes to the Financial Statements

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing deposits. Cash equivalents include amounts in time deposits with original maturities of ninety (90) days or less.

Compensated Absences

All teachers and staff are provided up to ten (10) days of paid time off (PTO) (a combination of vacation time, sick time, and personal holiday time). Unused PTO balances, up to ten (10) days, are carried over into future years with a maximum of twenty (20) days carried forward.

Deferred Revenue

Deferred revenue represents deposits made on tuition for the Pre-K program. Due to the high demand of the Pre-K program, Discovery required students to place a \$200 nonrefundable deposit to hold their place in the program that would later be used to decrease the total tuition due as these future students enter the program these amounts will be recognized as revenue.

Basis of Presentation

Discovery follows the provisions of Not-For-Profit Entities Topic of FASB ASC (FASB ASC 958), which establishes external financial reporting for not-for-profit organizations which includes three basic financial statements and classification of resources into three separate categories of net assets, as follows:

- Unrestricted - Net assets which are free of donor imposed restrictions; all revenues, expenses, gains and losses that are not changes in permanently or temporarily restricted net assets.
- Temporarily Restricted - Net assets whose use by Discovery is limited by donor-imposed stipulations that either expire by the passage of time or that can be fulfilled or removed by actions of Discovery pursuant to such stipulations.
- Permanently Restricted - Net assets whose use by Discovery is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled and removed by actions of Discovery.

Subsequent Events

Subsequent events have been evaluated through October 9, 2015 the date the financial statements were available to be issued, and no events material to the financial statements were noted for disclosure.

Discovery Health Sciences Foundation, Inc.
Notes to the Financial Statements

NOTE 2: CASH AND CASH EQUIVALENTS

Discovery maintains its cash balances at a national financial institution. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 for the year ending June 30, 2015. At times, the balance may exceed the federally insured amount. . At June 30, 2015, Discovery's cash deposits exceeded the FDIC limits by approximately \$289,000.

NOTE 3: PROPERTY AND EQUIPMENT

Property and equipment at June 30, 2015, consisted of the following:

Building and improvements	\$ 227,160
Office and classroom equipment	507,776
Less: Accumulated depreciation	<u>(292,119)</u>
	<u>\$ 442,817</u>

Depreciation expense was \$197,637 for the year ended June 30, 2015.

NOTE 4: BANK LINE OF CREDIT

During the year ended June 30, 2015, Discovery renewed its line of credit with a local financial institution secured by all current and future assests. The line of credit allows for borrowings up to \$400,000 and had an initial maturity date of July 15, 2015, and was subsequently renewed with a new maturity date of August 11, 2016. Interest accrues at .75 percentage points over the Wall Street Journal Prime Rate (3.25% at June 30, 2015). There was no outstanding balance on the line of credit at June 30, 2015.

NOTE 5: NOTES PAYABLE

During the year ended June 30, 2015, Discovery signed a 3 year promissory note with Iberia Bank in the amount of \$300,000, at an interest rate of 6% per annum, maturing on November 14, 2017. Additionally, Discovery signed a 3 year start-up loan agreement with the Louisiana Office of Portfilio in the amount of \$100,000, at an interest rate of 0% per annum, maturing on June 30, 2017. Discovery used these funds to purchase buildings, furniture and other fixed assets. At June 30, 2015, the outstanding balance on the notes was \$367,242.

Discovery Health Sciences Foundation, Inc. Notes to the Financial Statements

NOTE 6: RETIREMENT PLANS

Substantially all employees of Discovery are members of an employer sponsored Safe Harbor 401(k) plan. Covered employees may elect to contribute a portion of their salaries to the plan. Discovery's matching contribution to the plan is equal to 100% of the employee's elected deferrals up to a limit of 3% of the employee's compensation and an additional 50% of deferrals for the next 2% of employee compensation. Discovery made \$121,084 in contributions to the plan during the year ended June 30, 2015.

Discovery also sponsors a 457(b) Deferred Compensation Plan for its Executive Director. Discovery contributes the maximum allowed to the plan, which is \$17,500 annually, as required by the Executive Director's contract. The plan's assets and liabilities reflected on Discovery's Statement of Financial Position for the year ended June 30, 2015 totaled \$69,786. The plan assets are fully invested in mutual funds, the cost of which approximates fair value at June 30, 2015.

NOTE 7: COMPENSATED ABSENCES

All employees earn ten (10) days of paid time off (PTO) (a combination of vacation time, sick time, and personal holiday time) during the school year. Employees earn one day of PTO for each month worked from August to May. Employees are eligible to use PTO days prior to earning them, however any used unearned PTO must be paid back at separation of employment. Annually, up to ten (10) days of PTO may be carried forward into future years with an accumulated maximum of twenty (20) PTO days carried forward. At June 30, 2015, the liability for earned and unused PTO days was approximately \$62,299.

NOTE 8: CONTINGENCIES

State Funding - The continuation of Discovery is contingent upon legislative appropriation or allocation of funds necessary to fulfill the requirements of the charter contract with the JPPSS. If the legislature fails to appropriate sufficient monies to provide for the continuation of the charter contract, or if such appropriation is reduced by veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the charter contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

At June 30, 2015, Discovery was not a defendant or co-defendant in any lawsuits arising from the normal course of operations.

Discovery Health Sciences Foundation, Inc.
Notes to the Financial Statements

NOTE 9: OPERATING LEASES

Discovery entered into three (3) operating leases for the rental of three (3) copiers. Two of the equipment leases are for a thirty-six (36) month period and were executed in June 2013. The third lease is for a thirty-six (36) month period and was executed in November 2013. Rental payments under these leases were approximately \$14,720 for the year ended June 30, 2015. Discovery has also entered into an operating lease for the rental of its building payable to JPPSS in the amount of \$107 per student. The lease is for five (5) years commencing on July 1, 2013.

Future minimum commitments under the operating lease agreements are as follows:

<i>For the Year Ended June 30,</i>	
2016	\$ 83,345
2017	85,332
2018	94,588
	<u>\$ 263,265</u>

NOTE 10: SIGNIFICANT CONCENTRATIONS

For the year ended June 30, 2015, Discovery received approximately 88% of its total revenue from state and local governments.

NOTE 11: TEMPORARILY RESTRICTED NET ASSETS

The total balance of temporarily restricted net assets reported in the Statement of Financial Position is available for the purpose of school activities.

NOTE 12: UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require Discovery's management to evaluate tax positions taken by the Discovery and recognize a tax liability if Discovery has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Discovery's management has analyzed the tax positions taken by the Discovery, and has concluded that as of June 30, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. Discovery is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**SCHEDULES REQUIRED BY STATE LAW
(PERFORMANCE STATISTICAL DATA)**

**Independent Accountants' Report on
Applying Agreed-Upon Procedures**

Board of Directors
Discovery Health Sciences Foundation, Inc.
Baton Rouge, Louisiana

We have performed the procedures included in the Louisiana Governmental Audit Guide and enumerated below, which were agreed to by the management of Discovery Health Sciences Foundation, Inc. (a nonprofit organization) ("Discovery") and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of the School and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE) Bulletin. Discovery is responsible for the performance and statistical data. This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources
(Schedule K-1)

1. We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts reported on the schedule:
 - Total General Fund Instructional Expenditures,
 - Total General Fund Equipment Expenditures,
 - Total Local Taxation Revenue,
 - Total Local Earnings on Investment in Real Property,
 - Total State Revenue in Lieu of Taxes,
 - Nonpublic Textbook Revenue, and
 - Nonpublic Transportation Revenue.

Education Levels of Public School Staff (Schedule K-2)

2. We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals, Assistant Principals, and Full-time Classroom Teachers" (Schedule K-4) to the combined total number of full-time classroom teachers per this schedule and to school board supporting payroll records as of October 1, 2014.
3. We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals, Assistant Principals, and Full-time Classroom Teachers" (Schedule K-4) to the combined total of principals and assistant principals per this schedule.
4. We obtained a list of principals, assistant principals, and full-time teachers by classification as of October 1, 2014 and as reported on the schedule. We traced a random sample of 25 teachers to the individual's personnel file and determined that the individual's education level was properly classified on the schedule.

Number and Type of Public Schools (Schedule K-3)

5. We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the Title 1 Grants to Local Educational Agencies (CFDA 84.010) application and/or the National School Lunch Program (CFDA 10.555) application.

Experience of Public Principals, Assistant Principals, and Full-time Classroom Teachers (Schedule K-4)

6. We obtained a list of principals, assistant principals, and full-time teachers by classification as of October 1, 2014 and as reported on the schedule and traced the same sample used in procedure 4 to the individual's personnel file and determined that the individual's experience was properly classified on the schedule.

Public Staff Data: Average Salaries (Schedule K-5)

7. We obtained a list of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 25 teachers to the individual's personnel file and determined that the individual's salary, extra compensation, and full-time equivalents were properly included on the schedule.
8. We recalculated the average salaries and full-time equivalents reported in the schedule.

Class Size Characteristics (Schedule K-6)

9. We obtained a list of classes by school, school type, and class size as reported on the schedule and reconciled school type classifications to Schedule K-3 data, as obtained in procedure 5. We then traced a random sample of 10 classes to the October 1, 2014 roll books for those classes and determined that the class was properly classified on the schedule.

Louisiana Education Assessment Program (LEAP) (Schedule K-7)

10. We obtained test scores as provided by the testing authority and reconciled the scores as reported by the testing authority to scores reported in the schedule by the School System.

iLEAP Tests (Schedule K-9)

11. We obtained test scores as provided by the testing authority and reconciled the scores as reported by the testing authority to the scores reported in the schedule by the School System.

We noted the following exceptions as a result of applying the above procedures:

Education Levels of Public School Staff (Schedule K-2)

Finding:

We noted five (5) instances where the teacher's reported education level was incorrect on the October 1, 2014 PEP report and one (1) instance where a teacher's certification was not valid as of October 1, 2014.

Corrective Action Plan:

Management will have a procedure in place that confirms that data presented in the PEP report agrees with the teacher's education level as reported in their personnel records. A final review of the PEP report will be performed by the CEO with emphasis on the Education Levels provided.

Louisiana Education Assessment Program (LEAP) (Schedule K-7)

The State of Louisiana did not administer the LEAP exam from English and Math. Additionally, scores for Science and Social Studies were not available at the time of this report.

iLEAP Tests (Schedule K-9)

The State of Louisiana did not administer the iLEAP exam from English and Math. Additionally, scores for Science and Social Studies were not available at the time of this report.

We were not engaged to and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management of Young Audiences Charter, the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

PUBLIC SCHOOL STAFF DATA: AVERAGE SALARIES
AS OF JUNE 30, 2015

2015	All Classroom Teachers	Classroom Teachers Excluding ROTC, rehired retirees, and flagged salary reductions
Average Classroom Teachers Salary Including Extra Compensation	\$48,153	\$48,153
Average Classroom Teachers Salary Excluding Extra Compensation	\$46,393	\$46,393
Number of Teacher Full- Time Equivalents (FTEs) used in Computation of Average Salaries	29.54	29.54

Note: Figures reported include all sources of funding (i.e. federal, state and local) but exclude stipends and employee benefits. Generally, retired teachers rehired to teach receive less compensation than non-retired teachers; some teachers may have been flagged as receiving reduced salaries (e.g., extended medical leave); and ROTC teachers usually receive more compensation because of a federal supplement. For these reasons teachers are excluded from the computation in the last column. This schedule excludes day-to-day substitutes, temporary employees, and any teachers on sabbatical leave during any part of the school year.

Middle/Jr High	-	-	-	-	-	-	-	-
Middle/Jr High Activity Classes	-	-	-	-	-	-	-	-
High	-	-	-	-	-	-	-	-
High Activity Classes	-	-	-	-	-	-	-	-
Combination	-	-	-	-	-	-	-	-
Combination Activity Classes	-	-	-	-	-	-	-	-

Note: The Board of Elementary and Secondary Education has set specific limits on the maximum size of classes at various grade levels. The maximum enrollment in grades K-3 is 26 students and maximum enrollment in grades 4-12 is 33 students. These limits do not apply to activity classes such as physical education, chorus, band, and other classes without maximum enrollment standards. Therefore, these classes are included only as separate line items.

GOVERNMENT AUDITING STANDARDS REPORTS

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Discovery Health Sciences Foundation, Inc.
Kenner, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Discovery Health Sciences Foundation, Inc. (a nonprofit organization) ("Discovery"), which comprise the Statement of Financial Position as of June 30, 2015, and the related Statements of Activities and Cash Flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 9, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Discovery's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Discovery's internal control. Accordingly, we do not express an opinion on the effectiveness of the Discovery's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Discovery's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit

we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Discovery's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Discovery's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Discovery's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Cam, Riggs & Ingram, L.L.C.".
