INDEPENDENT AUDITOR'S REPORT

The Honorable Steve E. Pylant
Franklin Parish Sheriff
Winnsboro, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Franklin Parish Sheriff, as of and for the year ended June 30, 2009, which collectively comprise the Franklin Parish Sheriff's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Franklin Parish Sheriff's management. Our responsibility is to express an opinion on these financial statements based on our audit.

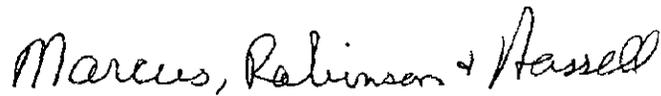

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Franklin Parish Sheriff, as of June 30, 2009, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated January 14, 2010, on our consideration of the Franklin Parish Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of the audit.

The Management's Discussion and Analysis and the Budgetary Comparison Schedules are not a required part of the basic financial statements but are supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Franklin Parish Sheriff's basic financial statements. The accompanying other supplemental information, as listed in the table of contents, is presented for the purposes of additional analysis and is not a required part of the basic financial statements of the Franklin Parish Sheriff. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

As Management of the Franklin Parish Sheriff's Department, I offer readers of the Franklin Parish Sheriff's Department financial statements this narrative overview and analysis of the financial activities of the Franklin Parish Sheriff's Department for the fiscal year ended June 30, 2009. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

Financial Highlights:

- Revenue of the sheriff exceeded expenditures by \$192,306.00.
- DOC inmates housing revenue was \$7,458,816.00.

Overview of the Financial Statements:

This discussion and analysis provides an overview of the sheriff's basic financial statements. The statement of net assets and the statement of activities (Governmental-wide financial statements) provide information about the financial activities as a whole and illustrate a long-term view of the sheriff's finances. The balance sheet and statement of revenues, expenditures and changes in fund balance - Governmental fund tell how these services were financed in the short term as well as what remains for future. The report also contains other supplementary information in addition to the basic financial statements themselves.

In the Independent Auditors Report, the auditor assures that the Basic Financial Statements are accurately and fairly stated. This Independent Auditors Report should be used to judge the level of assurances provided for each portion in the financial section.

Government – wide Financial Statements:

These financial statements are used to present a general overall look at the finances of the Franklin Parish Sheriff's Department similar to a private sector business.

Statement of Net Assets. By determining the difference between the assets and the liabilities of the Franklin Parish Sheriff's Department "Net Assets" is determined. By

comparing statements of Net Assets over a period of time, the overall financial trend of the sheriff can be monitored.

Statement of Activities. This statement shows changes in the sheriff's net assets during the course of the fiscal year and includes revenues and expenses for items such as earned and accumulated but unused leave, which is going to effect cash flows in future fiscal years. The Statement of Activities reports all changes to net assets as soon as the event affecting net assets occurs.

Fund Financial Statements – To comply with finance related legal requirements, the Franklin Parish Sheriff's Department groups related accounts into funds. Fund accounting is used by state and local governments to manage revenues or resources designated for specific purpose. These funds can be divided into two categories: governmental funds and agency or fiduciary funds.

Government Funds – information contained in these funds may be used to determine a government's immediate or near-term financing needs since the focus of governmental fund financial statements is on immediate or near term revenues and expenses and not only on balances available at the end of the fiscal year.

Governmental funds account for the same functions as governmental activities found in the government-wide statements but is presented with a more narrow focus. The reader may find it helpful to draw a comparison between the information presented in the governmental funds with information presented for governmental activities in the government-wide financial statements to better understand the long range impact of decisions made for near-term financing. One may choose to use the reconciliation provided for the governmental fund balance sheet and governmental fund statement of revenue, expenditures, and changes in fund balances to more clearly draw the comparison between these governmental funds and governmental activities.

A budgetary comparison statement is provided to demonstrate compliance with the sheriff's annual adopted appropriated budget.

Agency (Fiduciary) Funds – these funds are used to manage monies and resources held by the sheriff on behalf of others, such as inmate trust deposits, taxes, fines, and bonds. Since these resources do not belong to the sheriff and are not available to support the operations of the sheriff, they are not reflected on the government-wide financial statements.

Notes to the Financial Statements – These notes provide additional information which is helpful in understanding the data presented in the government-wide and fund financial statements.

Other information – this report provides certain required supplementary information above and beyond the basic financial statements and accompanying notes regarding the financial activities of the Franklin Parish Sheriff's Department.

Government – wide Financial Analysis

Net assets may be used to track the sheriff's financial trend over the course of several fiscal years. As of June 30, 2009, the Franklin Parish Sheriff's excess of assets over liabilities is \$12,613,188. Of the sheriff's assets, \$6,409,658 is fixed assets (land, buildings, & equipment) and is not available for future spending. This fixed assets amount is approximately 50.8172% of the total assets. Allowance has been taken for outstanding debt incurred for the purchase of these fixed assets. The value of capital outlay assets is calculated as net, after allowance for outstanding debt, but the revenue to repay this debt must be generated from other sources.

Financial Analysis of the Government's Funds

Fund accounting is used by the Franklin Parish Sheriff's Department to demonstrate its compliance with finance related legal requirements and to provide information used in determining the government's financing needs. Governmental funds are used to provide information on near-term inflows, outflows, and expendable resource balances. The unreserved fund balance may be used to gauge the government's end of year net resources that will be available for spending.

The Franklin Parish Sheriff's Department's combined governmental fund balances as of June 30, 2009, is \$6,905,245. The June 30, 2008, combined governmental fund balance was \$6,712,939. This is an increase of \$192,306. Of the June 30, 2009, balances \$6,021,225 is unreserved and undesignated.

General Fund Budgetary Highlights

While expenditures reported on the final budget are greater than projected expenditures at the beginning of the year, the final adopted budget for June 30, 2009 reflects an increase in revenue over the original budget for the fiscal year. This is the result of slight increases in most revenue generating resources but primarily from an increase in revenue from housing inmates.

Capital Asset and Debt Administration:

Capital Assets: The Franklin Parish Sheriff's Department's investment in capital assets for its governmental activities as of June 30, 2009 amounts to \$6,409,658 (net of accumulated depreciation). Fixed assets increased by \$174,725 for the year.

Long-Term Debt: Total outstanding long-term debt for the Franklin Parish Sheriff's Department as of June 30, 2009 is \$720,507. Of this amount \$630,000 will be paid during fiscal year 2010. Outstanding debt was decreased by \$609,454 during fiscal year 2009 and the remaining balance will be paid according to the debt agreements.

Request for Information

This report may be used by all persons with an interest in the financial status of the Franklin Parish Sheriff's Office. It is designed to help the reader gain a general overall view of the sheriff's finances. Any question or request for additional information should be addressed to the Franklin Parish Sheriff's Office, 6556 Main Street, Winnsboro, Louisiana, 71295.

STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2009

Total Net Change in Fund Balances - Governmental Funds (Statement E) 192,306

Amounts reported for governmental activities in the
Statement of Activities are different because:

Bond issuance costs are reported in government funds as expenditures. However, in the Statement of Activities, the bond issuance costs are allocated over the term of the bond as amortization expense. This is the amount by which bond issuance cost expense exceeds amortization expense for the period:

Amortization	<u>(18,792)</u>	(18,792)
--------------	-----------------	----------

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful life as depreciation expense. This is the amount by which depreciation exceeds capital outlay for the period:

Capital Outlays	179,162	
Depreciation	<u>(410,493)</u>	(231,331)

In the statement of activities, the gain or loss on the retirement of assets is reported, whereas in the governmental funds it is not. The change in net assets differs from the change in fund balance by the cost of the assets retired net of accumulated depreciation.

(4,437)

Repayment of loan principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities in the Statement of Net Assets.

610,000

In the Statement of Activities, certain operating expenses - K-time - are measured by the amounts earned or used during the year. In the governmental funds, however, expenditures for those items are measured by the amount of financial resources used (actually paid).

WINNSBORO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

INTRODUCTION

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas. As the chief law enforcement officer of the parish, the sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through establishment of neighborhood watch programs, anti-drug abuse programs, etc. In addition, when requested, the sheriff provides assistance to other law enforcement agencies within Franklin and surrounding parishes.

As the ex-officio tax collector of the parish, the sheriff is responsible for collecting and distributing ad valorem property taxes, state revenue sharing funds, sporting licenses, and fines, costs and bond forfeitures imposed by the district court.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Franklin Parish Sheriff have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis for State and Local Governments. Certain of the significant changes in the Statement include the following:

- A Management Discussion and Analysis (MD&A) section providing an analysis of the Sheriff's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all the Sheriff's activities.

B. REPORTING ENTITY

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Codification 2100, the sheriff includes all funds, account groups, activities, etc. that are controlled by the sheriff as an independently elected parish official. As an independently elected parish official, the sheriff is solely responsible for deficits, and the receipt and disbursement of funds. Other than certain operating expenditures of the sheriff's office that are paid by the parish police jury as required by Louisiana law, the sheriff is financially independent. Accordingly, the sheriff is a separate governmental reporting entity. Certain units of local government over which the sheriff exercises no oversight responsibility, such as the parish police jury, parish school board, other independently elected parish officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the parish sheriff.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. BASIC FINANCIAL STATEMENTS - GOVERNMENT-WIDE STATEMENTS

The sheriff's basic financial statements include both government-wide (reporting the sheriff as a whole) and fund financial statements (reporting the sheriff's major fund). Both government-wide and fund financial statements categorize primary activities as either governmental or business type. All activities of the sheriff are classified as governmental.

The Statement of Net Assets (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the sheriff, except for fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

In the Statement of Net Assets, governmental activities are presented on a consolidated basis and are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term obligations. Net assets are reported in three parts: invested in capital assets, net of any related debt; restricted net assets; and unrestricted net assets.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) are derived directly from parties outside the sheriff's taxpayers or citizenry. Program revenues reduce the cost of the function to be financed from the sheriff's general revenues.

Allocation of Indirect Expenses - The sheriff reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

D. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS

The financial transactions of the sheriff are reported in individual funds in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Fund financial statements report detailed information about the sheriff. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

D. BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS, Continued

A fund is a separate accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The sheriff's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the sheriff are described as follows:

Government Fund Types

General Fund - The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the sheriff and is used to account for the operations of the sheriff's office. The various fees and charges due to the sheriff's office are accounted for in this fund. General operating expenditures are paid from this fund.

Debt Service Fund - The Debt Service Fund is used to account for long-term debt payments.

Fiduciary Fund Type - Agency Funds

The agency funds are used as depositories for civil suits, cash bonds, taxes, fees, etcetera. Disbursements from the funds are made to various parish agencies, litigants in suits, etcetera, in the manner prescribed by law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

E. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made regardless of the measurement focus applied.

1. Accrual:

Both governmental and business type activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

FRANKLIN PARISH SHERIFF
WINNSBORO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

2. Modified Accrual, Continued

Governmental funds and the fiduciary type agency funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The sheriff considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and attach as an enforceable lien and become due and payable on the date the tax rolls are filed with the recorder of mortgages. Louisiana Revised Statute 47:1993 requires that the tax roll be filed on or before November 15 of each year. Ad valorem taxes become delinquent if not paid by December 31. The taxes are normally collected in December, January and February of the fiscal year.

Intergovernmental revenues and fees, charges, and commissions for services are recorded when the sheriff is entitled to the funds. Interest income on time and demand deposits is recorded when the time deposits have matured and the income is available. Substantially all other revenues are recognized when received by the sheriff. Based on the above criteria, intergovernmental revenue and fees, charges, and commissions for services are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

F. SALES AND USE TAX

The Franklin Parish Sheriff is authorized to collect a one percent sales and use tax within Franklin Parish. The proceeds of the tax, after payment of costs for collecting and administering the tax, are dedicated to constructing, maintaining and operating a jail facility and offices for the Franklin Parish Sheriff, including the payment of salaries for the operation of the jail facilities. The tax was approved for an indefinite time period; however, on March 10, 1993, the voters approved a referendum changing the indefinite expiration date to June 1, 2010. On July 21, 2007, the voters approved a one-half percent sales and use tax within Franklin Parish. The proceeds of the tax, after payment of costs for collection and administering the tax, are dedicated for general operations. The tax was approved for five years starting January 1, 2008 and expiring on December 31, 2012. Upon the passing of this tax, the sheriff defeased the current one percent sales and use tax, effective December 31, 2007.

G. ENCUMBRANCES

Encumbrance accounting is not used in the sheriff's operations.

H. CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes amounts in demand deposits, interest bearing demand deposits, and time deposits. Under state law, the sheriff must deposit funds in demand deposits, interest bearing demand deposits, money market accounts or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Tax collections must be deposited in a bank domiciled in the parish where the funds are collected.

I. INVENTORY

Inventory at June 30, 2009, consists of commissary items purchased during preceding months. Inventory items are valued at unit prices established by purchase prices paid for purchased items. Amounts are recorded as expenditures under the consumption method using the First-In, First-Out (FIFO) cost flow assumption.

J. CAPITAL ASSETS

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The sheriff maintains a threshold level of \$5,000 or more for capitalizing capital assets.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes by the sheriff, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Depreciation</u>	<u>Estimated Lives</u>
Vehicles	5 Years
Furniture & Fixtures	10-20 Years
Buildings	40 Years

K. RISK MANAGEMENT

The sheriff's office is exposed to various risks related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Louisiana law provides that the sheriff may join with other sheriffs to form an interlocal risk management agency for the development and administration of an interlocal risk management program. The Franklin Parish Sheriff has joined together with other sheriffs to form the Louisiana Sheriff's Risk Management Program, a public entity risk pool currently operating as a common risk management and insurance program for Louisiana sheriffs. The sheriff pays an annual premium to the pool for its general and professional liability insurance coverage.

FRANKLIN PARISH SHERIFF
WINNSBORO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

K. RISK MANAGEMENT, Continued

The agreement for formation of the Louisiana Sheriff's Risk Management Program, administered by the Louisiana Sheriff's Association, provides for the pool to be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$3,000,000 for each insured event. The sheriff estimates the range of contingent losses, if any, to be borne by the government will not exceed the available insurance coverage.

The Louisiana Sheriff's Risk Management Program has published its own financial report which can be obtained from the Louisiana Sheriff's Association, 1175 Nicholson Drive, Baton Rouge, LA 70804.

In addition to the above, the sheriff has obtained commercial insurance for all the aforementioned risks and settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

L. COMPENSATORY TIME (K-TIME)

Compensatory Time (K-time) represents a one and one-half credit for each hour of overtime worked. The maximum for law enforcement personnel (deputies, detectives and guards) is 480 K-time hours which represent not more than 320 hours of actual overtime worked. The maximum for non-law enforcement personnel is 240 K-time hours which represents 160 hours of actual overtime worked. Employees may take K-time as compensated time-off.

An employee shall upon termination be paid for the unused K-time at a rate of compensation not less than: a) the average regular rate received by such employee during the last three years of employment or b) the final regular rate, whichever is higher. All overtime work in excess of K-time limits must be paid in the period earned.

M. BAD DEBTS

Uncollectible accounts receivable are charged directly against earnings when they are determined to be uncollectible. Use of this method does not result in a material difference from the valuation method required by generally accepted accounting principles. Management feels all receivables at year end are collectible and no allowance for bad debts is necessary.

N. ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

O. BUDGET PRACTICES

The proposed budget for the fiscal year ended June 30, 2009, was made available for public inspection on June 13, 2008. The proposed budget, prepared on the modified accrual basis of accounting, was published in the official journal as required prior to the public hearing, which was held at the Franklin Parish Sheriff's office June 13, 2008, for comments from taxpayers. The budget was legally amended May 13, 2009, by the sheriff.

**FRANKLIN PARISH SHERIFF
WINNSBORO, LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009**

O. BUDGET PRACTICES, Continued

All expenditure appropriations lapse at year end. Unexpended appropriations and any excess of revenues over expenditures are carried forward to the subsequent year as beginning fund balances.

P. INVESTMENTS

Under state law, the sheriff may invest in United States bonds, treasury notes or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. The sheriff reports United States Treasury bills and notes as investments.

Q. VACATION AND SICK LEAVE

Employees earn two weeks of noncumulative vacation leave and one week of noncumulative sick leave each year. There are no accumulated or vested benefits relating to vacation and sick leave that require accrual or disclosure to conform with generally accepted accounting principles.

R. BOND DISCOUNT

The discount paid at the time of the bond refinancing is being amortized on the straight-line method over the life of the new bonds.

S. BOND PREMIUM

The premium paid at the time of the bond refinancing is being amortized on the straight-line method over the life of the new bonds.

T. PREMIUM ON INVESTMENTS

The premium paid at the time of investment acquisition is being amortized on the straight-line method over the life of the investment.

NOTE 2 - LEVIED TAXES

Act 689 of the regular session of the Louisiana Legislature of 1976 provided initial financing authorization for the levy of an ad valorem tax millage for the law enforcement district. Voters of the district subsequently approved an increase in the ad valorem tax beyond initial authorization. The following is a summary of authorized and levied ad valorem taxes:

	<u>Authorized Expiration</u>	<u>Levied Millage</u>	<u>Millage</u>
Constitutional	Indefinite	7.92	7.92

NOTE 3 - CASH AND CASH EQUIVALENTS

For the purpose of these financial statements, the sheriff considers cash and cash equivalents to be amounts held in demand deposits, interest bearing demand deposits, and time deposits.

At June 30, 2009 the sheriff has cash and cash equivalents (book balances) totaling \$6,845,437 as follows:

	<u>Statement of Net Assets</u>	<u>Statement of Fiduciary Net Assets</u>	<u>Total</u>
Petty Cash	1,300	-0-	1,300
Demand Deposits	<u>6,137,861</u>	<u>706,276</u>	<u>6,844,137</u>
<u>TOTAL</u>	<u>6,139,161</u>	<u>706,276</u>	<u>6,845,437</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2009, the sheriff has \$6,874,137 in deposits (collected bank balances). These deposits are secured from risk by \$2,111,071 of federal deposit insurance and \$7,692,330 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the sheriff that the fiscal agent has failed to pay deposited funds upon demand.

The sheriff was under-collateralized by \$97,344 at Winnsboro State Bank, \$68,553 at Citizens Progressive Bank and \$119 at Farm Bureau Bank.

NOTE 4 - RECEIVABLES

The receivables at June 30, 2009, are as follows:

<u>Class of Receivable</u>	<u>General Fund</u>	<u>Agency Fund</u>	<u>Total</u>
Grants	20,275	-0-	20,275

NOTE 6 - PENSION PLAN

Substantially all employees of the Franklin Parish Sheriff's office are members of the Louisiana Sheriffs' Pension and Relief Fund (the System), a multiple-employer (cost sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. All sheriffs and deputies who are found to be physically fit, earn at least 400 per month, and who were at least 18 years of age at the time of original employment are required to participate in the System. Employees are eligible to retire at or after age 55 with at least 12 years of credited service and receive a benefit, payable monthly for life, equal to a percentage of their final-average salary for each year of credited service. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw employee contributions may retire at age 55 and receive the benefit accrued to their date of termination as indicated previously. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial equivalent of the benefit to which they would otherwise be entitled at age 55. The System also provides death and disability benefits. Benefits are established or amended by State statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Sheriffs' Pension and Relief Fund, 6554 Florida Boulevard, Suite 215, Baton Rouge, Louisiana 70806, or by calling (800) 586-9049.

NOTE 6 - PENSION PLAN, Continued

Plan members are required by state statute to contribute 10.0% of their annual covered salary and the Franklin Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 11.00% of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the Franklin Parish Sheriff are established and may be amended by state statute. As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Franklin Parish Sheriff's contributions to the System for the years ending June 30, 2009, 2008 and 2007 were \$393,171, \$392,287 and \$328,215, respectively, equal to the required contributions for each year.

NOTE 7 - POSTEMPLOYMENT BENEFITS

All full-time employees of the Franklin Parish Sheriff's Department may at their option participate in the sheriff's association group health insurance program. Upon retirement during Sheriff Steve E. Pylant's administration with twenty-four years of service the employee may continue his coverage with the same benefits payable to active employees. The Franklin Parish Sheriff's portion of the post-retirement benefit for health insurance is funded on a pay-as-you-go basis. During the year ended June 30, 2009, the Franklin Parish Sheriff recognized estimated expenditures for post-retirement health benefits as follows:

	<u>Average Number of Estimated Participants</u>	<u>Amount</u>
Health Insurance	2	9,993

NOTE 8 - CHANGES IN AGENCY FUNDS

Bonds payable at June 30, 2009 are comprised of the following General Obligation Bonds:

\$3,500,000 Franklin Parish Law Enforcement Public Improvement Bonds Series 2004, due in annual installments. Interest is payable semi-annually at rates ranging from 2.0% to 4.0% 630,000

Interest expense for the year was \$31,025.

The annual requirements to amortize the bonds outstanding at June 30, 2009, including interest of \$16,538 on the Series 2004 bonds are as follows:

<u>For the Year Ending June 30:</u>	<u>Series 2004</u>
2010	<u>646,538</u>

The bond authorization agreement requires that, as of any date, there must be on reserve "the lesser of (1) 10 percent of the proceeds of the bonds and any additional parity bonds therefore issued and delivered, and (2) the maximum principal and interest requirements in any succeeding bond year (sinking fund year) on the bonds and any additional parity bonds therefore issued and delivered." At June 30, 2009, the sheriff has deposited the required reserve amount of \$377,736 in a bond reserve account, which is reported in the General Fund as a reserve of fund balance.

The Sheriff has placed in an escrow account \$622,809 for the payment on the 2004 Series Bonds. These funds are invested in state and local government securities. These securities will be used to pay the bonds as they mature.

**FRANKLIN PARISH SHERIFF
WINNSBORO, LOUISIANA
NOTE TO BUDGETARY COMPARISON SCHEDULE
FOR THE YEAR ENDED JUNE 30, 2009**

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the Franklin Parish Sheriff's office during the month of June for comments from taxpayers. The budget is then legally adopted by the sheriff and amended during the year, as necessary. The budget is established and controlled by the sheriff at the object level of expenditure. Appropriations lapse at year end and must be reappropriated for the following year to be expended.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying budgetary comparison schedule include the original adopted budget amounts and all subsequent amendments.

OTHER SUPPLEMENTAL INFORMATION

PART III

**FRANKLIN PARISH SHERIFF
WINNSBORO, LOUISIANA
SUPPLEMENTAL INFORMATION SCHEDULES
FOR THE YEAR ENDED JUNE 30, 2009**

FIDUCIARY FUND TYPE - AGENCY FUNDS

These funds account for assets held by the sheriff department in a trust or agency capacity.

LICENSE FUND

The License fund is a depository for occupational licenses. Payments are made from the fund to the Sheriff's General Fund and the Franklin Parish Police Jury.

CRIMINAL FUND

The Criminal fund is a depository for fines, forfeitures, and costs in criminal cases. Payments are made from the fund to the Sheriff's General Fund, police jury, district attorney, clerk of court, and other recipients in accordance with applicable laws.

CIVIL FUND

The Civil Fund is a depository for collection of funds in civil suits, sheriff's sales, and garnishments. Payments of these collections to recipients are made in accordance with applicable laws.

WORK RELEASE PROGRAM FUND

The Work Release Program Fund accounts for funds paid to the Sheriff's office for the Work Release Program. The funds are then disbursed to the inmates or the inmate trust fund and the sheriff's general fund.

TAX COLLECTION FUND

Article V, Section 27 of the Louisiana Constitution of 1974 provides that the sheriff will serve as the collector of state and parish taxes and fees. The Tax Collection Fund accounts for the collection and distribution of these taxes and fees to the appropriate taxing bodies.

INMATE TRUST FUND

The Inmate Trust Fund accounts for funds of inmates that are used for personal items purchased by the inmates at the concessions store located at the detention center. Remaining balances to the credit of a prisoner are refunded upon release or transfer to another prison.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Steve E. Pylant
Franklin Parish Sheriff
Winnsboro, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Franklin Parish Sheriff as of and for the year ended June 30, 2009, which collectively comprise the Franklin Parish Sheriff's basic financial statements and have issued our report thereon dated January 14, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Franklin Parish Sheriff's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Franklin Parish Sheriff's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Franklin Parish Sheriff's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a *certain deficiency in internal control over financial reporting that we consider to be a significant deficiency.*

+

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Franklin Parish Sheriff's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Franklin Parish Sheriff's financial statements that is more than inconsequential will not be prevented or detected by the Franklin Parish Sheriff's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs (Items 2009-01, 2009-02 and 2009-03) to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Franklin Parish Sheriff's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that the significant deficiency described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Franklin Parish Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Franklin Parish Sheriff's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Franklin Parish Sheriff's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Franklin Parish Sheriff, management of the Sheriff's office, interested state agencies, and the Legislative Auditor of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of these reports may be limited, under Louisiana Revised Statute 24:513 this report is distributed by the office of the Louisiana Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2009

PART I - SUMMARY OF THE AUDITOR'S RESULTS

Financial Statement Audit

- i. The type of audit report issued was unqualified.
- ii. There was one significant deficiency required to be disclosed by Government Auditing Standards issued by the Comptroller General of the United States of America. The significant deficiency was not considered to be a material weakness.
- iii. There were no instances of noncompliance considered material, as defined by the Government Auditing Standards, to the financial statement.

Audit of Federal Awards

- iv. There were no reportable conditions required to be disclosed by OMB Circular No. A-133.
- v. There were no major federal programs for the year ended June 30, 2009.
- vi. The audit disclosed no audit findings which the auditor was required to report under OMB Circular A-133, Section 510 (a).
- vii. The dollar threshold used to distinguish between Type A and Type B programs as described in OMB Circular No. A-133, Section 520 (b) was \$300,000.
- viii. The auditee does qualify as a low-risk auditee under OMB Circular A-133, Section 530.

PART II - FINDING(S) RELATING TO THE FINANCIAL STATEMENTS WHICH ARE REQUIRED TO BE REPORTED IN ACCORDANCE WITH GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS:

Findings, Reference #, and Title: 2009-01

Lacking sufficient capable expertise to prepare financial statements and related footnote disclosures.

Condition:

Management does not have sufficient capable expertise to prepare financial statements and related footnote disclosures.

Recommendation:

No action recommended.

Management's Response and Planned Corrective Action:

We concur with the finding, but it is not economically feasible for corrective action to be taken.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2009

Findings, Reference #, and Title: 2009-02

Under-collateralized Funds

Condition:

The Franklin Parish Sheriff Department had under-collateralized funds in Winnsboro State Bank, Citizens Progressive Bank, and Farm Bureau Bank.

Recommendation:

Our recommendation is for the chief financial officer to review the pledged securities reports and compare them with funds on deposit at each bank. This should be done on a monthly basis.

Management's Response and
Planned Corrective Action:

We concur with the finding. We will follow the auditor's recommendation.

Findings, Reference #, and Title: 2009-03

Late filing of Audit Report with Legislative
Auditor

Condition:

The Franklin Parish Sheriff has not fully completed their requirements with the provisions of R.S. 24:513 regarding the timing of report filing with the Legislative Auditor. Current requirements are that the reports be filed with the Legislative Auditor within six months of the Franklin Parish Sheriff's year end.

Recommendation:

The Franklin Parish Sheriff should work more closely with their CPA to ensure the reporting of their financial information in a timely manner.

Management's Response and
Planned Corrective Action:

We concur with the finding. We will follow the auditor's recommendation.
