**LAFOURCHE PARISH FIRE PROTECTION  
DISTRICT NO. 1  
RACELAND, LOUISIANA**

NOTES TO FINANCIAL STATEMENTS

The Lafourche Parish Council adopted a resolution creating Fire Protection District No. 1 of the Parish of Lafourche, Louisiana and defining and describing the boundaries thereof on May 13, 1953. The District comprises that territory within the present boundaries of Police Jury Wards three and seven of Lafourche Parish. The District has all the rights and powers and privileges granted by and conferred by the Constitution and Statutes of the State of Louisiana, including the right to incur debt, issue bonds, and levy taxes.

Note 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Lafourche Parish Fire Protection District No. 1 (the District) conform to generally accepted accounting principles as applicable to governments.

The following is a summary of certain significant accounting policies:

A.      Reporting Entity

Under Governmental Accounting and Financial Standards Section 2100, the financial reporting entity consists of the primary government and its component units. As the governing authority of the parish, the Lafourche Parish Council is considered to be the primary government for financial reporting purposes for the Parish of Lafourche.

Component units are defined as legally separate organizations for which the elected officials of the primary government are financially accountable. The criteria used in determining whether financial accountability exists include:

1.      Appointing a voting majority of an organization's governing body, and
  - a.      The ability of the council to impose its will on that organization and/or;
  - b.      The potential for the organization to provide specific financial benefits to or imposes specific financial burdens on the council.
2.      Organizations for which the council does not appoint a voting majority but are fiscally dependent on the council.

DISTRICT NO. 1  
RACELAND, LOUISIANA**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A.      Reporting Entity (continued)

3.      Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

The District is considered a component unit of the Lafourche Parish Council, if applying the criteria above. This decision is based on the fact that the Parish Council appoints the voting majority of the Board of Commissioners of the District.

B.      Fund Accounting

The District uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Governmental Funds

Governmental funds are those through which the governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities are accounted for through Governmental Funds. The measurement focus is upon determination of change in financial position, rather than upon net income determination. The Governmental Funds of the District are as follows:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those that are required to be accounted for in another fund.

**LAFOURCHE PARISH FIRE PROTECTION  
DISTRICT NO. 1  
RACELAND, LOUISIANA**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B.      Fund Accounting, (Continued)

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of general long-term obligation principal, interest and related costs.

Capital Projects Fund - The Capital Projects Fund is used to account for the acquisition or construction of general fixed assets.

C.      Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets.

Ad valorem taxes are considered "measurable" at the time of levy. Miscellaneous revenues are recorded as revenues when received in cash by the District because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

D.      Operating Budgetary Data

Budgets are adopted not consistently with generally accepted accounting principles. Annual appropriated budgets are adopted for all governmental fund types and lapse at year-end. The budget is amended by supplemental appropriations as needed during the year to comply with state law.

**LAFOURCHE PARISH FIRE PROTECTION  
DISTRICT NO. 1  
RACELAND, LOUISIANA**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E.      Bad Debts

The financial statements for the District contain no allowance for bad debts. Uncollectible amounts due for ad valorem taxes and other receivables are recognized as bad debts at the time information becomes available which would seem to indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operation of the Fund.

F.      Encumbrances

The District does not utilize encumbrance accounting; under which purchase orders, contracts, and other commitments are recorded in the District's book. The District is on a cash basis for daily operations and this method of accounting is not considered efficient or useful.

G.      Reserves and Designations of Fund Balance

Reserves on the governmental funds represent portions of fund balances that are not appropriate for expenditures or have been segregated for specific future uses, while designations of fund balances represent tentative plans for financial resource utilization in a future period.

H.      Cash and Deposits

Under state law, the District may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the District may invest in United States bonds, treasury notes, or certificates.

**LAFOURCHE PARISH FIRE PROTECTION  
DISTRICT NO. 1  
RACELAND, LOUISIANA**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Cash and Deposits, (Continued)

State law also recognizes that deposits of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes the FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana and certain political subdivisions are allowed as security deposits. Obligation furnished, as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivision.

I. General Fixed Assets

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. The Account Group is not a fund. It is concerned only with the measurement of financial position, not with the measurement of results of operations.

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, including bridges, curbs, etc. are not capitalized. No depreciation has been provided on general fixed assets. Interest costs on fixed assets are not capitalized.

All fixed assets classified as trucks and buildings, and assets purchased since January 1, 1994 are valued at historical cost. All other fixed assets are valued as estimated cost because historical cost was not available. Donated fixed assets are valued at their estimated fair value on the date donated.

J. Long Term Debt

The accounting and reporting treatment applied to long-term obligations associated with a fund are determined by its measurement focus. Long term obligations expected to be financed from governmental funds are accounted for in the General Long Term Debt Account Group, not in the governmental funds.

**LAFOURCHE PARISH FIRE PROTECTION  
DISTRICT NO. 1  
RACELAND, LOUISIANA**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

J. Long Term Debt, (Continued)

The Long Term Debt Account Group is not a "fund". It is concerned only with the measurement of financial position, not with the measurement of results of operations.

K. Total (Memorandum Only) Columns on Combined Statements

The total columns on the combined statements - overview are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present the financial position or the results of operations, in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Note 2

DEPOSITS AND INVESTMENTS

At December 31, 2000 the District has book balances (all deposits) of \$90,493 and bank balances totaling \$90,712. These deposits are stated at cost, which approximates market. Under state law, federal deposit insurance or the pledge of securities owned by the fiscal agent bank must secure these deposits (or the resulting bank balances). The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

The District's December 31, 2000 deposits are secured from risk by \$90,493 of federal deposit insurance and \$378,420 of pledged securities held by the custodial bank in the name of the fiscal agent bank.

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

Note 3      AD VALOREM TAXES

Note 8 Risk Management

The District is exposed to various risks of loss related to tort; theft of, damage to, or destruction of assets; errors and omissions; and injuries to the public; and natural disasters. To protect against these risks, the District has purchased commercial or other insurance for the losses to which it is exposed.

Note 9 Prior Period Adjustment

The District adjusted various beginning balance sheet balances. The District made an adjustment to its beginning fund balance to reflect the correct accounting for the accrual of its ad valorem tax revenue. In previous years, the District reflected the ad valorem taxes levied in November of the reporting year as revenue for that year. Properly, the ad valorem taxes levied, including the portion collected in December of that year are to be used in the next year to fund activities and debt to be paid in the next year.

Raceland, Louisiana

We have performed the procedures included in the *Louisiana Government Audit Guide* and enumerated below, which were agreed to by the management of Lafourche Parish Fire Protection District No. 1, (the District) and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating the management's assertions about the District's compliance with certain laws and regulations during the year ended December 31, 2000 included in the accompanying *Louisiana Attestation Questionnaire*. 7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues and expenditures exceed budgeted amounts by more than 5%.

(b) Determine if payments were properly coded to the correct fund and general ledger account, and

Six of the payments were properly coded to the correct fund and general ledger account.

(c) Determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the Board of Commissioners. In addition, each of the disbursements was traced to the District's minute book where they were approved by the full commission.

There are no employees of the District.

Our prior year audit report, covering the two years ended December 31, 1999 dated February 14, 2001, did not include any comments or unresolved matters.

We were not engaged to, and did not; perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

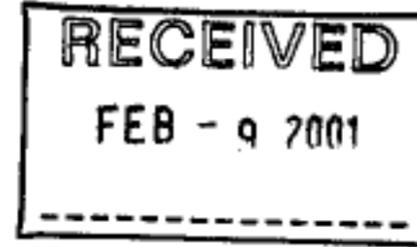

This report is intended solely for the information of the management and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes.
