## INDEPENDENT AUDITORS' REPORT

Honorable J. Phil Haney  
District Attorney of the  
Sixteenth Judicial District  
Parishes of Iberia, St. Martin  
and St. Mary, Louisiana  
New Iberia, Louisiana 70560

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Sixteenth Judicial District, as of and for the year ended December 31, 2006, which collectively comprise the District Attorney's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District Attorney of the Sixteenth Judicial District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Sixteenth Judicial District, as of December 31, 2006, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated May 1, 2007, on our consideration of the District Attorney of the Sixteenth Judicial District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of

internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The required supplementary information on pages 33 through 39 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The District Attorney of the Sixteenth Judicial District has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney of the Sixteenth Judicial District's basic financial statements. The other supplementary information, including the schedule of expenditures of federal awards as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## FUND DESCRIPTIONS - GOVERNMENTAL FUNDS

### MAJOR FUNDS

#### General Fund

The General Fund is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund.

#### Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

**Title IV-D Fund** - This special revenue fund account consists of reimbursement grants from the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the Social Security Act. The purpose of the fund is to establish the support obligations owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

**Worthless Check Collection Fund** - This fund consists of fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specified fee whenever the District Attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the District Attorney and may be used to defray the salaries and expenses of the office, but may not be used to supplement salaries of the District Attorney.

**Family Service Division Fund** - This fund consists of federal and state grant funds received from the Louisiana Department of Social Services, the Louisiana Commission on Law Enforcement, and the U.S. Department of Justice and court costs revenue. This fund was developed to accomplish two tasks: target troubled children at an early age through early intervention and reduce truancy through TASC. Case managers are assigned to designated high risk schools to assist children and their families in resolving problems that could lead to later delinquent behavior.

**Criminal Court Clearing Fund** - This fund was established by the Louisiana Revised Statute 15:571 and is funded by court costs revenue, fines and forfeitures imposed by the district court in criminal cases. Other sources of revenue include commissions on drug seizure cases. The only expenditures currently chosen to be paid out of this fund are salaries and related benefits of the District Attorney and district judges and transcription costs.

**Probation Fund** - The District Attorney's office assumed the responsibility of probation supervision services for all cases of two years or less, which were rendered by the Department of Public Safety and Corrections. The Probation Fund provides the Sixteenth Judicial District with probation officers to oversee defendants that the courts have placed on supervised probation. The revenues derived by this fund consist solely of probation fees. As a condition of supervised probation, the courts will order a monthly fee of thirty or fifty dollars to be paid to this fund by the defendants. These fees are used to fund the administrative costs of this system.

DISTRICT ATTORNEY OF THE SIXTEENTH JUDICIAL DISTRICT  
Parishes of Iberia, St. Martin, and St. Mary, Louisiana

Reconciliation of the Statement of Revenues, Expenditures, and  
Changes in Fund Balances of Governmental Funds  
to the Statement of Activities  
For the Year Ended December 31, 2006

Total net change in fund balances at December 31, 2006 per  
Statement of Revenues, Expenditures and Changes in Fund Balances \$ 896,048

The change in net assets reported for governmental activities in the  
statement of activities is different because:

Governmental funds report capital outlays as expenditures. However,  
in the statement of activities, the cost of those assets is allocated over  
their estimated useful lives and reported as depreciation expense.

Capital outlay which is considered expenditures on Statement of Revenues, Expenditures and Changes in Fund Balances	\$ 143,770	
Depreciation expense for the year ended December 31, 2006	<u>(71,835)</u>	71,935

Because governmental funds do not record fixed assets and accumulated  
depreciation, any assets disposed of with no selling price does not affect  
the statement of revenues, expenditures, and changes in fund balances.  
However, in the statement of activities, a gain or loss is shown on assets  
that are not fully depreciated. (4,483)

Governmental funds are reported on the modified accrual basis of  
accounting as opposed to the accrual basis of accounting. Therefore,  
there are additional accruals in the statement of activities. 24,887

Total changes in net assets at December 31, 2006 per Statement of Activities \$ 988,387

The accompanying notes are an integral part of the basic financial statements.

## FUND DESCRIPTIONS - FIDUCIARY FUNDS

### AGENCY FUNDS

All of these funds are reflected in the totals of the agency funds presented in the statement of fiduciary net assets.

**Special Asset Forfeiture Fund** – This fund was established in compliance with Louisiana Revised Statute 40:2616, which provides that all monies obtained under the provisions of Revised Statute Chapter 26, “Seizure and Controlled Dangerous Substances Property Forfeiture Act of 1989,” shall be deposited in this fund.

The office of the District Attorney shall administer expenditures from this fund. The court shall ensure the equitable distribution of any forfeited property, or of monies, to the appropriate law enforcement agency so as to reflect the contribution of that agency’s participation in any of the activities that led to the seizure or forfeiture of the property or monies.

**LSP Region II fund** – The Louisiana State Police Region II Fund was created by court order on June 16, 1989, when a sum of forfeited money was placed into a special account to be monitored by the office of the District Attorney. The monies are disbursed at the discretion of the District Attorney and used for the payment of equipment or expenses for the Louisiana State Police, Region II and Troop I in connection with their investigation and apprehension of drug violators.

**Court Fine Installment Fund** – This fund was established by the District Attorney and the district judges to serve as collection agency to account for the court fines and costs that are ordered to be paid over a probation period. Prior to November 2002, the fines and costs were not remitted to the local sheriff for distribution to the various agencies as authorized by law until the fines and costs had been collected in full. However, in November 2002, upon court order by the district judge, all fines and costs that could be reconciled were distributed. The District Attorney’s office is no longer collecting installment fines. As of December 31, 2006, this fund was closed.

**Special Fund** – This fund was established by the District Attorney to serve as collection agency to account for the costs that are ordered to be paid to the Acadiana Crime Lab (ACL) and the Wildlife and Fisheries. The ACL has had a deficit over the past few years which is funded at year end by different entities using the lab (i.e. sheriff’s offices and local police departments.) The ACL monies collected through this fund will be used to cover the three parish’s sheriff’s office portion of the deficit. The fines paid to the Wildlife and Fisheries are disbursed at the discretion of the District Attorney and used for payment of repairs to boats, purchasing new boats, etc. Also, as per court order, the District Attorney holds money for the New Iberia Police Department (NIPD). These funds are distributed to the NIPD as needed for training, equipment, etc.

Notes to Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the District Attorney of the Sixteenth Judicial District have been prepared in conformity with generally accepted accounting principles (GAAP) generally accepted in the United States of America as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

A. Financial Reporting Entity

As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney has charge of every criminal prosecution by the state in his district, is the representative of the state before the grand jury in his district, and is the legal advisor to the grand jury. He performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years. The Sixteenth Judicial District encompasses the parishes of Iberia, St. Martin and St. Mary, Louisiana.

For financial reporting purposes, the District Attorney includes all funds, account groups, activities, et cetera, that are controlled by the District Attorney as an independently elected parish official. As an independently elected parish official, the District Attorney is solely responsible for the operations of his office, which include the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. The Parish Governments maintain and operate the parish courthouses in which the District Attorney's offices are located and provide funds for equipment and furniture of the District Attorney's office. Other than this and certain operating expenditures of the District Attorney's office that are paid or provided by the parish governments as required by Louisiana law, the District Attorney is financially independent.

Accordingly, the District Attorney is a separate governmental reporting entity. Certain units of local government, over which the District Attorney exercises no oversight responsibility, such as the parish governments, parish school boards, other independently elected parish officials, and municipalities within the parishes, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the District Attorney.

B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The statement of net assets and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity, except the fiduciary funds. The District Attorney has no business-type activities.

Notes to Basic Financial Statements (continued)

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District Attorney's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The accounts of the District Attorney are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistently with legal and managerial requirements.

The various funds of the District Attorney are all classified as governmental. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the District Attorney, if management chooses to define a particular fund as major, or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds considered to be major are described below:

Governmental funds --

General fund

The General Fund, as provided by Louisiana Revised Statute 15:571.11, provides that twelve percent of the fines collected and bonds forfeited be transmitted to the District Attorney to defray the necessary expenses of his office. Other sources of revenue include commissions on drug seizure cases, which are to be used for prosecution, rewards, support, and continuing legal education in furtherance of Louisiana Revised Statute 40:2616, pre-trial diversion fees, court costs, and bond premium fees authorized by Louisiana Revised Statute 1065:1.

Special revenue funds

Special revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The individual special revenue funds used by the District Attorney for the year ended December 31, 2006 are as follows:

**Title IV-D Fund** – This special revenue fund account consists of reimbursement grants from the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the Social Security Act. The purpose of the fund is to establish the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

**Worthless Check Collection Fund** – This fund consists of fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specified fee whenever the District Attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the District Attorney and may be used to defray the salaries and expenses of the office, but may not be used to supplement salaries of the District Attorney.

**Family Service Division Fund** – This fund consists of federal and state grant funds received from the Louisiana Department of Social Services, the Louisiana Commission on Law Enforcement, and the U.S. Department of Justice and court costs revenue. This fund was developed to accomplish two tasks: target troubled children at an early age through early intervention and reduce truancy through TASC. Case managers are assigned to designated high risk schools to assist children and their families in resolving problems that could lead to later delinquent behavior.

**Criminal Court Clearing Fund** – This fund was established by the Louisiana Revised Statute 15:571 and is funded by court costs revenue, fines and forfeitures imposed by the district court in criminal cases. Other sources of revenue include commissions on drug seizure cases. The only expenditures currently chosen to be paid out of this fund are salaries and related benefits of the District Attorney and district judges and transcription costs.

**Probation Fund** – The District Attorney's office assumed the responsibility of probation supervision services for all cases of two years or less, under the authority of the judicial branch as set forth in the Louisiana Revised Statutes. The Probation Fund provides the Sixteenth Judicial District with probation officers to oversee defendants that the courts have placed on supervised probation. The revenues derived by this fund consist solely of probation fees. As a condition of supervised probation, the courts will order a monthly fee of thirty or fifty dollars to be paid to this fund by the defendants. These fees are used to fund the administrative costs of this system.

Notes to Basic Financial Statements (continued)

The following are nonmajor funds:

Agency Funds --

Fiduciary funds account for assets held on behalf of outside parties, including other governments. Agency funds account for assets held by the District Attorney in a custodial capacity (i.e., assets equal liabilities) and do not involve measurement of operations. The individual agency funds used by the District Attorney for the year ended December 31, 2006 are as follows:

**Special Asset Forfeiture Fund** – This fund was established in compliance with Louisiana Revised Statute 40:2616, which provides that all monies obtained under the provisions of Revised Statute Chapter 26, "Seizure and Controlled Dangerous Substances Property Forfeiture Act of 1989," shall be deposited in this fund.

The office of the district attorney shall administer expenditures from this fund. The court shall ensure the equitable distribution of any forfeited property, or of monies, to the appropriate law enforcement agency so as to reflect the contribution of that agency's participation in any of the activities that led to the seizure or forfeiture of the property or monies.

**LSP Region II Fund** – The Louisiana State Police Region II Fund was created by court order on June 16, 1989, when a sum of forfeited money was placed into a special account to be monitored by the office of the District Attorney. The monies are disbursed at the discretion of the District Attorney and used for the payment of equipment or expenses for the Louisiana State Police, Region II and Troop I in connection with their investigation and apprehension of drug violators.

**Court Fine Installment Fund** – This fund was established by the District Attorney and the district judges to serve as collection agency to account for the court fines and costs that are ordered to be paid over a probation period. Prior to November 2002, the fines and costs were not remitted to the local sheriff for distribution to the various agencies as authorized by law until the fines and costs had been collected in full. However, in November 2002, upon court order by the district judge, all fines and costs that could be reconciled were distributed. The District Attorney's office is no longer collecting installment fines. As of December 31, 2006, this fund was closed.

**Special Fund** – This fund was established by the District Attorney to serve as collection agency to account for the costs that are ordered to be paid to the Acadiana Crime Lab (ACL) and the Wildlife and Fisheries. The ACL has had a deficit over the past few years which is funded at year end by various entities using the lab (i.e. sheriff's offices and local police departments.) The ACL monies collected through this fund will be used to cover the three parish sheriff's office portion of the deficit. The fines paid to the Wildlife and Fisheries are disbursed at the discretion of the District Attorney and used for payment of repairs to boats, purchasing new boats, etc. Also, as per court order, the District Attorney holds money for the New Iberia Police Department (NIPD). These funds are distributed to the NIPD as needed for training, equipment, etc.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the government-wide statement of net assets and the statement of activities, governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Government-wide equity is classified as net assets. In the fund financial statements, the current financial resources measurement focus is used. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide statement of net assets and statement of activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Nonexchange Transactions."

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within 60 days of the end of the fiscal year. Expenditures (including capital outlay) are recorded when the related fund liability is incurred. Transfers between funds that are not expected to be repaid (or any other types, such as capital lease transactions, debt extinguishment, long-term debt proceeds, et cetera) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

When both restricted and unrestricted resources are available for use, it is the District Attorney's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities and Equity

Cash and interest-bearing deposits

For purposes of the Statement of Net Assets, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the District Attorney.

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds." Short-term interfund loans are reported as "interfund receivables and payables." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances include grant revenue and commissions.

Capital Assets

In the government-wide financial statements, capital assets (primarily equipment and automobiles) are capitalized at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets, which are recorded at their estimated fair value at the date of donation. Interest costs are not capitalized as they relate to fixed assets. The District Attorney's threshold for capitalization is \$1,000.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Equipment and automobiles	5-10 years
---------------------------	------------

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Notes to Basic Financial Statements (continued)

**Compensated Absences**

All full-time employees earn from 7 to 21 days of vacation leave each year depending on length of service. Vacation leave cannot be accumulated. All full-time employees earn 15 days of sick leave each year. Sick leave may be accumulated but is not paid upon termination. At December 31, 2006, the District Attorney has no leave benefits required to be accrued and reported.

**Equity Classifications**

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The District Attorney has no restricted net assets.
- c. Unrestricted net assets – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

**E. Expenditures and Transfers**

**Expenditures/Expenses**

In the government-wide financial statements, expenses are classified by function. In the fund financial statements, expenditures are classified by character.

Notes to Basic Financial Statements (continued)

In the fund financial statements, governmental funds report expenditures of financial resources.

**Interfund Transfers**

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

**F. Budget and Budgetary Accounting**

The District Attorney follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The District Attorney prepares a proposed budget for the fiscal year prior to the beginning of each fiscal year.
2. A summary of the proposed budget is established in December and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing is held on the proposed budget in December after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. The budget is prepared on a modified accrual basis, consistent with the basis of accounting, for comparability of budget to actual revenues and expenditures. Formal budgetary accounts are integrated into the accounting system during the year as a management control device.
6. The District Attorney is authorized to transfer amounts between line items within any fund. When actual revenues within the general fund or a special revenue fund are failing to meet estimated annual budgeted revenues by five percent or more and/or actual expenditures within the general fund or a special revenue fund are exceeding estimated budgeted expenditures by five percent or more, a budget amendment to reflect such change is adopted by the District Attorney.
7. All budgetary appropriations lapse at the end of each fiscal year.

DISTRICT ATTORNEY OF THE SIXTEENTH JUDICIAL DISTRICT  
Parishes of Iberia, St. Martin and St. Mary, Louisiana

Notes to Basic Financial Statements (continued)

8. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the District Attorney. Such amendments were not material in relation to the original appropriations.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2006 are recorded as prepaid items. The only prepaid item that existed at December 31, 2006 was prepaid insurance.

H. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions. Those estimates affect the reported amounts of assets and liabilities.

(2) Cash and Interest-Bearing Deposits

Under state law, the District Attorney may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 2006, the District Attorney has cash and interest-bearing deposits (book balances) totaling \$5,579,311 of which \$473,008 is attributable to nonmajor as fiduciary funds, which are not presented in the statement of net assets.

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The following is a summary of deposit balances (bank balances) at December 31, 2006, and the related federal insurance and pledged securities:

Bank balances	<u>\$ 5,476,980</u>
Federal insurance	\$ 590,468
Pledged securities (Category 3)	<u>4,886,512</u>
Total	<u>\$ 5,476,980</u>

DISTRICT ATTORNEY OF THE SIXTEENTH JUDICIAL DISTRICT  
Parishes of Iberia, St. Martin and St. Mary, Louisiana

Notes to Basic Financial Statements (continued)

Pledged securities in Category 3 include uninsured or unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the District Attorney's name. Even though the pledged securities are considered uncollateralized (Category 3) Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District Attorney that the fiscal agent has failed to pay deposited funds upon demand. The District Attorney has not formally adopted a deposit and investment policy that limits their allowable deposits or investments.

Notes to Basic Financial Statements (continued)

For members who joined the System after July 1, 1990, or who elected to be covered by the new provisions, the following applies: Members are eligible to receive normal retirement benefits if they are age 60 and have 10 years of service credit, are age 55 and have 24 years of service credit, or have 30 years of service credit regardless of age. The early retirement benefit is equal to the normal retirement benefit reduced 3 percent for each year the member retires in advance of normal retirement age. Benefits may not exceed 100 percent of average final compensation. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana District Attorneys' Retirement System, 1645 Nicholson Drive, Baton Rouge, Louisiana 70802-8143.

**Funding Policy:** Plan members are required to contribute 7.0% of their annual covered salary and the District Attorney is required to contribute at an actuarially determined rate which was 6.0% from January 1, 2006 to June 30, 2006. Beginning July 1, 2006, the rate was decreased to 3.5%. Contributions to the system include .2% of the ad valorem taxes collected throughout the state and revenue sharing funds as appropriated by the legislature. The contribution requirements of plan members and the District Attorney are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The District Attorney's contributions to the System for the years ended December 31, 2006, 2005, and 2004, were \$25,957, \$27,110, and \$9,755 respectively.

Parochial Employees Retirement System of Louisiana

Office personnel of the Sixteenth Judicial District Attorney's Office are members of the Parochial Employees' Retirement System of Louisiana (System), a cost sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the District Attorney's office are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of creditable service. However, for those employees who are members of the supplemental plan only before January 1, 1980, the benefit is equal to one percent of final-average salary plus \$24 for each year of supplemental-plan-only service earned before January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established by state statute.

The current rate is 12.75% of annual covered payroll. Contributions to the System also include one-fourth of 1% (except Orleans and East Baton Rouge Parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the District Attorney are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The accompanying financial statements do not include certain expenditures of the District Attorney paid out of the funds of the parish governing bodies or directly by the state.

(10) Risk Management

The District Attorney is exposed to risks of loss in the areas of general and auto liability, property hazards, and workers' compensation. Those risks are handled by purchasing commercial insurance. There have been no significant reductions in insurance coverage during the fiscal year. Settlements have not exceeded insurance coverage in any of the past three years.

(11) Operating Leases

The District Attorney leased three vehicles under operating leases during 2006. The first lease is a 2003 Chevrolet Tahoe, which began in March 2003, with a lease term of 36 months. Lease payments for December 31, 2006 are \$1,879. This lease ended in March 2006. The second lease is a 2004 Ford Crown Victoria, which began in May 2004, with a lease term of 36 months. Notes to Basic Financial Statements (continued)

(13) Litigation

The District Attorney's office has no pending litigation as of December 31, 2006. Therefore, there is no accrual on the balance sheet at December 31, 2006.

(14) On-behalf Payments for Fringe Benefits and Salaries

GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance* requires the District Attorney to report in the financial statements on-behalf salary and fringe benefit payments made by the State of Louisiana and by the parish governments of Iberia, St. Mary, and St. Martin to certain employees of the District Attorney's office.

Supplementary salary payments are made by the state and parish governments directly to the District Attorney and to the Assistant District Attorneys. The District Attorney's office is not legally responsible for these salaries. Therefore, the basis for recognizing the revenue and expenditure payments is the actual contributions made by the state and parish governments. On-behalf payments recorded as revenue and expenditures in the 2006 financial statements are as follows:

General Fund:

State of Louisiana	\$ 707,118
Iberia Parish Government	78,307
St. Mary Parish Government	94,984
St. Martin Parish Government	<u>60,693</u>
Total On-behalf payments	<u>\$941,102</u>

On-behalf payments include pension payments made on behalf of the Assistant District Attorneys. The payments are made to the Louisiana District Attorneys' Retirement System as described in Note (6) above. The District Attorney's office is not legally responsible for these payments. Therefore, the basis for recognizing the revenue and expenditure payments is the actual contributions made by the state and parish governments.

General Fund:

State of Louisiana	\$ 14,709
Iberia Parish Government	3,352
St. Mary Parish Government	3,371
St. Martin Parish Government	<u>3,068</u>
Total	<u>\$ 24,500</u>

Notes to Basic Financial Statements (continued)

(15) Interfund Transfers

Interfund transfers consisted of the following at December 31, 2006:

	Interfund Transfers In	Interfund Transfers Out
General Fund	\$ 181,622	\$ 218,666
Worthless Checks Collection Fund	-	181,622
Family Service Division Fund	11,137	-
Criminal Court Clearing Fund	207,529	-
Total	<u>\$ 400,288</u>	<u>\$ 400,288</u>

The transfer between the general fund and the family service division fund was due to the fact that when fines are collected through pre-trial diversion, a portion of these fees is allocated to the family service division fund. The transfers from the worthless check fund and the general fund to the criminal court clearing fund were made to cover the deficit at year end in the criminal court clearing fund.

(16) Federal Financial Assistance Programs

Amounts received or receivable from grantor agencies are subject to audit and adjustment by the federal grantor agencies. No provision has been made in the financial statements for the reimbursement of any expenditures that may be disallowed as a result of such a review or audit.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable J. Phil Haney  
District Attorney of the  
Sixteenth Judicial District  
Parishes of Iberia, St. Martin  
and St. Mary, Louisiana  
New Iberia, Louisiana 70560

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District Attorney of the Sixteenth Judicial District, as of and for the year ended December 31, 2006, which collectively comprise the District Attorney's basic financial statements, and have issued our report thereon dated May 1, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District Attorney of the Sixteenth Judicial District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney of the Sixteenth Judicial District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District Attorney of the Sixteenth Judicial District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that

adversely affects the District Attorney of the Sixteenth Judicial District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District Attorney of the Sixteenth Judicial District's financial statements that is more than inconsequential will not be prevented or detected by the District Attorney of the Sixteenth Judicial District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District Attorney of the Sixteenth Judicial District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney of the Sixteenth Judicial District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

### Compliance

We have audited the compliance of the District Attorney of the Sixteenth Judicial District, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended December 31, 2006. The District Attorney of the Sixteenth Judicial District's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings, questioned costs and management's corrective action plan. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the District Attorney of the Sixteenth Judicial District's management. Our responsibility is to express an opinion on the District Attorney of the Sixteenth Judicial District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District Attorney of the Sixteenth Judicial District's compliance with those requirements and performing such other procedures

as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District Attorney of the Sixteenth Judicial District's compliance with those requirements.

In our opinion, the District Attorney of the Sixteenth Judicial District complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2006.

#### Internal Control Over Compliance

The management of the District Attorney of the Sixteenth Judicial District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District Attorney of the Sixteenth Judicial District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District Attorney of the Sixteenth Judicial District's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the District Attorney of the Sixteenth Judicial District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the District Attorney of the Sixteenth Judicial District's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
